Dear Phyllis:

We have conducted a DOL limited-scope audit of the financial statements of Akers Packaging Service, Inc. 401(k) Plan (the Plan) for the year ended December 31, 2015 and have issued our report thereon dated October 6, 2016. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. Professional standards also require that we communicate to you the following information related to our audit:

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Akers Packaging Service, Inc. 401(k) Plan are described in Note 2 to the financial statements. Other than the implementation of ASU 2015-12, no new significant accounting policies were adopted and the application of existing policies was not changed during 2015. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements noted.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 6, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of trustees and management of Akers Packaging Service, Inc. 401(k) Profit Sharing Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Clark, Schaefer, Hackett & Co.

1. DESCRIPTION OF PLAN:

The following description of the Akers Packaging Service, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Akers Packaging Service, Inc. (the "Company") who prior to September 22, 2013 completed one year of service and are age twenty-one or older. Effective September 23, 2013 the Plan covers employees who have completed two months of service and are age twenty-one or older. The Plan does not cover employees who are covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the maximum percentage allowable not to exceed the limits under Sections 401(k), 402(g), 404 and 415 of the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company makes an annual safe harbor contribution equal to three percent of each participant's eligible compensation. The Company may also make a discretionary profit sharing contribution at the discretion of the Board of Directors. The Company's safe harbor contributions for 2015 and 2014 totaled \$383,424 and \$358,843, respectively. The Company's profit sharing contribution for 2015 and 2014 was \$126,849 and \$116,593, respectively.

Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contribution, and plan earnings. Allocations are based upon participants' earnings or account balances as specified in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions, the Company's safe harbor contribution, and earnings allocated to those contributions. Vesting of the Company's profit sharing contribution is based on years of service. A participant is vested on a graduated scale with full vesting after six years of credited service.

Payments of benefits

On termination of service due to death, disability, retirement or termination, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited accounts

At December 31, 2015 and 2014 forfeited non-vested accounts totaled \$28,439 and \$9,738, respectively. These accounts will be allocated to participants in the same proportion that each participant's compensation for the year bears to the compensation of all other participants for such year. Effective September 23, 2013, under the Fidelity proto-type plan forfeitures will first be used to offset plan expenses. Any remaining amounts will be used to reduce future employer contributions under the Plan. During 2015, no forfeitures were used to offset plan expenses.

2. SUMMARY OF ACCOUNTING PRINCIPLES:

The following accounting principles and practices of the Plan are set forth to facilitate the understanding of data presented in the financial statements:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investments contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Change in accounting policy

Recently issues accounting pronouncements – The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date – Practical Expedient." ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with earlier adoption permitted. The Plan has elected to early adopt Part II of ASU 2015-12, applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

Reclassifications

Certain amounts in the 2014 financial statements have been reclassified to conform to the 2015 presentation.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying statements consider events through October 6, 2016, the date on which the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Following is a description of the valuation methodologies used for assets measured at fair value.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Money market funds: Valued at daily closing prices as reported by the fund.

Registered investment companies: Valued at the daily closing prices as reported by the funds. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Management has determined that fair value and contract value approximate each other.

The following table sets forth the level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

Investments at Fair Value as of December 31, 2015

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Total	<u>\$ 16,949,508</u>	<u>16,354,455</u>	<u>595,053</u>	<u>-</u>

4. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan under the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the Company contribution portion of their account.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS:

The Plan holds a portfolio of investment contracts that comprise a traditional investment contract. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transaction under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The value per unit of the Fund is determined daily. Units can be issued and redeemed on any business day at the daily unit value. The Trustee, at its discretion, may process redemptions in cash, ratably in-kind or in a combination of the two. The Trustee will pay the cash portion of all redemptions as soon as practicable, but payments are not required to be made until after the actual settlement date with respect to investments sold to raise cash for the redemption. In addition, such payment may be delayed if the Trustee determines that it cannot reasonably make such payment due to reasons beyond its control, including orders, directives, or other interference by an official or agency of any government or on account of illiquid markets or illiquid securities. All earnings and gains and losses of the Fund, if any, are reflected in the computation of the daily unit value and are realized by the participant upon withdrawal of the Fund. No distributions of income and gains and losses are made to participants.

6. TAX STATUS:

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

7. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate risk, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net asset available for benefits.

8. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

The Plan invests in shares of registered investment companies managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest.

Several employees of the Company provide administrative services to the Plan. These services include Plan oversight and day-to-day Plan administration. The Plan is not charged by the Company for the services of the employee to the Plan.

9. INFORMATION CERTIFIED BY THE CUSTODIAN/TRUSTEE:

The Plan management has elected the method of compliance permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, and the supplemental schedule of assets (held at end of year) as of December 31, 2015; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015.
