INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and Participants of the
EBO Group, Inc. Employee Stock Ownership Plan

We have audited the accompanying financial statements of the EBO Group, Inc. Employee Stock Ownership Plan and trust (the "Plan"), which comprise the statements of net assets available for benefits as of July 31, 2016, and the related statement of changes in net assets available for benefits for the year ended July 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of July 31, 2016, and the changes in net assets available for benefits for the year ended July 31, 2016, in accordance with accounting principles generally accepted in the United State of America.

Other Matter

The financial statements of the Plan as of July 31, 2015 were audited by predecessor auditors. Their report dated May 12, 2016, expressed an opinion that such financial statements present fairly, in all material respects, the financial status of the Plan as of July 31, 2015, and the changes in its financial status for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of July 31, 2016 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following brief description of the EBO Group, Inc. Employee Stock Ownership Plan and trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

EBO Group, Inc. (the "Company") established the Plan as of August 1, 1983. As of August 1, 1990, the Plan was amended and restated and operates, in relevant part, as an employee stock ownership plan ("ESOP"), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended ("IRC"), and Section 407(d)(6) of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Accordingly, the Plan is administered by individuals appointed by the Board of Directors of the Company. Effective April, 2016, GreatBanc Trust became the Plan's Trustee. Bankers Trust of South Dakota was the Plan's Trustee through April, 2016. The ESOP included all eligible employees of the Company and subsidiaries.

The Plan purchased 6,784 shares of Company common stock and holds the stock in a trust established under the Plan. In December 2014, the Company redeemed 584 shares of the Company's common stock for \$1,398,096. As of July 31, 2016, the Plan holds 6,200 shares of the Company's common stock.

Eligibility - Employees of the Company and its participating subsidiaries are generally eligible to participate in the Plan after one year of service and attaining age twenty-one, providing they worked at least 750 hours during such Plan year. Participants who do not have at least 750 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

Employer Contributions - Each year, the Company may make a discretionary contribution to the Plan. The amount of the contribution will be determined by the Company's Board of Directors. The contribution may be paid in cash or in shares of Company common stock. The contribution will be allocated annually based on each participant's proportion of eligible compensation to total eligible compensation for the Plan year.

Payment of Benefits - Distributions on account of death, disability, or retirement are made in a lump sum in the Plan year of the event.

Distributions due to termination of employment wherein the vested account balance is \$1,000 or less occur automatically during the plan year after the plan year of termination.

PLAN DESCRIPTION AND BASIS OF PRESENTATION (CONTINUED)

Payment of Benefits (Continued)

Distributions due to termination of employment wherein the vested account balance is more than \$1,000 occurs during the sixth full plan year after termination of employment. As determined by the Administrator, accounts will be distributed either in a single lump sum payment or in equal, annual installments over a period generally not exceeding five years. The five-year period will be increased by one year, up to additional four years, for each \$195,000 (or fraction thereof) by which the value of your Company Stock Account exceeds \$985,000. These dollar amounts are subject to cost-of-living adjustments prescribed by the Internal Revenue Service ("IRS").

Accounts may be distributed in cash or in whole and/or fractional shares of Company Stock as determined by the administrator. The value of any fractional shares of Company Stock may be distributed in cash. Distributions in the form of Company Stock require a "put option."

Administrative Expenses - As provided in the Plan agreement, administrative expenses, including third-party administrative expenses, may be paid by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan.

Voting Rights - Each participant is entitled to exercise certain voting rights attributable to the shares allocated to his or her account and is notified by the Trustees prior to the time that such rights are to be exercised. The Trustees are not permitted to vote any allocated share for which instructions have not been given by a participant.

Plan Termination - The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the individuals appointed by the Board of Directors of the Company should direct the Trustees to pay all liabilities and expenses of the trust fund.

Participant Accounts - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Vesting - If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest 20 percent per year of service after the second year of service and are 100 percent vested after six years of service.

PLAN DESCRIPTION AND BASIS OF PRESENTATION (CONTINUED)

Put Option - Under federal income tax regulations, the employer stock that is held by the Plan and its participants that is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification - Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution.

Forfeitures - Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated nonvested account balances allocated to remaining participants at July 31, 2016 totaled \$23,887.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investments in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

EBO GROUP, INC.
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
JULY 31, 2016 AND 2015

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition - The shares of the Company common stock are valued at fair value. See Note Fair Value Measurements for discussion of fair value measurements.

Dividend income is accrued on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

TAX STATUS

The Plan has received a determination letter from the IRS dated September 24, 2013, stating that the Plan is qualified, under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for fiscal years prior to 2013.

ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist primarily of sponsor Company common shares, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

NEW ACCOUNTING PRONOUNCEMENTS

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting*, which simplifies reporting and disclosure requirements for employee benefit plan financial statements. ASU 2015-12 is comprised of three parts: (1) fully benefit-responsive investment contracts, (2) plan investment disclosures and (3) measurement date practical expedient. Part 1 of ASU 2015-12 designates contract value as the only required measure for fully benefit-responsive investment contracts. Part 2 of ASU 2015-12 simplifies and reduces duplicative investment-related disclosures. Part 3 of ASU 2015-12 provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of a month-end date that is closest to the employee benefit plan's fiscal year-end when the fiscal period does not coincide with a month-end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Early adoption is allowed, with retrospective application of Parts 1 and 2 and prospective application of Part 3. Management has elected to adopt parts 1 and 2 early.

PLAN AMENDMENTS

In March 2016, the Plan was amended to allow interim valuations of the Company stock.

In April 2016, a new distribution policy was adopted to change the method of distribution. Accounts with capital accumulations of \$50,000 or less will be distributed in a single lump sum distribution. Accounts with capital accumulations of more than \$50,000 will be distributed in a series of five substantially equal annual installments.

FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of July 31, 2016 and 2015:

Changes in Fair Value of Level 3 Assets and Related Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended July 31, 2016:

	<u>Investment in EBO Group, Inc. Common Stock</u>
Balance, August 1, 2015	\$ 13,609,000
Unrealized losses relating to assets still held at the reporting date	<u>(5,028,200)</u>
Balance, July 31, 2016	<u>\$ 8,580,800</u>

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2016 and 2015.

The fair value of the EBO Group, Inc. common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and fair value of Company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

FAIR VALUE MEASUREMENTS (CONTINUED)

The valuation process involves Plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report which Plan management, along with the ESOP Trustee, reviews in detail, discusses and approves.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock. This is a related party and party-in-interest transaction. As noted in Notes Plan Description and Basis of Presentation and Administration of Plan Assets, the Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through March 21, 2017, the date the financial statements were available to be issued.

In November, 2016, EBO Group, Inc. entered into negotiations with an undisclosed buyer to be purchased. As of the issuance date, negotiations are ongoing.
