Coating Excellence International Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Coating Excellence International Retirement Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of August 31, 2016 and December 31, 2015, and the related statement of changes in net assets available for benefits for the period January 1, 2016 through August 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by BMO Harris Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of August 31, 2016 and December 31, 2015, and for the period January 1, 2016 through August 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

COATING EXCELLENCE INTERNATIONAL RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2016 AND DECEMBER 31, 2015

1. Plan description

The following description of the Coating Excellence International Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Coating Excellence International, LLC (the "Company"), who have sixty days of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On August 5, 2016, the Plan transferred all assets into the ProAmpac Retirement Plan, which was formed on August 1, 2016. In connection with the transfer, the participants' account balances, including all investments and loans, and related Plan net assets in the amount of $32,460,142 were transferred into the ProAmpac Retirement Plan. All eligible participants of the Coating Excellence International Retirement Savings Plan were immediately eligible to participate in the ProAmpac Retirement Plan.

Contributions

Each year participants may contribute a percentage of their annual compensation to the Plan, as defined in the plan document. Unless specifically instructed by the employee, the employee is automatically enrolled in the Plan deferring 6% of their pre-tax compensation. There is an automatic increase of 1% per year until a maximum deferral of 10% is reached. Participants may also roll over amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offered twenty mutual funds and a common collective trust ("CCT") as investment options for participants. The Company, at its discretion, may make matching contributions to the Plan each year. For the period January 1, 2016 through August 31, 2016, the Company elected to contribute 40% of the first 8% of base compensation that a participant contributes to the Plan, subject to IRS limitations. The Company contribution is allocated amongst investment options based on the participant's selected allocation percentages. The Company matching contribution for the period January 1, 2016 through August 31, 2016 was $442,912. The Company may also make a discretionary contribution in addition to the match. There was no additional discretionary contribution made for the period January 1, 2016 through August 31, 2016.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching and discretionary contributions and (b) plan earnings, and charged with (a) an allocation of administrative fees and expenses paid out of the Plan, and (b) decreases in investment value. Allocations of matching and discretionary contributions are based on participant deferrals and allocations of plan earnings are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, and earnings thereon. Participants are fully vested in the Company matching and discretionary contribution after five years of credited service, vesting 40% at the end of year two and vesting 20% per year through year five. Effective July 1, 2016, the Plan was amended to revise the vesting schedule. Participants who completed an hour of service on or after October 1, 2015, and were hired prior to July 1, 2016, will be 100% vested in the employer and matching contributions. For those hired after July 1, 2016, a 3-year cliff vesting schedule will be used.

Notes receivable from participants

Participants may borrow a minimum of $1,000 up to a maximum equal to $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.13% to 5.25%, as determined on the date the loan is issued. Should the participant be on military leave, the maximum rate charged is 6%. Principal and interest are paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Expenses of the Plan

The Plan pays certain administrative expenses. The Company provides other administrative services at no cost to the Plan, which are excluded from these financial statements. Investment income is stated net of investment fees.

Forfeited accounts

Participant forfeitures of Company matching and discretionary contributions are first used to offset the Company matching contribution. The remaining balance may be applied to expenses of the Plan. At December 31, 2015, forfeited non-vested accounts totaled $19,673. During 2016, there were no forfeited non-vested accounts used to pay Company matching contributions. Unused forfeitures in the amount of $12,624 were transferred to the ProAmpac Retirement Plan.

Payment of benefits

On termination of service due to death, disability or retirement, or any other reason, a participant may elect to receive the value of the participant's vested interest in his or her account in either a lump-sum amount or installments.

Net assets of withdrawing participants

No participants had elected to withdraw from the Plan prior to August 31, 2016 that had not received distributions before that date.

2. Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties

The Plan utilizes various investment instruments, including mutual funds and a CCT. Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Benefits

Benefit payments are recorded when paid.

3. Transactions with related parties

The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. Expenses relating to specific participant transactions (i.e. loan setup, distribution request, etc.) are charged directly against the appropriate participant's account.

4. Tax status

On January 27, 2015, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

5. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 28,345,274	$ -	$ -	$ 28,345,274
Total assets in the fair value hierarchy	28,345,274	-	-	28,345,274
Investments measured at net asset value (a)	-	-	-	2,709,866
Investments at fair value	$ 28,345,274	$ -	$ -	$ 31,055,140

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the net assets available for benefits.

6. Reportable transactions

No reportable transactions were noted in 2016 and 2015.

7. Information certified by the Plan's trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, BMO Harris Bank, N.A., the trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statement of Net Assets Available for Benefits as of August 31, 2016 and December 31, 2015.
- Net investment income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the period ended August 31, 2016.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of August 31, 2016.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information included in the financial statements and supplemental schedule.

8. Fidelity bonding requirements

The Plan was covered by a $1,000,000 fidelity bond during 2016 and 2015.

9. Subsequent events

The plan administrator has evaluated subsequent events through June 13, 2017, the date the financial statements were available to be issued.

As discussed in Note 1, all plan assets were transferred to the ProAmpac Retirement Plan on August 5, 2016. The plan administrator is not aware of any additional subsequent events that would require recognition or disclosure in the Plan's financial statements.
