INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
indiGO Auto Group 401(k) Plan
Houston, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of indiGO Auto Group 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year December 31, 2015 then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, in December 31, 2015 and 2014, the Plan adopted new accounting guidance FASB ASU 2015-12. Our opinion is not modified with respect to this matter.

Other Matters

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

indiGO Auto Group 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

1. Plan description, eligibility and funding policies:

General

The following description of the indiGO Auto Group 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan is a self-directed, defined contribution plan, covering all full-time employees of indiGO Auto Group (the “Company”) who meet the eligibility requirements detailed below. It is subject to the provisions of the Employee Retirement Security Income Act of 1974 (“ERISA”).

The Company and its board of directors coordinate and manage the administration of the Plan. State Street Bank and Trust (“State Street”) is the trustee of the Plan. The Plan’s record keeper for all periods presented was ADP Retirement Services, Inc. (“ADP”).

Eligibility

In order to participate in the Plan you must be at least age 21 and have completed 3 months of service. You will receive credit for one month of service for each month in which you complete one hour of service. An hour of service is any hour for which you are paid or are entitled to payment. If you are absent from employment with the Employer because of qualified military service, your military service will count as service for the purpose of meeting the Plan’s eligibility requirements. You will become a participant on the first day of the month following the completion of the eligibility requirements.

If you terminate employment after becoming a participant in the Plan, or after satisfying the Plan’s eligibility requirements but before actually becoming a participant, and are later rehired as an eligible employee, you will become a participant in the Plan on the next entry date following your rehire. If you terminate employment before satisfying the Plan’s eligibility requirements and are later rehired, you must satisfy the Plan’s eligibility requirements before you may participate in the Plan.

Contributions

Participant may contribute to pre-tax and after-tax (Roth) elective deferrals up to the dollar limitation provided by law. An eligible employee shall become a participant effective as of the first day of the next month following the date on which such employee met the eligibility requirements. Participants may commence salary deferrals on the effective date of participation and on the first day of each plan month. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions are allowed subject to conditions set forth in the Plan agreement.

indiGO Auto Group 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

1. Plan description, eligibility and funding policies: (cont'd)

The Company may make discretionary matching contributions. In 2015, the Company made discretionary matching contributions equal to 25% of the first 4% of the participant's compensation. Participants must be eligible to participate in the Plan to receive discretionary matching contributions. Participants are immediately vested in discretionary matching contributions.

Participant accounts and vesting

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, and (b) the Plan's earnings and charged with any applicable administrative expenses. Allocations are based on a participant's eligible compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Net assets available for benefits include the accounts of active participants, as well as certain separated, vested and retired participants who have elected to defer receipt of their benefits to a later date. These participants share in the earnings of the investments.

Distributions to Participants

Participant's accounts become fully vested upon attainment of the normal retirement age of 65, early retirement as defined in the Plan Agreement, or in the event of death or total and permanent disability. After a participant reaches age 59 1/2, they may request an in-service distribution from all accounts. Benefit payments upon termination of employment are distributed as a lump sum, in installments, or if qualified, as an annuity. Distributions may be deferred until the participant reaches the age of 70 1/2 if the value of the distribution is not less than \$5,000. However, the Plan agreement stipulates that minimum distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 70 1/2.

Notes receivable from participants

Participants may borrow the lesser of one-half of their vested account balance or \$50,000 reduced by the participant's highest outstanding loan balance during the last twelve months. Loan terms range from one to five years, unless the note is for the purchase of a principal residence. Notes are secured by the participant's vested account balance to the extent of the unpaid principal amount of the note plus accrued interest and are repaid through payroll deductions. Participants may have one loan outstanding at any time. Interest is earned on the participant loans at the prime rate in effect on the 14th day of the month plus one percent at the inception of the note.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

1. Plan description, eligibility and funding policies: (cont'd)

Plan termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA.

2. Summary of significant accounting policies:

Date of Management's review

Subsequent events were evaluated through October 27, 2016, which is the date the financial statements were available to be issued.

Accounting basis

The financial statements of the Plan have been prepared on an accrual method basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants normally would receive if they were to initiate permitted transactions under the term of the plan.

Change in Accounting Principle

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

indiGO Auto Group 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

2. Summary of significant accounting policies: (cont'd)

Use of estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measure date. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when distributed.

Risks and uncertainties

The Plan provides for various investments. In general, such investments are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the values of securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Administrative expenses

Investment and management fees are charged to participants based upon their investment elections, which vary between the various investment options and funds selected. These fees are charged to the respective investment option or fund in determining its unit value. Certain administrative fees including a base rate per plan, a charge per participant, service fees, and audit fees are paid by the Company.

indiGO Auto Group 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

2. Summary of significant accounting policies: (cont'd)

Federal income taxes

The Plan has adopted a non-standardized profit sharing plan, which obtained its latest opinion letter on July 8, 2014, in which the Internal Revenue Service ("IRS") stated that the prototype document satisfied the applicable provisions of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has conclude that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken. With few exceptions, the federal income tax returns of the Plan are subject to examination by the IRS, generally for three years after they were filed.

3. Parties-in-interest:

The Plan invests in various common/collective trusts offered by an affiliate of State Street, the trustee of the Plan. These investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions of ERISA and the IRC.

4. Information not covered by auditor's report:

The plan administrator has elected the method for compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. According, State Street, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014 and the schedule H, Part IV, Line 4i - schedule of assets (held at end of year) as of December 31, 2015 and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

Fair value measurements

ASC 820, *Fair Value Measurements and Disclosures*, clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable. A summary of the fair value hierarchy under ASC 820 is described below.

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets

Registered investment companies (mutual funds): Valued at net asset value (NAV) of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Level 2 Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Common/collective trusts: Valued at the NAV as reported by such trusts and determined by the trustee of the Plan. The underlying trust fund investments reflect prices based on quoted market prices utilizing public information. The common/collective trusts held by the Plan provide for daily redemptions by the Plan at the reported NAV with no advance notice requirement. The Plan has no unfunded commitments and no contractual obligations to further

indiGO Auto Group 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

5. Investments: (cont'd)

Fair value measurements

Level 3 Inputs to the valuation methodology are unobservable inputs (i.e. projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:
