Hauck Enterprises, Ltd. 401(k) Plan

Port Neches, TX 77651

We have conducted a DOL limited-scope audit of the financial statements of Hauck Enterprises, Ltd. 401(K) Plan for the year ended December 31, 2015 and have issued our report thereon dated October 12, 2016. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian and recordkeeper, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated July 26, 2016. Professional standards also require that we communicate to you the following information related to our audit:

Significant Audit Findings

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Hauck Enterprises, Ltd. 401(K) Plan are described in Note B to the financial statements. As described in Note B, the Plan changed accounting policies related to fair value measurement disclosures and fully benefit-responsive investment contract accounting and disclosures by adopting ASU 2015-07 and ASU 2015-12 in 2015. Accordingly, the accounting change has been retrospectively applied to prior periods presented as if the policy had always been used. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were the disclosure of fair value measurements in Note D to the financial statements including well as Note I related to contingencies.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit
We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements
Professional standards require us to accumulate all known and likely material misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has not corrected such material misstatements since they did not occur (i.e. not applicable). Management has determined that the effects of uncorrected misstatements are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Disagreements with Management
For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Audit Findings or Issues
During the course of the audit, it came to our attention that the certain compliance tests were not done and certain other issues occurred during 2015 regarding the operation of the Plan. These oversights could cause the Plan to incur penalties. Plan management has contacted the recordkeeper, and they plan to get these issues corrected.

Other Matters
This information is intended solely for the use of James Hauck, Shane Reedy, and Phil Chauvin, the individuals charged with governance, and management of Hauck Enterprises, Ltd. 401(K) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

INDEPENDENT AUDITORS' REPORT

To the Trustee, Administrator, and
Management of the
Hauck Enterprises, Ltd. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hauck Enterprises, Ltd. 401(k) Plan, which comprise the statement of net assets available for benefits - modified cash basis as of December 31, 2015, and the related statement of changes in net assets available for benefits - modified cash basis for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by American United Life Insurance Company (AUL), a OneAmerica company, the custodian and recordkeeper of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that AUL holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from AUL as of and for the year ended December 31, 2015, that the information provided to the Plan administrator by AUL is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements referred to in the first paragraph.

Basis of Accounting

We draw attention to Note B to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Other Matter - Supplemental Schedules

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of and for the year ended December 31, 2015, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter - 2014 Financial Statements

Plan management is responsible for the accompanying financial statement of Hauck Enterprises, Ltd. 401(k) Plan, which comprises the statement of net assets available for benefits - modified cash basis as of December 31, 2014. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations 2015

The form and content of the information included in the 2015 financial statements and supplemental schedules, other than that derived from the information certified by AUL, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN:

The following description of the Hauck Enterprises, Ltd. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering the majority of employees of the Company who have six months of service and are age 20 1/2 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute up to the maximum allowed by the Internal Revenue Code. Participants who have attained ago 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. During the Plan year ended December 31, 2015, participants contributed $0 in rollover contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds for participants through separate accounts of a group annuity contract with American United Life Insurance Company. The Company contributes a matching contribution calculated at the rate of 50% of the first 6% of base compensation that a participant contributes to the Plan. Contributions are subject to certain statutory limits. The Company has the option to make additional contributions, which are subject to certain limitations. There were no discretionary contributions made during 2015.

Forfeited Accounts - At December 31, 2015, forfeited non-vested accounts totaled approximately $150. These accounts can be used to reduce future employer contributions or to pay Plan operating expenses. During 2015, the Company used forfeited non-vested accounts to reduce employer contributions in the amount of approximately $18,000.

Investment Options - The Plan is self-directed and participants can choose from investments held in pooled separate accounts through the group annuity contract. Participants may change their investment options at any time.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's matching contribution and (b) Plan earnings (losses) and (c) allocated administrative expenses (as applicable). Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN - CONTINUED:

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. In the event of employer contributions, vesting of participants' accounts is based on years of continuous service. The vesting schedule for matching contributions is as follows:

Years of Service	Vesting Percentage
Less than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

Notes Receivable - Participants - Effective October 1, 2014, no new loans are allowed in the Plan. Prior to the discontinuance of offering loans, the guidelines were set forth. The sentences to follow explain those guidelines. Participants could borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note transactions are treated as a transfer to (from) the investment fund from (to) the participant's note receivable fund. Note terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments but only with respect to minimum required distributions over a period of not more than the participant's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Risks and Uncertainties - The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Plan Termination - Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer contributions allocated to their accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting - The financial statements of the Plan are prepared using the modified cash basis of accounting. Generally, additions are recorded when received rather than when earned and deductions are recorded when paid rather than when the obligation is incurred.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid balance plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the Plan Document. However, loans ceased being offered effective October 1, 2014.

Tax Status - The Plan is an adoption of a standard prototype arrangement designed by OneAmerica Financial Partners, Inc. The Company received a determination letter dated March 31, 2014 from the Internal Revenue Service that qualified the Plan as tax-exempt under the appropriate sections of the Internal Revenue Code (IRC). Although the Plan has been amended since this letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles under the modified cash basis of accounting provide that certain disclosures should be made about positions taken by a Plan in its tax returns that might be uncertain. The Plan administrator believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements.

Use of Estimates - The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of the fair value of investments.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED:

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See policy to follow - New Accounting Pronouncements - for change that impacts this policy.

New Accounting Pronouncements

Fair Value Measurement - During 2015, the Financial Accounting Standards Board (FASB) issued guidance on disclosures for investments in certain entities that calculate net asset value per share (or its equivalent). Under ASU 2015-07, the guidance removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient. The guidance also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. This guidance is effective retrospectively for the fiscal years beginning after December 15, 2015, and for interim periods within those fiscal years, with early adoption permitted. The Plan early adopted the guidance as of December 31, 2015, and has removed certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient.

Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Plans, and Health and Welfare Benefit Plans - During 2015, the FASB issued a three-part standard providing guidance on certain aspects of the accounting by employee benefit plans. Under ASU 2015-12, the guidance designates contract value as the only required measure for fully benefit-responsive investment contracts (FBRIC), simplifies investment disclosure requirements, and allows an employee benefit plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments using the month end closest to its fiscal year end. The guidance clarifies that indirect investments in FBRIC through investment companies should be reported at fair value. The guidance is effective retrospectively for fiscal years beginning after December 15, 2015, with early adoption permitted. The Plan early adopted the guidance as of December 31, 2015, and the applicable guidance has been applied retrospectively to all periods presented.

NOTE C - CERTIFIED INFORMATION:

The following is a summary of the Plan's asset information as of December 31, 2015 and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedule of investment assets, that was prepared from information provided by American United Life Insurance Company (AUL), a OneAmerica company, the custodian and recordkeeper, and furnished to the Plan administrator.

The Plan administrator has obtained a certification that the information provided to the Plan administrator by AUL related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

Investments, at Fair Value (under the fully benefit-responsive investment contract, a group annuity contract with AUL) at December 31, 2015:

Pooled Separate Accounts	$1,392,030
General Account of AUL	4,807
Total Investments	$1,396,837

AUL also certified to the completeness and accuracy of $38,893 of net depreciation in fair value of investments for the year ended December 31, 2015.

NOTE D - FAIR VALUE MEASUREMENTS:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority.

The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE D - FAIR VALUE MEASUREMENTS - CONTINUED:

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan has a group annuity contract with AUL. The following is a description of the valuation methodologies used for the assets measured at fair value.

Pooled Separate Accounts: Fully benefit-responsive investment contract with AUL in pooled separate accounts are valued at the accumulation unit value of the units held by the Plan at year-end. The accumulation unit value represents the net asset value (NAV) of each underlying fund adjusted daily for any dividends or distributions received by AUL and the daily equivalent of any fee charged by AUL pursuant to the group annuity contract. The value of each accumulation unit is published each business day. Each investment account is invested by AUL exclusively in shares of a specific mutual fund or other investment entities as directed by the Plan and/or Plan participant.

General Account: A stable value fund that is composed primarily of fully benefit-responsive contracts is valued at the net asset value of units of the underlying funds. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the net asset value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measure at the reporting date.

The following table sets forth by level, within fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Total Investments Measured at Net Asset Value (a)	$ -	$ -	$ -	$1,396,837

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy of the line items presented in the statements of net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENTS - CONTINUED:

Investments Measured Using Net Asset Value per Share Practical Expedient
The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015. There are no participant restrictions for these investments. The redemption frequency for each is daily and, and there is not a redemption period notice requirement.

Accumulation units in investment accounts under the contract may increase or decrease in value according to the investment performance of the underlying investments held by the investment account. The value of such assets and accumulation units is not guaranteed.

NOTE E - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500:

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to year-end, but not yet paid as of the date of the financial statements. Such items would not be included in the financial statements until paid. However, as of December 31, 2015, there were no distributions pending to report. Therefore, no reconciliation is needed.

NOTE F - PARTY-IN-INTEREST:

The group annuity contract that the Plan has with AUL authorizes them to execute transactions into underlying investments that are in the name of AUL. AUL is also the recordkeeper. Therefore, these transactions qualify as party-in-interest.

NOTE G - SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through October 12, 2016, the date the financial statements were available to be issued.

NOTE H - GROUP ANNUITY CONTRACT WITH AMERICAN UNITED LIFE INSURANCE COMPANY:

In 2014, the Plan entered into a fully benefit-responsive group annuity contract with American United Life Insurance Company (AUL). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There are no participant restrictions for the underlying investments related to this contract. The redemption frequency for each underlying investment is daily, and there is not a redemption period notice requirement.

The termination and subsequent distribution of the entire contract may result in the application of a surrender charge and/or one-time adjustment. This could only be initiated by the Plan sponsor. See "Plan Termination" under Note A, although the Plan sponsor has no intentions of terminating the contract at this time.

See Notes B, C, and D for additional information related to fully benefit-responsive contracts, AUL and the underlying investments.

NOTE I - CONTINGENCIES:

Due to oversight, the Plan operations failed to comply with all rules and regulations that govern the Plan. The Plan administrator will be taking steps to correct these issues and believes that the Plan will retain its tax-qualified status. The major areas of noncompliance are described in the paragraphs to follow.

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are not recorded in the financial statements since the accounting basis is modified cash basis. The Plan distributed the 2014 excess contributions to the applicable participants prior to March 15, 2015. However, the Plan administrator failed to evaluate the Plan for any excess contributions at December 31, 2015 because the ADP and ACP tests were not performed. As a result, the Plan is not in compliance for the year ended December 31, 2015. The Plan has made contact with AUL and plans to perform the ADP and ACP tests for 2015 and distribute any excess contributions by December 31, 2016.

During 2015, the Company was going through a transition with payroll processing. As a result, incorrect employee deferral and related match reports were pulled from the payroll system. Consequently, incorrect amounts were sent to the recordkeeper. In some cases, participant amounts were more than they should have been. In other cases, participant amounts were less than they should have been. The amounts that were submitted that were less than they should have been are considered delinquent participant contributions. The Department of Labor requires an employer to segregate participant contributions from its general assets as soon as practical. During the year ended December 31, 2015, the Company failed to segregate participant contributions totaling approximately $1,040 and the related match of approximately $513 in a timely manner. The Company plans to calculate lost earnings pursuant to guidelines established by the Department of Labor. The amount of lost earnings, which are considered immaterial to the financial statements, are not recorded in the accompanying statements of net assets available for benefits. The Plan has made contact with AUL and plans to get this corrected.
