1. DESCRIPTION OF PLAN:

The following description of the Cincinnati Museum Association 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a cash or deferred arrangement covering substantially all full-time employees of the Cincinnati Museum Association (the "Association" or "Employer") who are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, eligible participants may contribute up to 90 percent of pre-tax compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute after-tax Roth elective contributions, which are treated as elective contributions for all purposes of the Plan, and amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated fund until changed by the participant. Annually on October 1, the amount will increase by 1 percent up to a maximum of 4 percent of eligible compensation.

The Association contributes 100 percent on the first 2 percent of eligible compensation that a participant contributes to the Plan. To be eligible to receive the matching contributions, a participant must have completed one year of service. The matching contribution is invested in the participant's investments.

At the discretion of the Association's board of directors, a profit sharing contribution may be made. To be eligible for the profit sharing contribution, participants must have attained age 21, have earned one year of service and be employed on the last day of the Plan year. No profit sharing contribution was made for the year ended August 31, 2016.

Participant accounts

Each participant's account is credited with the participant's contributions, the Association's match contribution, an allocation of the Association's discretionary profit sharing contribution, if any, and Plan earnings. Allocations of Association profit sharing contributions are based on participant earnings, as defined by the Plan. Allocations of Plan earnings are based upon the performance of the investment funds chosen by the participant. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Association's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after three years of credited service.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50 percent of his or her vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1 percent. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Upon termination of service, death, disability or retirement, a participant may elect to receive their vested balance in the Plan using any of the distribution methods provided for in the Plan Document. A hardship distribution may also be made under certain financial hardship conditions.

The Plan includes mandatory distribution provisions. These provisions provide for terminated participants with vested balances of less than \$5,000 (excluding monies from rollovers) to receive a lump-sum distribution as soon as practicable following termination of their employment.

Forfeited accounts

Forfeited nonvested accounts as of August 31, 2016 and 2015 were \$5,558 and \$4,211, respectively. Forfeitures can be used to reduce future employer contributions or offset administrative expenses. Forfeitures of \$3,063 were used to offset employer contributions to the Plan during the year ended August 31, 2016.

Reclassifications

Certain amounts in the 2015 financial statements have been reclassified to conform to the current year presentation.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**Basis of accounting**

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as

administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of August 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Operating expenses

Certain expenses of maintaining the Plan are paid directly by the Association and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through March 28, 2017, the date the financial statements were available to be issued.

3. ACCOUNTING CHANGES:

Recently issued accounting pronouncements—The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date – Practical Expedient." ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with earlier adoption permitted. The Plan has elected to early adopt Parts I and II of ASU 2015-12, applied retrospectively to all periods presented. Part III is not applicable to the Plan. These changes have no impact on net assets available for benefits.

Additionally, the FASB issued ASU 2015-07, "Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or Its Equivalent)." ASU 2015-07 simplifies disclosures and reporting on investments valued at net asset value as a practical expedient. ASU 2015-07 is effective for fiscal years beginning December 15, 2016, with earlier adoption permitted. The Plan elected to early adopt ASU 2015-07, applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

- Level 2 Inputs to the valuation methodology include
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2016 and 2015.

Mutual funds: Valued at the daily quoted closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidated will be carried out in an orderly business manner.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of August 31, 2016 and 2015.

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, if the Plan is ever terminated, the interest of each participant would become 100 percent vested and would be distributed in single lump sum payments.

6. INCOME TAX STATUS:

The prototype Plan sponsor has obtained its latest opinion letter dated July 16, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). While the Association has not obtained its own determination letter on the Plan, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

The Plan remits certain trustee, administration and record keeping fees to Reliance Trust Company and State Street Bank and Trust Company, the trustees. The Association pays other administration expenses of the Plan and also provides certain administrative services at no cost to the Plan.

8. INFORMATION CERTIFIED BY THE TRUSTEES:

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the former trustee of the Plan, has certified the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of August 31, 2015 and the related investment activity reflected in the statement of changes in net assets available for benefits for the period from September 1, 2015 to June 30, 2016. On July 1, 2016, the trustee of the Plan was changed to Reliance Trust Company. Reliance Trust Company has certified to the completeness and accuracy of all of the investments reflected on the accompanying statement of net assets available for benefits and the schedule of assets (held at end of year) as of August 31, 2016, and the related investment activity reflected in the statement of changes in net assets available for benefits for the period from July 1, 2016 to August 31, 2016.

9. RISKS AND UNCERTAINTIES:

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at August 31, 2016 and 2015 to Form 5500:
