Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Capital Bank and Trust Company, the "Trustee" of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of November 30, 2016 and December 31, 2015, and for the eleven-month period ended November 30, 2016, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 1 and Note 2 to the financial statements, the governing body of Wastren EnergX Mission Support, LLC 401(k) Plan approved a plan of liquidation on September 23, 2016, and management determined liquidation was imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2015 financial statement to the liquidation basis used in presenting the 2016 financial statements. Management completed the liquidation of the Plan's assets and the Plan was terminated November 30, 2016. Our opinion is not modified with respect to this matter.

Report on Form and Content in Compliance with DOL Rules and Regulations

WASTREN ENERGX MISSION SUPPORT, LLC
401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOVEMBER 30, 2016 AND DECEMBER 31, 2015

Note 1—Description of the Plan

The following brief description of the Wastren EnergX Mission Support, LLC 401(k) Plan (the “Plan”) is provided for general information purposes only. Reference should be made to the Plan Agreement for a more complete description of the Plan’s provisions.

General – The Plan was a defined contribution plan, established on March 16, 2010, covering substantially all employees of Wastren EnergX Mission Support, LLC (the “Company” or “Employer”). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Termination – On September 23, 2016, the Company’s governing body resolved to amend the Plan to terminate its operations effective October 1, 2016. As of October 1, 2016, all contributions ceased, participants became 100% vested in their accounts and distributions were made as soon as administratively possible. Plan Management considered liquidation to be imminent upon the decision to terminate the Plan. All final distributions were completed and the Plan terminated November 30, 2016.

Participation – All active employees, excluding temporary employees, of the Company were eligible to participate in the Plan on the same date hired.

Administration – The Company was the Plan Sponsor and Plan Administrator. Assets of the Plan were held by Capital Bank and Trust Company, the “Trustee” of the Plan. Certain administrative functions were performed by employees of the Company. These employees did not receive compensation from the Plan.

Contributions – Each year participants may contribute up to 100% of annual compensation, as defined in the Plan. Employees may also transfer amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are subject to certain limitations, as defined in the Plan and the Internal Revenue Code (“IRC”). The maximum contribution limitation for 2016 was \$18,000. The Company may make safe harbor matching contributions each year, to be determined by the Employer before the beginning of the Plan year. Safe harbor matching contributions will equal 100% of each eligible participant’s elective deferrals that do not exceed 4% of his or her compensation for the Plan year. The Company made safe harbor matching contributions during the eleven-month period ended November 30, 2016 in the amount of \$250,896. The Company may also make discretionary profit sharing contributions each year, to be determined by the Employer. Participants were subject to certain eligibility requirements to receive the Company’s discretionary profit sharing contributions.

Participant Accounts – Each participant’s account was credited with the participant’s contributions and an allocation of (a) the Company’s discretionary contributions, and (b) investment earnings or losses (including net appreciation and depreciation in fair value of investments) and charged with an allocation of administrative expenses not paid by the Company. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which the participant was entitled was the benefit that can be provided from the participant’s account at the time of retirement, termination, total disability, or death.

Vesting – Participants immediately had a fully vested and nonforfeitable interest in their voluntary and Company safe harbor matching and discretionary profit sharing contributions plus earnings thereon. In accordance with the Plan termination, all employees became 100% vested in discretionary nonelective employer contributions as of October 1, 2016.

WASTREN ENERGX MISSION SUPPORT, LLC
401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOVEMBER 30, 2016 AND DECEMBER 31, 2015

Note 1—Description of the Plan (continued)

Benefits and Payments – Prior to October 1, 2016, on termination of service due to death, disability, or retirement, a participant would receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants that had reached the age 70½ were required to take certain minimum distributions, which were paid in annual installments, which did not extend beyond the participant's life expectancy. Participants could also withdraw all or any part of their vested account balance after having attained age 59½, incurred a disability or incurred a hardship in accordance with the Plan. Effective October 1, 2016, the Plan Administrator initiated procedures to make distributions as soon as possible in accordance with the terms of the Plan.

Notes Receivable from Participants – Participants were eligible to borrow up to 50% of their vested balance or \$50,000, whichever is less, but not less than \$1,000 from the Plan, for any purpose. Note terms ranged from one to five years or 30 years for the purchase of a primary residence. The notes were secured by the balance in the participant's account and bear an interest rate commensurate with local prevailing rates as determined by the third-party administrator. The interest rate for outstanding notes receivable from participants was 3.25% at December 31, 2015. Principal and interest were paid ratably through payroll deductions.

Note 2—Summary of significant accounting policies

Basis of Accounting and Change to Liquidation Basis – The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Management determined that liquidation was imminent upon resolution of the amendment to terminate the Plan described in Note 1. Accordingly, the Plan changed its basis of accounting from the ongoing basis to the liquidation basis as of and for the period ended November 30, 2016. GAAP requires entities in liquidation to measure assets at the estimated amount of cash or other consideration that is expected to be collected in settling or disposing of those assets and, if a reasonable basis for estimation exists, to accrue costs and income expected to be earned and incurred in carrying out its plan for liquidation. In converting to the liquidation basis, the Plan accrued an estimate of the administrative expenses expected to be incurred during the liquidation period. Management determined that the liquidation value of the Plan's investments approximated their fair value and no adjustment to the carrying amounts was necessary.

Investment Valuation and Income Recognition – The Plan's investments were stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for further discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Dividend income was recorded on the ex-dividend date and interest income was recognized when earned. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates – The preparation of financial statements in conformity GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Benefits Paid to Participants – Benefits are recorded when paid.

WASTREN ENERGX MISSION SUPPORT, LLC
401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOVEMBER 30, 2016 AND DECEMBER 31, 2015

Note 2—Summary of significant accounting policies (continued)

Administrative Expenses – Administrative expenses paid directly by the Company on behalf of the Plan include legal fees and accounting fees. Expenses paid by the Plan include third-party administration fees and investment fees.

Notes Receivable from Participants – Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans were treated as distributions based upon the terms of the Plan Document.

Note 3—Party-in-interest transactions

Capital Bank and Trust Company was the Trustee as defined by the Plan and, therefore, transactions with Capital Bank and Trust Company qualify as party-in-interest transactions. Fees paid during the year for administrative expenses rendered by parties in interest were based on customary and reasonable rates for such services and were paid by the Plan. For the eleven-month period ended November 30, 2016, total administrative fees paid by the Plan to parties in interest were \$7,805.

Note 4—Income tax status

American Funds, the sponsor of the prototype plan adopted by the Plan, has received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008. The Plan has not submitted its own document to the Internal Revenue Service for a determination letter, but is relying on the letter obtained by American Funds. It is the opinion of the Plan Administrator that the Plan and its underlying trust have operated with the terms of the Plan and are qualified under the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan Management has analyzed the tax positions were taken by the Plan, and has concluded that as of November 30, 2016 and December 31, 2015, no uncertain positions were taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5—Information certified by Plan's Trustee (unaudited)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the information certified by Capital Bank and Trust Company, the Trustee, as of November 30, 2016 and December 31, 2015 and for the eleven-month period ended November 30, 2016, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

Note 6—Fair value measurements

Fair Value Measurements and Disclosures provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 6—Fair value measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at November 30, 2016 and December 31, 2015.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (“SEC”). These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds – These investments are generally short-term money market funds valued using \$1 for the unit value. The Trustee establishes the market and quotes the price, on a daily basis, that is available to market participants. This valuation method is a market approach. As such, these money market funds are classified within Level 2 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2015:

Assets at Fair Value at December 31, 2015				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ -	\$ 2,058,061	\$ -	\$ 2,058,061
Mutual funds	9,205,081	-	-	9,205,081
Total	<u>\$ 9,205,081</u>	<u>\$ 2,058,061</u>	<u>\$ -</u>	<u>\$ 11,263,142</u>

There were no significant transfers between Level 1 and Level 2 investments during the year ended December 31, 2015.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2015.

December 31, 2015

Money Market Fund	\$ 2,058,061	N/A	Daily	N/A

Note 7—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8—Subsequent events

The Plan has evaluated subsequent events through January 25, 2017, which is the date the financial statements were available to be issued.
