NOTE 1 - DESCRIPTION OF PLAN

The following description of the Doherty Auto Group 401(k) Plan (f/k/a Memorial Motors Inc. Retirement Savings Plan) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a salary deferral plan covering all full-time employees of Memorial Motors, Inc. (the "Company") who have completed one year of service, consisting of 1,000 hours, and have reached age 18. Effective January 1, 2015, the following employers adopted the Plan: Lakeland Motors, LLC; OK Carz. LLC; Airport Chrysler Dodge Jeep, LLC; Doherty Cycles, LLC; Doherty Cycles Second, LLC; Doherty Motors, LLC; Doherty Motors Second, LLC; Fayetteville Motors, LLC; Lumberton Automotive, LLC, Lumberton Automotive Second, LLC and Venice Motors, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Participants can contribute any amount of their gross wages during the Plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The employer contribution made by the Company is discretionary. During 2015, the Company matched 25% of the first 6% of compensation that the participant contributed, not to exceed $3,150.

Retirement, Death and Disability: A participant is entitled to 100% of his or her vested account balance upon retirement, death, or disability.

Payment of Benefits: Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Benefit amounts under $5,000 are automatically distributed to participants. Participants (or their beneficiaries upon the death of the participant) may elect to receive their vested account balances as a single lump sum, installments or direct rollover to another qualified plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and the Plan earnings and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures: Forfeitures of employer matching contributions are used to offset future employer matching contributions or pay administrative expenses of the Plan. In the event an employee is rehired that previously forfeited employer contributions at separation, the forfeited account balance shall be restored. Forfeitures available for use were $46,183 and $47,407 as of December 31, 2015 and 2014, respectively.

Administrative and Investment Management Expenses: The Plan's record keeper and contract administrator fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan.

Transfers from Other Plan: Effective January 1, 2015, Lakeland Chrysler 401(k) Plan was merged into the Plan. The transfer of $914,482 in net assets of the Lakeland Chrysler 401(k) Plan into the Plan was completed on January 1, 2015.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service as listed below.

Years of Service	Percentage Vested and Nonforfeitable
Less than 2 years	0%
2 year	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through April 20, 2017, which is the date the financial statements were available to be issued.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the plan are prepared under the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from the estimates.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances on the amounts reported in the statement of net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

Investment Valuation and Income Recognition: The Plan's investments other than fully benefit responsive investment contracts are reported at fair value as further described in Notes 4 and 5. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

(Continued)

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS

Substantially all information pertaining to the Plan's investments included in the financial statements, including the associated investment income, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by United of Omaha Life Insurance Company as of December 31, 2014 and for the period of January 1, 2015 through March 30, 2015 and by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company for the period of March 31, 2015 through December 31, 2015**.** This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

> Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
>
> Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
>
> Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts is based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and had redemption prices that are determined by the fund's net asset value per unit.

Collective Investment Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements as of December 31, 2015 Using			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 666	$ -	$ -	$ 666
Pooled separate accounts*	-	-	-	1,209
Collective investment trusts*	-	-	-	2,159,824
Total investments				$ 2,161,699

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient, which includes all investments held as of December 31, 2014, have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan held a fully benefit-responsive investment contract that was reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The contract was terminated during 2015 at contract value due to a change in service provider by the Plan.

Traditional Guaranteed Investment Contract: The Plan held a fully benefit-responsive investment contract with United of Omaha Life Insurance Company (United of Omaha; Issuer). United of Omaha maintained the contributions in its general account. The Issuer guaranteed the Plan a return of principal and interest under the terms of the contract. The interest crediting rate was updated monthly based upon contract provisions, and it may not be less than 0%. United of Omaha's general account was credited with earnings on the underlying investments and was charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's investment contract specified certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The contract limited the circumstances under which the Issuer may terminate the contract. Examples of circumstances which would allow the Issuer to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Issuer was able to terminate the contract at an amount less than contract value.

(Continued)

NOTE 6 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon.

NOTE 7 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the non-standardized prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan held a traditional investment contract and pooled separate accounts issued by United of Omaha Life Insurance Company and the Plan holds mutual funds, pooled separate accounts, and collective investment trusts issued by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. Therefore, these transactions and the Plan’s payment of record keeping fees and investment management fees to United of Omaha Life Insurance Company and to Principal Trust Company qualify as party-in-interest transactions.
