To the Participants, Trustee and Plan Administrator
OpTerra 401(k) Plan

Report on the financial statements

We were engaged to audit the accompanying financial statements of OpTerra 401(k) Plan (the "Plan") which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion on the 2015 financial statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note C, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained a certification from this entity as of December 31, 2015, and for the year ended December 31, 2015, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion on the 2015 financial statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental Schedule H, part IV, line 4a – Schedule of delinquent contributions and the supplemental Schedule H, part IV, line 4i – Schedule of assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in Note C, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A – Plan description

The following description of the OpTerra 401(k) Plan (the “Plan” or “OpTerra Plan”) provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of OpTerra Energy Group (the “Company” or “Employer” or “Plan Sponsor”) who are age 21 or older. The Plan excludes employees covered by a collective bargaining agreement or who are students or interns. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Administration

The Plan is administered by the Company (the Plan’s Management). The Plan’s management has been given all powers necessary to carry out its duties, including, but not limited to, the power to administer and interpret the Plan, to answer all questions affecting eligibility of participants in the Plan, and to authorize disbursements for the payment of plan benefits. The Plan’s management appointed the chief financial officer of the Company as trustee; Transamerica Life Insurance Company as asset custodian and Transamerica Retirement Solutions, LLC as recordkeeper of the Plan.

Contributions

Each year, participants may make salary deferral contributions in any percentage from 1 percent to 100 percent of pretax or after-tax annual compensation, as defined in the Plan, up to the maximum allowed by the Internal Revenue Code (the “Code”). The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. The Company makes safe harbor matching contributions on a quarterly basis equal to 100% of participant salary deferrals, not to exceed 4% of the participant’s eligible compensation.

The Company may also make discretionary profit sharing contributions each Plan year to eligible employees who have completed six months of service and are actively employed on the last day of the Plan year. No discretionary profit sharing contributions were made during the year ending December 31, 2015.

Participant accounts

Each participant’s account is credited with the participant’s elective deferral contributions and an allocation of (a) the Company’s contribution (discretionary matching, discretionary profit sharing, and safe harbor), if any, (b) Plan earnings or losses, and (c) administrative expenses, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Note A – Plan description (continued)

Investment options

Upon enrollment in the Plan, a participant may direct contributions in a variety of investment options. All funds vary in types of investments, rates of return, and investment risk and are described in more detail in the Plan document. Participants may elect, on a daily basis, to have all or part of their account balances and future contributions transferred from one fund to another or in any combination.

Vesting

Participants are immediately vested in any elective contributions, rollover contributions, and safe harbor employer contributions plus actual earnings and losses thereon. Participants vest in the Company's discretionary profit sharing contributions plus any earnings thereon at a rate of 25 percent per year until 100 percent vested. A participant's account also becomes fully vested in the event of total disability, death, or upon reaching the normal retirement age.

Notes receivable from participants

The Plan does not permit loans to participants. A Plan amendment was adopted during 2014 to allow participant loans to rollover for employees brought into the Plan through a business combination. These loans are administered by the Plan according to the original loan terms provided by their previous employer.

Payments of benefits

Benefits to participants or beneficiaries generally are payable as a lump sum equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. Additionally, participants may request in-service withdrawals upon attainment of age 59 ½, or upon incurring a financial hardship, as defined in the Plan document, if certain criteria are met.

Forfeitures

Forfeitures of non-vested participant balances are used to pay administrative expenses and reduce Employer matching contributions for the plan year in which the forfeiture occurs. In some cases, however, forfeitures will be reallocated to participants as though they are additional Employer contributions. For the year ended December 31, 2015, the amount of forfeitures used to pay administrative expenses and reduce employer contributions was \$59,309. There were no forfeited unvested accounts at December 31, 2015.

Note B – Summary of accounting policies

Basis of accounting

The financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Note B – Summary of accounting policies (continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ significantly from those estimates.

Investment valuation and income recognition

Except for the Plan's stable value investment option (see Note E), the Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis and was not material for the year ending December 31, 2015. Related fees are recorded as administrative expenses and are expensed when they are incurred. The rate of interest on existing notes at December 31, 2015 were 3.03-3.20% and with maturity dates through July 2019. No allowance for credit losses has been recorded as of December 31, 2015. If a participant ceases to make loan repayments, and the Plan Administrator deems the participant loan to be in default, the participant's loan balance is reduced, and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in supplemental Schedule H, Part IV Item 4i— schedule of assets (held at end of year).

Payment of benefits

Benefit payments to participants are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Note B – Summary of accounting policies (continued)

Risks and uncertainties

The Plan utilizes various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments have occurred since December 31, 2015, or will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note C – Information certified by Plan Asset Custodian

The Plan Administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Administrator obtained a certification from the Asset Custodian, Transamerica Life Insurance Company, related to the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statement of net assets available for benefits as of December 31, 2015.
- Net investment loss and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015.
- Investments included in Schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2015.

Note D – Fair value measurements

The Plan follows a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Transfers between levels are recognized on the actual date of the event resulting in the transfer. The three levels of the fair value hierarchy are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

Note D – Fair value measurements (continued)

Level 2 (continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts

Pooled separate accounts are valued at the NAV of units held by the pooled separate account. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV for the pooled separate account is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Redemption of the pooled separate account is generally permitted daily and there are no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	As of December 31, 2015			
	Level 1	Level 2	Level 3	NAV
Investments measured at NAV	\$ -	\$ -	\$ -	\$ 6,539,633
Total investment assets at fair value	\$ -	\$ -	\$ -	\$ 6,539,633

	As of December 31, 2014 (Compiled)			
	Level 1	Level 2	Level 3	NAV
Investments measured at NAV	\$ -	\$ -	\$ -	\$ 3,541,041
Total investment assets at fair value	\$ -	\$ -	\$ -	\$ 3,541,041

Note E – Fully-benefit responsive investment contract with insurance company

The Plan provides a stable value investment option issued by Transamerica Life Insurance Company (TLIC) that simulates the performance of a guaranteed investment contract. TLIC maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting. There is no stated minimum or maximum interest rate.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include (1) transfers of assets from the fund into a competing investment option and (2) when total distributions and transfers in the fund exceed certain levels. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

Note F – Related party transactions

Certain plan investments are shares of a fully-benefit responsive investment contract managed by affiliates of Transamerica Life Insurance Company, the asset custodian. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note G – Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become 100% vested in their accounts.

Note H – Tax status

The Internal Revenue Service has determined and informed the plan asset custodian by a letter dated March 31, 2008 that the volume submitter prototype the Plan was based on is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Company believes the Plan is designed and is being operated in compliance with the applicable provisions with the IRC. The Company is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Note H – Tax status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note I – Operational plan errors

Operational plan errors were noted during 2016 where certain participant contributions since the Plan's inception were not made in accordance with the Plan document. The Plan administrator engaged ERISA counsel to enter into a Voluntary Correction Program to rectify these errors which includes an assessment for lost earnings and the related employer matching contributions. The total amount of the errors and lost earnings are reflected as a Plan receivable of \$145,985 and \$79,604 on the statement of net assets available for benefits at December 31, 2015 and 2014 (compiled), respectively.

Note J – Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits and contributions as presented in the financial statements to the Form 5500 at December 31, 2015:

	As of December 31, 2015
Net assets available for benefits per the financial statements	\$ 7,327,130
Adjustment for employer contributions receivable	(235,083)
Adjustment for operational plan errors receivable	(145,985)
Net assets available for benefits per the Form 5500	<u>\$ 6,946,062</u>

	As of December 31, 2015
Total Plan contributions per the financial statements	\$ 4,070,088
Adjustment for employer contributions receivable timing	(20,790)
Adjustment for operational plan errors receivable timing	(131,458)
Total Plan contributions per the Form 5500	<u>\$ 3,917,840</u>

Note K – Prohibited transactions

The United States Department of Labor (“DOL”) considers late participant contributions to be prohibited transactions. The employer is required to remit participant contributions to the Plan as of the earliest date on which such amounts can reasonably be segregated from the employer’s general assets, but in no event later than fifteen business days after the end of the month in which the contributions were withheld. Therefore, any amount remitted after such number of days is considered late. It was determined that during the year ended December 31, 2015, the Plan Sponsor inadvertently failed to make deposits of \$86,583 of contributions within the timeframe required. The Plan administrator has entered into a Voluntary Fiduciary Correction Program to remit investment income for prior earnings that would have been earned had the contributions been remitted within the required DOL timeframe.

Note L – Subsequent events

On January 1, 2016, the plan was restated and the restated provisions of the Plan became effective on January 1, 2016. The amendment changed the following items related to the Plan:

- Removal of 21 years of age eligibility requirement
- Added a 30 day of service requirement for elective deferral contributions only for employees hired after the effective date of the amendment
- Added vesting period for employer matching contributions which is the same schedule as listed in “Vesting” above
- Safe Harbor Matching Contribution determination period changed to each payroll period from all payroll periods ending with or within the Plan Year quarter
- Distributions can be made in partial withdrawals with no minimum
- For In-Service Withdrawals, removal of the minim distribution
- In-Plan Roth rollover contributions are permitted as of the effective date
- In-Plan Roth rollover contributions are only allowed for in-service distribution and loans may not be transferred
- Loans are permitted
- Exclusion of 125 compensation in Compensation and 415 Compensation definition
- Limitation Year for Code §415 purposes will be the 12 month period ending on the last day of the Plan Year

Note L – Subsequent events (continued)

This restatement was made to conform the Plan to new tax laws and some provisions may be retroactively effective.

Management has evaluated subsequent events through April 21, 2017, the date the financial statements were available to be issued.
