Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company, dba Principal Trust Company (custodians), except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company, dba Principal Trust Company held the Plan's investment assets and executed investment transactions from September 1, 2015 to August 31, 2016. The plan administrator has obtained certifications from the custodians

as of and for the year ended August 31, 2016, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Other Matter – Adoption of New Accounting Standard

As discussed in Note 2 to the financial statements, in 2015 the Plan adopted the provisions of the Financial Accounting Standards Board Accounting Standards Update 2015-12, Plan Accounting: *Defined Benefit Pension Plans, Defined Contribution Plans, and Health and Welfare Benefit Plans*. Our opinion is not modified with respect to this matter.

Other Matter – Supplemental Schedules

The supplemental Schedules of Assets (Held at End of Year) and Delinquent Participant Contributions as of and for the year then ended August 31, 2016, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter – 2015 Financial Statements

The financial statements of the Plan as of August 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company, dba Principal Trust Company (custodians). Their report, dated June 10, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information certified by the

custodians, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations 2016

NOTE 1: DESCRIPTION OF PLAN

The following description of the Kenneth Fox Supply Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor defined contribution plan established for the benefit of the employees of the following companies (collectively, the Company and Employer):

Kenneth Fox Supply Company
Fox Solutions, LLC

The original effective date of the Plan was September 1, 1977. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendments

Effective April 28, 2010, the Plan was amended to include Fox Solutions, LLC as an affiliated employer adopting the Kenneth Fox Supply Company 401(k) Profit Sharing Plan.

Effective for Plan years beginning on and after September 1, 2009, the Plan was amended to adopt the 401(k) Safe Harbor Provisions. Under this amendment, the basic matching contribution will be made by the Company to the account of each eligible participant in an amount equal to the sum of 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% (up to 5%) of the participant's compensation.

Eligibility

Employees are eligible to begin participation in the Plan once they have reached the age of 21 and have completed 90 days of service. Employees' entry dates into the Plan are the dates in which employees have satisfied the eligibility requirements.

Participants are eligible for a discretionary nonelective profit sharing contribution determined by the Employer each year. To be eligible for the discretionary profit sharing contribution, employees must (1) be employed on the last day of the Plan year and (2) must have completed a year of service. A year of service is considered complete, if at the end of the Plan year, at least 1,000 hours of service have been completed

Contributions

Participants may contribute up to the maximum allowable limit of $18,000 in 2016 of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions ($6,000 in 2016). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

NOTE 1: DESCRIPTION OF PLAN (Continued)

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan is a safe harbor plan and the Company makes an annual safe harbor contribution equal to 100% of the elective deferral on the first 3% of compensation and 50% of elective deferral amounts over 3% (up to 5%) of compensation that a participant contributes to the Plan. Employee and employer contributions are invested according to employee investment elections.

The employer may also elect to make a discretionary nonelective profit sharing contribution determined by the Employer each year to eligible participants as mentioned above.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, an allocation of the Company's contribution, Plan earnings, and an allocable portion of the Plan's forfeitures. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

Forfeiture accounts can be used to pay Plan administrative expenses or used to reduce Employer contributions (matching, profit sharing, or ADP test safe harbor contribution). At August 31, 2016 and 2015, there were no forfeited non-vested accounts.

Investment Options

Upon enrollment into the Plan, participants direct their salary deferral contributions to selected investments as made available. These investment options are more fully described in the Plan's literature. Participants may change their investment options periodically.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum of equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the rate of 1% above the prime rate for 2016. Principal and interest is paid ratably through weekly payroll deductions. Participants can only have one outstanding loan at one time. This was new provision in the Plan for 2016.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant will become 100% vested in their account balance and will receive a lump-sum distribution or may elect to receive a delayed distribution. No annuities are allowed under the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan allows for hardship distributions not to exceed the amount of immediate financial need if the withdrawal request is for a purpose delineated in the Plan document. The Plan document explains more detailed specifics on the payment of benefits.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Vesting

Each participant is 100% vested in his or her voluntary contribution account plus actual earnings thereon. Safe harbor contributions are immediately 100% invested. Employer matching contributions and nonelective profit sharing contributions are discretionary contributions and are vested according to the following schedule:

Vesting Schedule	
Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Trustee Information

The Plan's Individual Trustees are L. Keith Fox and Aaron D. Fox.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are maintained on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Adoption of New Accounting Standard

In July 2015 the Financial Accounting Standard Board issued Accounting Standards Update 2015-12 ("ASU 2015-12") Plan Accounting: *Defined Benefit Pension Plans, Defined Contribution Plans, and Health and Welfare Benefit Plans*, which included new reporting and disclosure requirements for employee benefit plans. Under ASU 2015-12, fully-benefit responsive investment contracts are reported at contract value only, with no adjustment for estimated fair value. Additionally, the ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type.

It also simplifies the level of disaggregation of investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (Continued)

The Plan elected to early implement the provisions of this new accounting standard. Comparative financial statements and disclosures of prior years have been adjusted to apply the new requirements retrospectively. There was no effect on previously reported net assets benefits due to the adoption of this new accounting standard.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles, requires the Plan sponsor to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of August 31, 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to distributing participant balances are deducted from the benefit payment made to the participant. Other fees for recordkeeping are deducted from the investment return of participant accounts and are a percentage of participant account balances.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN

At August 31, 2016 and 2015, the Plan's investments were held by The Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company, dba Principal Trust Company.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN (Continued)

The following is a summary of the Plan's financial information that is included in the financial statements and supplemental schedules based on information certified by The Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company, dba Principal Trust Company as complete and accurate under the Employee Retirement Income Security Act of 1974:

a) Total investments, at fair value, included in the statements of net assets available for benefits at August 31, 2016 and 2015;
b) Investment income information included in the statement of changes in net assets available for benefits for the year ended August 31, 2016
c) All amounts included in Note 4, *Fair Value Measurements (Unaudited)*
d) All amounts included in Note 5, *Transactions With Parties-in-Interest Transactions* (except for notes receivable from participants); and
e) The schedule of assets (held at the end of the year) as of August 31, 2016 and the schedules of Delinquent Participant Contributions as of August 31, 2016 and 2015.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs that utilize quoted prices (unadjusted) in active markets for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted market prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Level 3 Fair Value Measurements

Inputs that are unobservable for the assets or liabilities, which are typically based on the Plan's own assumptions, as there is little, if any, related market value.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value as well as the general classification of such items pursuant to the fair value hierarchy of ASC 820:

Pooled Separate Accounts. Pooled separate accounts are variable annuity investment contracts. Unit values for these variable annuity investment options are calculated daily by the annuity provider according to methods described in the group annuity contract. The initial pricing input is the quoted net asset value (NAV) obtained for the underlying investments, which can include, but are not limited to, stocks, bonds, mortgages, real estate, mutual funds, other separate accounts, etc., which is then adjusted to apply the expense factor disclosed in the group annuity contract. Units of participation can be redeemed on a daily basis. Investment strategies of the various underlying mutual funds are generally fixed income, blended, growth, or value.

Common/Collective Trusts. The NAV is used as a practical expedient for fair market value. All redemptions of the collective investment trusts are at the NAV, which is calculated on a daily basis. Net investment income and realized and unrealized losses on underlying investments are not distributed to participants and are reflected in the unit value. The common/collective trust funds are subject to withdrawal risk if a significant withdrawal of capital from the portfolio occurs. In cases such as these, the portfolio may be required to sell its more liquid portfolio investments to meet a large redemption, which could result in the portfolio's remaining assets being less liquid, more volatile, and more difficult to price. The custodian (Delaware Charter Guarantee & Trust Company, dba Principal Trust Company) has the authority to suspend the offering or redemption of fund units or postpone payment dates for a period of time. Investment strategies of the funds seek total return consisting of long-term growth of capital and current income, consistent with an investor who seeks to retire at a certain date.

Mutual Funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth, by level within the fair value hierarchy, and as determined by the agent on behalf of the Plan custodian, the Plan's investments at fair value as of August 31, 2016 and 2015:

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

August 31, 2016	Fair Value	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2
Pooled Separate Accounts	$ 255,206	$ -	255,206
Common/Collective Trusts	2,717,136	-	2,717,136
Mutual Funds	119,550	119,550	-
Total Assets at Fair Value	$ 3,091,892	$ 119,550	$ 2,972,342
August 31, 2015			
Pooled Separate Accounts	$ 195,363	$ -	$ 195,363
Common/Collective Trusts	2,650,936	-	2,650,936
Mutual Funds	19,092	19,092	-
Total Assets at Fair Value	2,865,391	19,092	2,846,299

Gains and losses included in changes in net assets available for benefits for the years ended August 31, 2016 and 2015, are reported in net appreciation in fair value of investments.

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to change, amend or discontinue the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

NOTE 6: TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan holds notes receivable from participants. As a result, these receivables and all transactions relating to these receivables were with parties-in-interest. These transactions are exempt from being prohibited transactions by ERISA.

Certain Plan investments are variable annuity contracts managed by The Principal Life Insurance Company and The Delaware Charter Guarantee & Trust Company, dba Principal Trust Company. Therefore, these transactions qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Fees paid by the Plan for administrative services such as audit, investment management and recordkeeping are paid outside of the Plan by the Plan sponsor. Participants pay a fee for record keeping and account maintenance, which is a percentage of participant account balances.

NOTE 6: TRANSACTIONS WITH PARTIES-IN-INTEREST (Continued)

Participants also pay fees on transaction-specific items such as distributions and loans. The Plan has other expenses which are paid directly by the service providers, such as sales commissions.

In addition, the service providers receive revenue sharing compensation paid with respect to the various funds. These revenue sharing payments are reflected in total returns associated with investment options. Total fees paid by the Plan totaled $4,833 for the fiscal year ended August 31, 2016.

NOTE 7: NON EXEMPT PARTY-IN-INTEREST TRANSACTIONS

For the Plan year ended August 31, 2016, the Company has not remitted certain participant contributions to the custodian in a timely manner based on when the participant contributions were withheld from participant paychecks as required under Department of Labor Regulation §2510.3-102.

The Company, subsequent to the end of the year has filed IRS form 5330 to report and pay an excise tax with respect to the fiscal year 2016 late remittances, and participant accounts have been credited with the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis. Such amounts are not significant to the Plan's financial statements.

NOTE 8: FEDERAL INCOME TAX STATUS

The Plan has adopted a prototype standardized plan and the prototype sponsor has received an opinion letter on the acceptability of the form of the Plan dated March 31, 2014 indicating the Plan is a qualified plan meeting the applicable requirements of applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10: SUBSEQUENT EVENTS

Subsequent events have been evaluated through June 13, 2017, which is the date the financial statements were available to be issued. With the exception of the matter discussed in Note 7, Non Exempt Party-In-Interest Transactions, no matters were identified affecting the accompanying financial statements or related disclosures.
