Independent Auditor's Report

To the Plan Administrator and Participants of
Creo Capital Partners 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Creo Capital Partners 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2013 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by John Hancock Life Insurance Company (U.S.A), the trustee of the Plan, except for comparing such information with the related information included in the 2013 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

KPMG LLP is a Delaware limited liability partnership, the U.S. member firm of KPMG International Cooperative ("KPMG International"), a Swiss entity.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2013 financial statements. Accordingly, we do not express an opinion on the 2013 financial statements.

Other Matter—Supplemental Schedules

The supplemental schedules of (1) Schedule H, Line 4i – Schedule of Assets (Held at End of Year), and (2) Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2013, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter—2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated July 30, 2013, indicated that (*a*) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (*b*) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2013

The form and content of the information included in the 2013 financial statements and supplemental schedules, other than that derived from the information certified by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CREO CAPITAL PARTNERS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of plan

The following description of the Creo Capital Partners 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Creo Capital Partners LLC (the "Company") is the Plan Sponsor.

General

The Plan is a defined contribution plan covering all full-time, non-union employees of the Company, Flagship Food Group LLC ("FFG") and FOC Acquisition LLC ("FOC"), TVBG, LLC ("TVBG"), CCP Midway Acquisition LLC ("CCP Midway"), Sataria Acquisition LLC ("Sataria Acquisition"), ThreeSixty, LLC ("ThreeSixty") and Treasure Valley Specialty Foods, LLC ("TVSF"), (collectively the "Employers") who have met certain requirements as to age and length of service. The assets of the Plan are maintained in trust managed by John Hancock Life Insurance Company (U.S.A.) (the "Trustee"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and was established effective January 1, 2010 and contributions began effective July 1, 2010.

Eligibility

Employees are eligible to participate in the Plan on the first day of employment with the Employers and attaining the age of 17, unless if they are excluded per the plan document. Excluded employees include non-resident alien, leased employees, employees under a collective bargaining agreement, and employees not reported on the payroll records.

Contributions and Funding Policy

Each year, participants may contribute up to 100% of pre-tax or post-tax annual compensation, as defined in the Plan, but no more than the limitation of $17,500 as imposed by the Internal Revenue Code (IRC) Section for 2012. Participants who have attained the age 50 before the end of the plan year are eligible to make catch-up contributions of up to $5,500 in 2013. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employer matching contributions are discretionary and are calculated differently for each of the Employers. In 2013, FFG, FOC, TVBG, TVSF, CCP Midway and ThreeSixty made a matching contribution of 100% of employee contributions up to 3% of compensation and 50% of employee contributions above 3% of compensation not exceeding 5% of compensation. The Company and Sataria Acquisition did not make any employer matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of plan (continued)

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the account balance is equal to or less than $1,000, the value of the distribution will be paid as a lump sum. If the account balance is greater than $1,000, the participant may elect to either receive the benefits or transfer to an IRA or another plan. In-service distributions are allowed for participants attaining the age of 59½.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service.

Forfeitures

Forfeitures are first used to pay administrative expenses of the Plan and any remaining forfeitures are used to reduce employer contributions. Available forfeitures were $1,532 and $5,156 at December 31, 2013 and 2012, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All loans bear a reasonable rate of interest as determined by the plan administrator and must be repaid in five years unless used for the purchase of the participant's principal residence (for which the repayment period is fifteen years). Loan interest rates are 5.25% and maturity dates range from May 2014 through July 2018. The participant's vested account balance serves as collateral for the loan.

2. Summary of significant accounting policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared in compliance with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA and the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

These financial statements were approved by management and available for issuance on October 15, 2014. Subsequent events have been evaluated through this date.

2. Summary of significant accounting policies (continued)

Basis of Accounting (continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with GAAP and the DOL's Rules and Regulations for Reporting and Disclosure under ERISA requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein at the date of the financial statements and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Income Recognition

Purchases and sales of securities are recorded on the trade date. Dividend income is recorded on the ex-dividend date and interest income is recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan and the Company.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest.

2. Summary of significant accounting policies (continued)

Income Taxes

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a federal or state agency. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a tax liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

3. Fair value measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

In determining fair value, the Plan uses various valuation techniques. A fair value hierarchy for inputs is used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs are to be used when available. Valuation techniques that are consistent with the market or income approach are used to measure fair value. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Valuations based on inputs, other than quoted prices included in Level 1, that are observable either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

3. Fair value measurements (continued)

Fair value is a market-based measure, based on assumptions of prices and inputs considered from the perspective of a market participant that are current as of the measurement date, rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Plan's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date.

The availability of valuation techniques and observable inputs can vary from investment to investment and are affected by a wide variety of factors, including the type of investment, whether the investment is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the investments existed. Accordingly, the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts: The fair value of the participation units in the pooled separate accounts is based on the net asset value of the units held by the Plan at year end. The net asset value is used as a practical expedient to estimate fair value.

The pooled separate accounts do not have any unfunded commitments, no defined remaining life, offer daily liquidity (pending market conditions), and are not subject to any redemption restrictions at the measurement date. Trades generally settle daily with no required redemption notice period.

Guaranteed interest accounts: Valued using the fair value of the investment contract which is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012.

3. Fair value measurements (continued)

Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2013.

Balance, beginning of year (at fair value)	$26,964
Contributions	1,040
Transfers	-
Net Gain/Loss	(290)
Balance, end of year	$27,714

4. Investment contract with an insurance company

The Plan participates in a benefit-responsive group annuity contract made available by the Trustee. The Trustee maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The adjustment from fair value to contract value for the investment contract is based on the contract value as reported to the Plan by the Trustee. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the guaranteed interest accounts at December 31, 2013 and 2012 was $27,714 and $26,964, respectively. The average yield and crediting interest rates for the guaranteed investment contracts were approximately 0.45% and 0.44% per annum for 2013 and 2012, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with the Trustee. The plan administrator believes the occurrence of such events, that would also limit the Plan's ability to transact at contract value with Plan participants, is not probable. The fair value of the investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

5. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

6. Tax status

The underlying nonstandard prototype plan has received an opinion letter from the Internal Revenue Services (IRS) dated March 31, 2008, stating that the form of the plan is qualified under Section 401(a) of the Code and, therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2006-6, the Plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

7. Investments

The following table presents the fair value of investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2013 and 2012:

Description	2013	2012
Pooled separate accounts		
JH Lifestyle Balanced	$1,359,855	$1,737,415
JH Lifestyle Growth	681,092	499,439

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Description	2013
Pooled separate accounts	$860,979

8. Information Prepared and Certified by Trustee

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has obtained certifications from the Trustee, that all of the information provided by the Trustee, as it relates to the investments is complete and accurate.

Information included in the accompanying financial statements and supplementary schedule for investment balances, notes receivable from participants, interest and dividends, and net appreciation in fair value of investments are presented in reliance solely upon those certifications.

9. Concentration of credit risk

In the normal course of business, all of the Plan's assets are transacted with and held by the Trustee. The Plan is subject to credit risk to the extent the Trustee is unable to fulfill contractual obligations on its behalf. The Company has not experienced and does not expect any losses from this arrangement.

9. Concentration of credit risk (continued)

The Plan invests in various investments types. These investments are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments in the near term could materially affect the participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

10. Party-in-interest

The assets of the Plan are invested with and valued by the Trustee, which is considered a party-in-interest as a provider of, administrative investment management and accounting services to the funds. These transactions are exempt from the prohibited transaction rules.

11. Prohibited transactions

During 2013, the Company failed to remit to the Plan's trustee certain employee contributions totaling $33,167 within the period prescribed by DOL regulations. Delays in remitting contributions to the Trustee were due to administrative errors, and the Company will make contributions to the affected participants' accounts to compensate those participants for lost earnings.

12. Excess participant contribution payable

The Plan failed the discrimination test for the year ended December 31, 2013. Excess contributions amounting to $185,486 are recorded as a liability in the accompanying statement of net assets available for benefits and as a reduction of participant-directed contributions for the year. The Plan reimbursed these excess contributions to its participants during 2014.

13. Reconciliation of the financial statements to Schedule H of Form 5500

The following is a reconciliation of changes in net assets available for benefits per the Form 5500 to the financial statements for the year ended December 31:

	2013
Changes in net assets available for benefits per financial statements	384,763
Excess contributions payable	185,486
2012 excess contribution payable recorded on Form 5500 2013	(161,437)
Changes in net assets available for benefits as reported on Form 5500	408,812

13. Reconciliation of the financial statements to Schedule H of Form 5500 (continued)

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31:

	2013	2012
Net assets available for benefirst per financial statements	5,296,782	4,912,019
Excess contributions payable	185,486	161,437
Net assets available for benefits as reported on Form 5500	5,482,268	5,073,456

14. Subsequent Events

Effective January 2014, the Plan name changes from Creo Capital Partners 401(k) Plan to Flagship Food Group 401(k) Plan.

Effective June 2014, FOC Acquisition LLC, will be removed from the Plan.
