Dome Construction Corporation Salary Deferral Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Dome Construction Corporation Salary Deferral Plan (the "Plan"), which comprise the statement of net assets available for benefits as of September 30, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Personal Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certifications from the custodian as of and for the years ended September 30, 2016 and 2015, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Based on the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of September 30, 2016 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

The September 30, 2015 financial statements were compiled by us and we did not audit or review those financial statements, and accordingly, do not express an opinion or provide any assurance about whether they are in accordance with accounting principles generally accepted in the United States of America.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

DOME CONSTRUCTION CORPORATION SALARY DEFERRAL PLAN

Notes to Financial Statements

September 30, 2016

Note 1 - Description of plan:

The following description of the Dome Construction Corporation Salary Deferral Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by Dome Construction Inc. (the "Company" or "Plan Sponsor") on October 1, 1984, restated October 1, 2014, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company is the Plan administrator and retains the services of third parties to assist in the administration of the Plan. The Plan's third party administrator is Alliance Benefit Group – Rocky Mountain ("ABG") and the Plan's custodian is Fidelity Personal Trust Company ("Fidelity").

Eligibility - Except for excluded employees, all employees who have reached twenty-one years of age and have completed three months of consecutive service are eligible to participate in the Plan. If the service requirement is not met in the first consecutive three months of employment then employees become eligible after completing 1,000 hours of service in a plan year. Participants may begin deferring a portion of their compensation into the Plan on the first day of the month following eligibility. Participants that do not make an active enrollment election are automatically enrolled in the plan at 4% with an annual increase of 2% up to a maximum of 12%. Employees covered under a collective bargaining agreement, non-resident aliens and leased employees are not eligible to participate in the Plan.

Employee contributions - Each participant may contribute on a pretax or Roth 401(k) post tax basis, subject to the maximum allowed under section 401(k) of the Internal Revenue Code ("IRC"). Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers). A participant may elect to increase or decrease the percentage contribution at any time. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Employer matching contributions - The Plan provides for discretionary employer matching contributions and profit sharing contributions to be determined by the employer. The Company has the right to discontinue and reinstate the discretionary employer matching and profit sharing contributions. Such discretionary Company contributions are allocated to each participant who is eligible for the Plan, is employed on the last day of the Plan year, and completed 1,000 hours during the Plan year. The Company made discretionary matching contributions of approximately $558,000 and made discretionary profit sharing contributions of approximately $858,000 for the year ending September 30, 2016.

Note 1 - Description of plan (continued):

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (1) the Company's contributions, and (2) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the custodian. Participants may change their investment options daily. Upon enrollment in the Plan, a participant may direct employee contributions in to investment options consisting of mutual funds of varying risks and an investment contract. Earnings of each investment fund are allocated to participant's accounts in proportion to each participant's share of that fund.

Vesting - Participants are immediately vested in their contributions, including rollovers of funds from other qualified retirement plans and earnings thereon. Vesting in the Company's contributions is based on years of continuous service, subject to a five year graded schedule, as defined in the Plan agreement.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at market financing rates. Loan terms range from one to five years, but may not exceed five years except for loans used for a purchase of a primary residence, which may be repaid over a longer period of up to fifteen years. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - On termination of service due to normal retirement age, disability, death, or termination of employment, the entire balance in the participant's deferral account as well as the participant's vested balance in the Company's contributions may be distributed to the participant in a lump sum payment, installment payments, joint and survivor annuity, rolled over into another qualified plan, or left in the Plan (subject to minimum balance requirements). Unless otherwise instructed by the participant, participants with vested account balances of $1,000 or less upon separation will receive a lump sum cash payout and participants with vested accounts balances ranging from $1,000 to $5,000 will automatically be rolled over to an individual retirement account ("IRA") or another retirement plan eligible to receive rollover contributions.

Note 1 - Description of plan (continued):

Payment of benefits (continued) - As an active participant in the Plan, a participant may, upon attaining age 50, request the distribution of his or her balance. In addition, a participant may apply for a hardship withdrawal, if he or she is experiencing an immediate and heavy financial need as defined by the specific criteria in the Plan document.

Forfeited accounts - Forfeitures are retained in the Plan and will first be used to pay administrative expenses. Any remaining forfeitures may be used to reduce future employer contributions. Forfeitures remaining in the Plan as of September 30, 2016 and 2015 were approximately $15,000 and $48,000, respectively. For the year ended September 30, 2016, approximately $49,000 of forfeitures were used to pay administrative expenses.

Administrative expenses - The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying financial statements. Other charges and fees on investments may be assessed against the respective participant account balances.

Note 2 - Summary of significant accounting policies:

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

Investment valuation and income recognition - The investments in all of the funds, except the investment contract, are presented at fair value, based on the quoted market prices of the underlying securities within each fund as of September 30, 2016 and 2015. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. The investment contract is fully benefit-responsive and is reported at contract value.

Note 2 – Summary of significant accounting policies (continued):

Investment valuation and income recognition (continued) - Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net appreciation in fair value of investments - The earnings, expenses, realized gains or losses, and unrealized appreciation (depreciation) in registered investment companies and other investments are recorded in the accompanying financial statements as net appreciation in fair value of investments.

Subsequent events - The Plan has evaluated subsequent events through the date that the financial statements are available to be issued which is the date of the independent auditors' report.

Recent accounting pronouncements - In July 2015, the FASB issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. In Section I, the amendment designates contract value as the only required measure for fully benefit-responsive investment contracts. In Section II, the amendment eliminates the requirement to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation for investments by general type. The net appreciation or depreciation in investments for the period should be presented in the aggregate, but is no longer required to be disaggregated and disclosed by general type. The amendment also requires that investments (both participant-directed and nonparticipant-directed investments) of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. Finally, in Section III, the amendment provides a practical expedient to permit plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. The ASU is effective for fiscal years beginning after December 15, 2015, should be applied retrospectively for all financial statements presented, and early application is permitted. Plan management has evaluated the impact that will result from the pronouncement, and has elected to adopt the pronouncement early.

Note 3 - Fair value:

The Plan performs fair value measurement in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of mutual funds and non-interest bearing cash as of September 30, 2016 and 2015 and have all been determined to be Level 1 by the Plan administrator.

The Plan's valuation methodology used to measure the fair value of mutual funds were derived from quoted market prices as substantially all of these instruments have active markets.

Note 4 - Investments:

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity, the custodian of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's custodian as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of September 30, 2016 and 2015.

- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of September 30, 2016 and 2015.

- Investment income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year presented.

- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of September 30, 2016.

Note 5 - Stable value fund:

Because the stable value fund is a fully benefit-responsive fund, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value fund. Contract value, as reported to the Plan by ABG, represents contributions made under the stable value fund, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As of September 30, 2016 and 2015, there were no reserves against the contract value for credit risks of the issuer. The interest rates are based upon a formula agreed with the issuer and are reviewed on a semi-annual basis for resetting.

Note 5 - Stable value fund (continued):

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exception from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 6 - Party-in-interest transactions:

At September 30, 2016 and 2015, the Plan held investments of approximately $689,000 and $368,000 in funds managed by Fidelity, respectively. Fidelity is the custodian as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Note 7 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer matching and profit sharing account balances.

Note 8 - Income tax status:

The prototype plan adopted by the Plan sponsor obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not received a separate determination letter however the Plan administrator believes that the prototype plan, as adopted by the sponsor, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.
