NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Alpine 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan and Trust Agreement (Plan Document) for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) Plan established on January 1, 2014. Employees of Alpine Homecare LLC (collectively the Company or Plan Sponsor) are eligible to participate in the Plan once they have completed 3 months of service. Participants may enter the Plan on the following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company functions as the Plan Administrator.

Contributions

Participants may make voluntary salary reductions (participant contributions) up to the maximum amount allowed by the IRS. For 2016 this deferral limit was $18,000. Participants may also rollover amounts from other qualified plans. Participants over the age of 50 are eligible for catch up contributions.

Participant Accounts

Individual accounts are maintained to record participant contributions, rollover contributions, and earnings thereon for each participant. The benefit to which a participant is entitled is the total benefit, which can be provided from the vested portion of these individual accounts.

Vesting

Upon entry into the Plan, participants are 100 percent vested in their participant contributions, rollover contributions and earnings thereon.

Participant Loans

Participants may borrow from their accounts upon written application to and approval by the Plan Administrator. Participants may borrow from their accounts an amount limited to the lesser of $50,000 or one-half of the participant's vested account balance. With certain exceptions, no loans in an amount less than $1,000 will be made. Loans must be repaid within 5 years and bear a reasonable rate of interest.

NOTE 1 - DESCRIPTION OF THE PLAN, CONTINUED

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may request a distribution of their vested account balance from the Plan Administrator. Furthermore, upon approval of the Plan Administrator, participants may be entitled to take hardship distributions. Participants may elect to withdraw all, or a portion of their account while still employed. Participants that have terminated employment and have a vested balance less than $5,000 will receive a distribution as soon as administratively feasible. Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Subsequent Event

Management has evaluated subsequent events through May 11, 2017, the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Administrative Costs

All expenses of maintaining the Plan are paid by the Plan. Investment-related expenses are included in net appreciation of fair value of investments.

Market Risk

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Furthermore, due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes, could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Nationwide Trust Company FSB (Nationwide), the custodian of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the statement of changes in net assets available for benefits for the year ended December 31, 2016, and the supplemental schedule of assets (held at the end of the year) as of December 31, 2016.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

NOTE 4 – FAIR VALUE MEASUREMENTS, CONTINUED

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end and closed-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 62,817	$ -	$ -	$ -

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 41,543	$ -	$ -	$ -

NOTE 5 – TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008 stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the Code), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Nationwide is the Plan custodian and recordkeeper. Investment advising is performed by UBS Wealth Management. Therefore any investment or administrative fees paid during the year to Nationwide or UBS qualifies as party-in-interest transactions.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Alpine 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan and Trust Agreement (Plan Document) for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) Plan established on January 1, 2014. Employees of Alpine Homecare LLC (collectively the Company or Plan Sponsor) are eligible to participate in the Plan once they have completed 3 months of service. Participants may enter the Plan on the following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company functions as the Plan Administrator.

Contributions

Participants may make voluntary salary reductions (participant contributions) up to the maximum amount allowed by the IRS. For 2016 this deferral limit was $18,000. Participants may also rollover amounts from other qualified plans. Participants over the age of 50 are eligible for catch up contributions.

Participant Accounts

Individual accounts are maintained to record participant contributions, rollover contributions, and earnings thereon for each participant. The benefit to which a participant is entitled is the total benefit, which can be provided from the vested portion of these individual accounts.

Vesting

Upon entry into the Plan, participants are 100 percent vested in their participant contributions, rollover contributions and earnings thereon.

Participant Loans

Participants may borrow from their accounts upon written application to and approval by the Plan Administrator. Participants may borrow from their accounts an amount limited to the lesser of $50,000 or one-half of the participant's vested account balance. With certain exceptions, no loans in an amount less than $1,000 will be made. Loans must be repaid within 5 years and bear a reasonable rate of interest.

NOTE 1 - DESCRIPTION OF THE PLAN, CONTINUED

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may request a distribution of their vested account balance from the Plan Administrator. Furthermore, upon approval of the Plan Administrator, participants may be entitled to take hardship distributions. Participants may elect to withdraw all, or a portion of their account while still employed. Participants that have terminated employment and have a vested balance less than $5,000 will receive a distribution as soon as administratively feasible. Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Subsequent Event

Management has evaluated subsequent events through May 11, 2017, the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Administrative Costs

All expenses of maintaining the Plan are paid by the Plan. Investment-related expenses are included in net appreciation of fair value of investments.

Market Risk

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Furthermore, due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes, could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Nationwide Trust Company FSB (Nationwide), the custodian of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the statement of changes in net assets available for benefits for the year ended December 31, 2016, and the supplemental schedule of assets (held at the end of the year) as of December 31, 2016.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

NOTE 4 – FAIR VALUE MEASUREMENTS, CONTINUED

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end and closed-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 62,817	$ -	$ -	$ -

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 41,543	$ -	$ -	$ -

NOTE 5 – TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008 stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the Code), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Nationwide is the Plan custodian and recordkeeper. Investment advising is performed by UBS Wealth Management. Therefore any investment or administrative fees paid during the year to Nationwide or UBS qualifies as party-in-interest transactions.
