Report of Independent Accountants

Plan Administrator
MGC Enterprises, LLC 401(k) Profit Sharing Plan

Report on the Financial Statements

We have audited the accompanying financial statements of the MGC Enterprises, LLC 401(k) Profit Sharing Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the 2013 financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2013 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the 2013 financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the 2013 financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the 2013 financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the 2013 financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the 2013 financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion on the 2013 Financial Statements

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Plan Administrator
MGC Enterprises, LLC 401(k) Profit Sharing Plan

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets (Held at End of Year), referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the 2013 financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2013 financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2013 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2013 financial statements or to the 2013 financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the 2013 financial statements as a whole.

Report on Compiled 2012 Financial Statement

We have compiled the accompanying statement of net assets available for benefits of the Plan as of December 31, 2012. We have not audited or reviewed the statement of net assets available for benefits and, accordingly, do not express an opinion or provide any assurance about whether the financial statement is in accordance with accounting principles generally accepted in the United States of America.

Plan management is responsible for the preparation and fair presentation of the financial statement in accordance with accounting principles generally accepted in the United States of America and for designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with *Statements on Standards for Accounting and Review Services* issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statement.

Plan Termination

As discussed in Note 2 to the financial statements, the Plan Sponsor merged the Plan into the ROA 401(k) Plan, a multiple employer plan, as of March 24, 2014. Our opinion is not modified with respect to this matter.

MGC Enterprises, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2013

1. Description of the Plan

General

The MGC Enterprises, LLC 401(k) Profit Sharing Plan (the "Plan") is a defined contribution plan available to all employees of MGC Enterprises, LLC (the "Plan Sponsor"). Participation in the Plan is strictly voluntary, and employees can elect to participate on the first of January or July after attainment of age 21 and completion of 1,000 hours of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan Sponsor is responsible for the administration of the Plan and has entrusted the maintenance of records and the day-to-day administration to PAi Trust Company ("PAi" or the "Custodian").

Contributions

Participating employees may defer 401(k) contributions up 90% of their compensation, subject to the Internal Revenue Service ("IRS") limitations. In addition, participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans; there were no participant rollovers to the Plan in 2013.

The Plan Sponsor will make enhanced safe harbor matching contributions to the Plan of 100% of the first 4% of employee deferrals. The Plan Sponsor may also make discretionary qualified nonelective contributions. During 2013, the Plan Sponsor did not make a discretionary qualified nonelective contributions.

Participant contributions to the Plan are made through periodic payroll deductions. The participant contributions and Plan Sponsor safe harbor matching contributions are remitted to PAi after each payroll. Discretionary qualified nonelective contributions, if any, are remitted annually. Receivables from the Plan Sponsor for contributions, if any, are unsecured.

Participant Accounts

Participants may allocate their employee and Plan Sponsor contributions among various investment options as listed in the schedule of assets (held at end of year). Participants have the opportunity to change the investment options previously elected at any time.

Each participant's account is credited with the participant's contributions, the Plan Sponsor's safe harbor matching contributions, discretionary qualified nonelective contributions and Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

1. Description of the Plan (continued)

Investments

The Plan's investments are invested in funds offered by PAi. The maximum loss, if any, that would be incurred by the Plan if the counterparties to the Plan's investments failed to perform is the recorded amount of such investments.

The Plan's investments in Mutual Funds are stated at fair value based on the last reported sales price for the year. In accordance with the policy of stating investments at fair value, net appreciation or depreciation in the fair value of investments is reflected in the Statement of Changes in Net Assets Available for Benefits. This includes all investments bought or sold, as well as held, during the year.

Participant Notes Receivable

Participants may borrow part of the value of their before-tax contributions from the Plan. The amount is required to be at least $1,000 and not more than half of the vested value of their account, limited to $50,000. The note is secured by the participant's remaining vested account balance. The notes are required to bear interest and be repaid over periods not exceeding five years, except for those utilized for the acquisition or improvement of a qualified principal residence, which may be repaid over a reasonable period of time.

Participant notes receivable are measured at unpaid principal balance plus any accrued but unpaid interest.

Upon default of participant notes receivable, the entire outstanding principal and interest shall be immediately due and payable. If a distributable event, as defined by the Internal Revenue Code ("IRC"), has occurred, the note receivable will be foreclosed on and be offset against the participant's account balance. If a participant's note receivable is in default, the participant shall be treated as having a taxable deemed distribution, whether or not a distribution event has occurred.

Payment of Benefits

If the participant's vested benefit in the Plan does not exceed $1,000 at the time of termination of employment, the participant's benefit must be distributed in a single lump-sum payment as soon as administratively feasible. If the participant's vested benefit in the Plan exceeds $1,000 at the time of termination of employment, the participant may elect to either maintain their account in the Plan, receive a lump-sum distribution or rollover their account balance into another individual retirement account. Participants may also withdraw their vested account balances at any time on or after the age of 59½, or upon retirement, death or disability.

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions, Plan Sponsor safe harbor contributions and discretionary qualified nonelective contributions, plus actual earnings on these contributions.

Plan Termination

The Plan Sponsor expects to continue the Plan indefinitely but reserves the right, subject to the provisions of ERISA, to terminate the Plan in whole or in part at any time upon giving written notice to all parties concerned. In the event of Plan termination, participants will become 100% vested in their accounts (See Note 2).

Summary Plan Description

The foregoing description of the Plan provides only general information. Additional information related to the Plan is included in the MGC Enterprises, LLC 401(k) Profit Sharing Plan Summary Plan Description. Copies of this publication are available from the Plan Sponsor.

2. Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis, as are annual returns filed under applicable provisions of ERISA and the IRC.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Fees for legal, accounting and other administration are paid by the Plan Sponsor.

2. Significant Accounting Policies (continued)

Subsequent Events

In preparation of the accompanying financial statements, subsequent events that have occurred since the statement of net assets available for benefits date have been evaluated through May 31, 2017, the date the financial statements were available for issuance.

The Plan Sponsor merged the Plan into the ROA 401(k) Plan, a multiple employer plan, as of March 24, 2014.

3. Income Tax Status

The IRS has ruled the volume submitter plan from which the Plan was prepared qualifies under provisions of the IRC and is, therefore, not subject to tax under present income tax law. Although the Plan has been amended since receiving the advisory letter, the Plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualification status and believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for periods prior to 2010.

4. Investments

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows as of December 31:

	2013	2012
Lord Abbett Affiliated A	**$ 61,612**	**
Lord Abbett Affiliated B	**107,173**	$ 95,853
Lord Abbett Affiliated R3	**101,401**	62,385
Lord Abbett Bond-Debenture B	**79,391**	88,963

Lord Abbett Int'l Opp A	**58,737**	**
Lord Abbett Int'l Opp B	**91,129**	84,801
Lord Abbett Int'l Opp R3	**84,387**	51,953

**Fair value did not exceed 5% of the Plan's net assets available for benefits at year-end.

5. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Quoted prices in active markets for identical assets.
Level 2	Significant other observable inputs.
Level 3	Significant unobservable inputs.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

5. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for investments measured at fair value:

Mutual Funds: Valued at the net asset value ("NAV") of the shares, which have quoted prices on the active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the fair value of the Plan's investments as of December 31, 2013:

	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds:

The following table sets forth by level, within the fair value hierarchy, the fair value of the Plan's investments as of December 31, 2012:

	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds:

Money Market	30,916	–	–	30,916
Total assets, at fair value	$ 821,433	$ –	$ –	$821,433

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
