401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the McNeil Technologies, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a frozen defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was frozen effective January 1, 2011 (the "Plan Freeze Date"). Prior to the Plan Freeze Date, the Plan covered substantially all employees of McNeil Technologies, Inc., McNeil Multilingual, Inc., McNeil Security, Inc. and TR Systems, Inc., who had reached the age of 18. The Plan does not have a service requirement. After the Plan Freeze Date, no new participants were allowed into the Plan and contributions (both participant and employer) to the Plan ceased. McNeil Technologies, Inc. is a wholly-owned subsidiary of AECOM.

The Plan was administered by the Americas Benefits Administration Committee authorized by AECOM. Assets of the Plan, except for certain separately managed accounts, were held by Bank of America, N.A. the trustee and record keeper, (the "Trustee"), and assets in the separately managed accounts were held by Northern Trust Corporation, (the "Custodian").

Assets of the Plan, except for certain investment fund options, were held by Bank of America, N.A. the trustee and record keeper, (the "Trustee"). Assets in the separately managed accounts ("SMA") were held by Northern Trust Corporation, the Vanguard investment funds were held by The Vanguard Group, and the AECOM Stable Value fund was held by the Fidelity Management Trust Company. Effective July 1, 2016, the Plan merged into the AECOM Retirement & Savings Plan (the "AECOM RSP"), which is sponsored by AECOM. In conjunction with the merger, net assets of $10,518,242 were transferred to the AECOM RSP.

Participant accounts: A separate account was maintained for each Plan participant. Each participant's account was credited with the participant's contribution and allocations of employer contributions and was credited with plan earnings and charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Contributions: Effective January 1, 2011, no contributions were allowed into the Plan.

Investment options: Participants were allowed to direct the investment of their accounts into a variety of diversified investment fund options allowed by the Plan, and were able to transfer their balances between investment options at any time.

Vesting: Participants were fully vested in their accounts.

Payment of benefits: Employees were eligible to receive a distribution of their vested account balance as soon as administratively feasible following their resignation or discharge. Any terminated employee with a balance of $1,000 or less was automatically paid out by the Plan upon termination. Any terminated participants with a balance between $1,000 and $5,000 could still be automatically paid out if their balance was rolled into a qualified Individual Retirement Account.

Forfeitures: At July 1, 2016, and December 31, 2015, the forfeited non-vested accounts totaled $178 and $27,670, respectively. The account was used to pay administrative expenses. During the period from

January 1, 2016 and July 1, 2016, forfeitures of $27,644 were used to pay administrative expenses. During 2015, forfeitures of $31,576 were used to pay administrative expenses. The remaining balance or $178 at July 1, 2016 was transferred to the forfeiture account of the RSP.

Notes receivable from participants: Participants could borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans were collateralized by the borrower's account balance in the Plan. Notes receivable from participants bore an interest rate of 4.25% at December 31, 2015, which were commensurate with local prevailing rates as determined by the Plan Administrator and remain fixed throughout the life of the loan. Principal and interest were paid ratably through payroll deductions. In conjunction with the merger of the Plan on July 1, 2016, notes receivable from participants of $92,109 were transferred to the AECOM RSP.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments held by the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2015.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United State of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of benefits: Benefits payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who elected to withdraw from the Plan, but not yet paid, were $0 and $39,227 at July 1, 2016 and December 31, 2015, respectively.

Administrative expenses: The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as distributions in the accompanying Statements of Changes in Net Assets Available for Benefits. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

Subsequent events: The Plan has evaluated subsequent events through May 12, 2017, the date the financials were available to be issued. The Plan administrator has determined that there are no events that require recognition or disclosure.

3. INVESTMENTS

The Plan provides for various investment options in investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to

the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

4. FAIR VALUE MEASUREMENTS

ASC 820 provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: · Quoted prices for similar assets or liabilities in active markets; · Quoted prices for identical or similar assets or liabilities in inactive markets; · Inputs other than quoted prices that are observable for the asset or liability; · Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds and separately managed accounts: Valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.

Collective trust funds and commingled pools: Stated at the net asset value ("NAV") of shares held at end of year based on the quoted market prices of the underlying assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015. Due to the transfer of Plan assets at July 1, 2016, to RSP, there are no fair values to report as of that date.

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,050,060	$ -	$ -	$ 6,050,060
Separately managed accounts	568,994	-	-	568,994
Collective trust funds and commingled pools	-	4,603,737	-	4,603,737
Investments at fair value	$ 6,619,054	$ 4,603,737	$ -	$11,222,791

Fair Value Measurement and Disclosure (Topic 820): Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent) requires disclosures of certain attributes in entities that calculate a net asset value per share (or its equivalent) and do not have a readily determinable fair value. The following table sets forth the disclosure of the attributes at December 31, 2015:

	2015			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust funds and commingled pools				
Stable value fund (a)	$ 2,287,218	$ -	Daily	Daily
Employee benefit index (b)	161,789	-	Daily	Daily
Lifetime balanced funds (c)	2,154,730	-	Daily	Daily

(a) Consists of the Fidelity Managed Income Portfolio II. The objective of the fund is to maximize current income consistent with the maintenance of the investors' principal investment. To achieve this, the Fund invests in a fixed-income security portfolio of fixed-income securities and a value guarantee (wrapper) provided by a third party.

(b) The employee benefit index fund seeks to track the performance of a benchmark index that measures the investment return of large-capitalization stocks.

(c) The lifetime balanced funds are primarily "target date funds" that seek total returns consisting of long-term growth and current income. Selected funds within this category may invest in domestic and foreign equity, real assets and alternative investments, and fixed income funds.

5. INTEREST IN AECOM DC RETIREMENT PLANS VANGUARD MASTER TRUST

Beginning January 1, 2016, certain of the Plan's investment assets were held in a custody account at The Vanguard Group and consisted of an interest in an investment account of the AECOM DC Retirement Plans Vanguard Master Trust ("Vanguard Master Trust"), a master trust established by AECOM and administered by the Trustee. Use of the Vanguard Master Trust permitted the commingling of trust assets with the assets of five other retirement savings plans of AECOM for investment and administrative purposes. Although the assets of the six retirement plans were commingled in the Vanguard Master Trust, the Trustee maintained supporting records for the purpose of allocating the net gain or loss of the investment funds to the participating plans. The net investment income (loss) of the Vanguard Master Trust investment funds was allocated by the Trustee to each participating plan based on that plan's interest in each investment fund, as compared with the total interest of all the participating plans in each investment fund. Investment income (loss) was recognized as earned based on the terms of the investments and the period during which the investments were held by the Vanguard Master Trust. Due to the merger of the Plan's assets into the AECOM RSP at July 1, 2016, the Plan's interest in the Vanguard Master Trust was transferred to the AECOM RSP.

The following table shows the changes in net assets for the Vanguard Master Trust for the period ended July 1, 2016:

	(expressed in $000)
Changes in net assets:	
Net appreciation in fair value of investments	$ 83,838
Interest and dividend income	2,724
Total investment income	86,562
Net purchases (redemptions)	(20,030)
Administrative expenses	(72)
Increase in net assets	$ 66,460

6. INTEREST IN AECOM DC RETIREMENT PLANS SMA MASTER TRUST

Beginning January 1, 2016, certain of the Plan's investment assets were held in separately managed accounts ("SMA") in a custody account at Northern Trust Corporation and consisted of an interest in an investment account of the AECOM DC Retirement Plans SMA Master Trust ("SMA Master Trust"), a master trust established by AECOM and administered by the Trustee. Use of the SMA Master Trust permitted the commingling of trust assets with the assets of five other retirement savings plans of AECOM for investment and administrative purposes. Although the assets of the six retirement plans were commingled in the SMA Master Trust, the Trustee maintained supporting records for the purpose of allocating the net gain or loss of the investment funds to the participating plans. The net investment income (loss) of the SMA Master Trust investment funds was allocated by the Trustee to each participating plan based on that plan's interest in each investment fund, as compared with the total interest of all the participating plans in each investment fund. Investment income (loss) was recognized as earned based on the terms of the investments and the period during which the investments were held by the SMA Master Trust. Due to the merger of the Plan's assets into the AECOM RSP at July 1, 2016, the Plan's interest in the SMA Master Trust was transferred to the AECOM RSP.

The following table shows the changes in net assets for the SMA Master Trust for the period ended July 1, 2016:

	(expressed in $000)
Changes in net assets:	
Net appreciation in fair value of investments	$ 27,776
Net purchases (redemptions)	(50,167)
Administrative expenses	(10)
Decrease in net assets	$ (20,401)
Net assets:	
Beginning of period	$ 696,586
End of period	$ 674,185

7. INTEREST IN AECOM DC RETIREMENT PLANS STABLE VALUE MASTER TRUST

Beginning January 1, 2016, certain of the Plan's investment assets were held in a custody account at Fidelity Management Trust Company and consisted of an interest in an investment account of the AECOM DC Retirement Plans Stable Value Master Trust ("Stable Value Master Trust"), a master trust

established by AECOM and administered by the Trustee. Use of the Stable Value Master Trust permitted the commingling of trust assets with the assets of five other retirement savings plans of AECOM for investment and administrative purposes. Although the assets of the six retirement plans were commingled in the Stable Value Master Trust, the Trustee maintained supporting records for the purpose of allocating the net gain or loss of the investment funds to the participating plans. The net investment income (loss) of the Stable Value Master Trust investment funds was allocated by the Trustee to each participating plan based on that plan's interest in each investment fund, as compared with the total interest of all the participating plans in each investment fund. Investment income (loss) was recognized as earned based on the terms of the investments and the period during which the investments were held by the Stable Value Master Trust. Due to the merger of the Plan's assets into the AECOM RSP at July 1, 2016, the Plan's interest in the Stable Value Master Trust was transferred to the AECOM RSP.

The following table shows the changes in net assets for the Stable Value Master Trust for the period ended July 1, 2016:

	(expressed in $000)
Changes in net assets:	
Interest and dividend income	$ 3,670
Net purchases (redemptions)	(25,400)
Administrative expenses	(1,054)
Decrease in net assets	$ (22,784)
Net assets:	
Beginning of period	$ 466,773
End of period	$ 443,989

8. TAX STATUS

The Plan uses a pre-approved plan document sponsored by Merrill Lynch, Pierce, Fenner & Smith Inc., which received an opinion letter from the Internal Revenue Service ("IRS"), dated March 31, 2014, stating that the pre-approved document satisfies the applicable provisions of the Internal Revenue Code (the "IRC"). The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of July 1, 2016 and December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

9. INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The Plan Administrator has elected the method of compliance permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by Bank of America, N.A., as of July 1, 2016 and December 31, 2015, and for the period from January 1, 2016 to July 1, 2016, and the year ended December 31, 2015.

The information certified by the Trustee were the annual reports and accounting for the period January 1, 2016, to July 1, 2016, and the year ended December 31, 2015, which include beginning and ending balances of assets, a detailed listing of the transactions in the various funds, including investment earnings (losses), and interest income on notes receivable from participants.

10. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee and other investment managers; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Beginning January 1, 2016, the Plan held certain investments managed by Northern Trust Corporation, and these transactions also qualify as party-in-interest transactions.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the amounts reported in the financial statements and in the Form 5500 as of:

	July 1, 2016	December 31, 2015
Net decrease in net assets	$(790,040)	$(2,897,562)
Amounts payable to withdrawing participants in 2015	39,227	(39,227)
