NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE 1 – PLAN DESCRIPTION

The following description of the Seastreak, LLC 401(k) Profit Sharing Plan and Trust (the “Plan”) is provided for general information purposes only. More complete information regarding the Plan’s provisions may be found in the Plan document.

General

The Plan was established by Seastreak, LLC (the “Company”) under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan originally became effective January 1, 2008. The Plan was last amended effective January 1, 2015.

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan is available to eligible employees of the Company as authorized by the Board of Directors.

An employee becomes eligible to participate in the Plan once the following conditions have been met:

- a. The employee has attained age 21.
- b. The employee has completed 6 consecutive months of eligible service beginning on their initial date of hire.
- c. The employee is not a member of a collective bargaining unit unless the collective bargaining unit provides for coverage under this Plan.
- d. The employee is not an employee as a result of a transaction as described in Code Section 410(b)(6)(C), including an asset or stock acquisition, merger, or similar transaction involving a change in the employer of the employees of a trade or business.
- e. The employee is not a non-resident alien with non-U.S. source income.

If the employee is eligible to participate, the employee will become a participant in the Plan as of the first day of the month following the date on which the participant meets the eligibility requirements.

NOTE 1 – PLAN DESCRIPTION – CONTINUED

Contributions

Eligible employees may make pre-tax elective deferral contributions in 1% increments in an amount not greater than 96% of compensation, as defined by the Plan, limited by requirements of the IRC. Participants may also make Roth elective deferral contributions. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for a Company safe harbor matching contribution equal to 100% of the first 3% of compensation and 50% of the next 2% of compensation that a participant contributes to the Plan up to a maximum of 4% of total compensation. Employees covered under a collective bargaining agreement are not eligible for a safe harbor Company matching contribution unless the collective bargaining agreement states such entitlement. The Company, at its discretion, may make a profit sharing contribution. No discretionary profit sharing contributions were made by the Company for 2015.

In July 2016, the Company submitted an application for Voluntary Correction Program (“VCP”) to retroactively amend the Plan to allow for an additional matching contribution to be made for the 2015 Plan year, along with interest. In December 2016, the Company received approval for the amendment and correction. The amount of this contribution and interest totaled \$77,084, and is included in the Employer contributions receivable included in the Statement of Net Assets Available for Benefits as of December 31, 2015.

Vesting

The Plan provides for 100% immediate vesting of all contributions made to the participant accounts. The value in the participant accounts cannot be forfeited.

Participant Accounts

Each participant account is credited with the participant’s contribution and the related Company safe harbor matching contribution, and allocations of the Company discretionary profit sharing contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participants direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive an amount equal to the value of the participant’s vested interest in his or her account in either a lump sum amount or in a monthly annuity option. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Account balances of \$1,000 or less are distributed immediately. All distributions are made in cash. A participant may elect to receive a hardship withdrawal, as defined by the IRC. If a hardship withdrawal is taken, the participant will not be allowed to contribute to the Plan again for six months.

NOTE 1 – PLAN DESCRIPTION – CONTINUED

Notes Receivable from Participants

Participants may borrow from their accounts an amount not to exceed the lesser of \$50,000 or 50% of their account balance. Generally, loan periods range from 1-5 years except for loans used for the purchase of a primary residence which can range up to 10 years. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with local prevailing rates at the time the loan is made. The interest rate for notes receivable from participants was 4.25% at December 31, 2015 and December 31, 2014. Principal and interest is paid ratably through payroll deductions. Participants are limited to having just one loan outstanding at any time and only one loan may be approved during a 12-month period.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Company pays all administrative expenses of the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based on the terms of the Plan document.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standard Update (“ASU”) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies the required reporting and disclosures related to employee benefit plans. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive investment contracts (“FBRICs”). Contract value is the only required measure for FBRICs. Part II eliminates the requirement to disclose individual investments that are 5% or more of total net assets available for benefits, as well as the appreciation (depreciation) of fair value by investment type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type; however plans are no longer required to also disaggregate investments by nature, characteristics and risks. Part III is not applicable to the Plan. The amendments are effective for the Plan for fiscal years beginning after December 15, 2015 and shall apply retrospectively to all periods presented. The Plan elected to early adopt this guidance as of December 31, 2015, as permitted, and has applied this guidance retrospectively, as required. Because of this adoption, the Plan’s investments have been disaggregated by general type only and the Plan has not included disclosure of individual investments which comprise 5% or more of total net asset available for benefits, as well as the net appreciation (depreciation) of fair value by investment type. There were no other impacts on the Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014 or the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurements (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The updated guidance applies to reporting entities that elect to measure the fair value of certain investments using the net asset value (“NAV”) per share (or its equivalent) of the investment as a practical expedient. Currently, investments valued using the practical expedient are categorized within the fair value hierarchy on the basis of when the investment is redeemable with the investee at NAV. The amendments remove the requirement to categorize within the fair value hierarchy investments for which fair value is measured using the NAV per share practical expedient. The amendments are effective for the Plan for fiscal years beginning after December 15, 2016 and shall apply retrospectively to all periods presented. The Plan elected to early adopt this guidance as of December 31, 2015. However, as of December 31, 2015 and 2014, the Plan did not hold any investments to which this applies. Therefore, the adoption had no impact on the Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014 or the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

NOTE 3 – INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MidAtlantic Trust, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014.
- Investment income (loss) as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015, except for participant loans.

The Plan's independent accountants did not perform any auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1* – Values are unadjusted quoted prices for identical assets and liabilities in active markets accessible at the measurement date.
- *Level 2* – Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.
- *Level 3* – Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS – CONTINUED

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,271,018	\$ -	\$ -	\$ 1,271,018
Total assets at fair value	\$ 1,271,018	\$ -	\$ -	\$ 1,271,018

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,047,977	\$ -	\$ -	\$ 1,047,977
Total assets at fair value	\$ 1,047,977	\$ -	\$ -	\$ 1,047,977

NOTE 5 – TAX STATUS

The Internal Revenue Service (“IRS”) has issued an opinion letter dated April 10, 2014, stating that the prototype plan used by the Plan was designed in accordance with applicable sections of the IRC and therefore is tax-exempt. Subsequent to this determination by the IRS, the Plan was amended. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the IRC. Accordingly, no provision for federal income taxes has been made in the Plan’s financial statements. However, the Plan Sponsor identified certain operational errors for which the Plan Sponsor is in the process of correcting. As of December 31, 2015, the Plan has recorded a receivable of \$23,501 related to these corrections.

NOTE 5 – TAX STATUS – CONTINUED

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

NOTE 6– PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate, modify, alter or amend the Plan at any time, provided that no such change shall permit any of the funds to be used for any purpose other than the exclusive benefit of its members and subject to the provisions of ERISA. As the Plan provides for 100% immediate vesting of all contributions, in the event of termination or discontinuance of the Plan by the Company, participants' interests in their accounts shall be fully vested.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and market risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through June 5, 2017, the date the financial statements were available to be issued. The Company is not aware of any subsequent events, other than that discussed in Note 1, which would require recognition or disclosure in the financial statements.
