SANCHEZ RESTAURANT 401(k) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Sanchez Restaurant 401(k) and Profit Sharing Plan (the Plan) provides only general information. The Plan is sponsored by LS Restaurant Management, Inc. (the Company or Plan Sponsor). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on January 1, 2015, as amended from time to time, covering substantially all employees of the Company. Employees 21 and older are eligible to participate on the first day of the Plan year or the first day of the seventh month of the Plan year following the completion of one year of service. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA) as well as all provisions of the federal income tax laws.

Contributions

Participants may make tax-deferred contributions to the Plan not to exceed the amount deductible for federal income tax purposes. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company has elected to make matching safe harbor contributions equal to the sum of 100% of the amount of the participant contributions that do not exceed 3% of their respective compensation, plus 50% of the participant contributions that exceed 3% (up to a maximum of 5%) of the respective participant's compensation. The Company may also elect to make discretionary matching and profit sharing contributions. However, during the year ended December 31, 2015, no such election was made.

Participant Accounts

Each participant's account is credited with the participant's tax-deferred contributions, the allocable share of employer contributions, if any, and Plan earnings or losses on the assets of their self-directed investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferred salary contributions and rollover contributions from other plans and actual earnings thereon. Vesting in the Company's profit sharing or matching discretionary contributions (if any) of their accounts plus actual earnings thereon is based on years of continuous service.

A participant is 100% vested upon retirement, permanent disability, death or reaching retirement age while employed by the Company. If a participant separates from the employment of the Company for any other reason, vesting in the Company's profit sharing discretionary contributions (if any) and matching discretionary contributions (if any) of their accounts plus actual earnings thereon is based upon the following schedule:

Years of Vesting Service	Percentage Vested
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, by or on behalf of the participant, to any one or more of the investment funds provided by the custodian of the Plan's assets. A participant may login online to change his or her investment direction with respect to future contributions or redirect the investments within his or her account balance at any time.

Notes Receivable from Participants

The Plan does not permit any new loans to be issued to participants. However, since the Plan accepts rollovers, the Administrator may, in a uniform and nondiscriminatory manner, accept rollovers of loans into the Plan.

Payment of Benefits

Distributions from the Plan will be made in one lump-sum payment or in a partial distribution in cash equal to the value of the participant's vested interest in his or her account balance. If a participant's vested benefit in the Plan exceeds $5,000, the participant must consent to the distribution before it may be made. If the participant's vested interest does not exceed $5,000, then the participant's benefit will be distributed in a lump-sum as soon as practicable following the event that led to the participant being entitled to a distribution.

Forfeited Accounts

Forfeitures may be used to pay Plan expenses or reduce employer contributions. Since inception of the Plan there have been no forfeitures through December 31, 2015. Accordingly, at December 31, 2015, there were no unallocated forfeitures available to pay Plan expenses or reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts are stated at fair value, representing the net assets of units held by the Plan at December 31, 2015. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis with dividends being recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as those held during the year.

Contributions

Contributions from the employer are accrued in the period in which they become the obligation of the Company, as determined by the Plan's administrator.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of distributions from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. During the year ended December 31, 2015, the Plan incurred no administrative expenses from its third-party administrator.

Fair Value of Financial Instruments

In accordance with the reporting requirements of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 825, *Financial Instruments*, the Plan calculates the fair value of its assets and liabilities which qualify as financial instruments under this standard and includes this additional information in the notes to the financial statements when the fair value is different than the carrying value of those financial instruments. The fair value adjustment for the Plan's investments is reflected on the accompanying statement of changes in net assets available for benefits (Note 3).

Recent Accounting Pronouncements

During the year ended December 31, 2015 and through May 3, 2017, there were several new accounting pronouncements issued by the Financial Accounting Standards Board. Each of these pronouncements, as applicable, has been or will be adopted by the Plan. Management does not believe the adoption of any of these accounting pronouncements has had or will have a material impact on the Plan's financial statements except for the adoption of Accounting Standard Update 2015-07 and 2015-12, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share* and *Plan Accounting*, respectively, which changed certain investment disclosures.

Subsequent Events

In preparing the financial statements, the Plan has reviewed, as determined necessary by the Plan's management, events that have occurred after December 31, 2015, up until the issuance of the financial statements, which occurred on May 3, 2017.

3. FAIR VALUE MEASUREMENTS

ASC Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Pooled separate accounts: the net asset value (NAV) is used as a practical expedient to estimate fair value. The Plan and participants hold "units of participation" in the separate account. The unit value is based on the underlying investments (mutual funds) of the pooled separate account.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	December 31, 2015 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 3,101	$ n/a	Daily	None

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their account balances.

5. REPORTABLE TRANSACTIONS

There were no reportable transactions, loans (participant notes receivable) in default or uncollectible, non-exempt transactions with parties-in-interest or any other prohibited transactions which would require supplemental presentation under Department of Labor rules and regulations besides the disclosure of the investment of the one payroll period contribution during the year as that was the only Plan activity, therefore meeting the reporting threshold of 3% of the current value of the Plan assets.

6. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the third-party administrator of the prototype plan by a letter dated March 31, 2014, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code and ERISA and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments in general are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
