Notes to Financial Statements

February 29, 2016 and December 31, 2015

1. Summary of Significant Plan Provisions

The following description of the Trillium Farm Holdings, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

- a. **General** – The Plan was a defined contribution plan for the benefit of the employees of Trillium Farm Holdings, LLC (the “Employer”). It was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Effective February 29, 2016, the Plan was merged with the Center Fresh Group 401(k) Plan.

- b. **Eligibility** – Employees were allowed to enter the Plan on the first day of the month following completion of three months of service and attaining 21 years of age.
- c. **Contributions** – Participants could contribute through payroll deductions and eligible rollover contributions. Participants could elect to contribute 1% to 90% of their compensation. The Employer could make a matching contribution equal to 50% of the first 6% of the participant’s contributions. Effective January 1, 2016, participant and Employer contributions were funded to the Center Fresh Group 401(k) Plan.
- d. **Participant accounts** – Each participant’s account was credited with the participant’s contributions and allocations of (a) the Employer’s contributions and (b) Plan earnings/losses and was charged with applicable withdrawals and an allocation of any administrative expenses. Allocations were based on participant earnings, contributions or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant’s vested account.
- e. **Vesting** – The benefits attributable to a participant were fully vested upon retirement, death or disability. If a participant terminated employment other than because of their death, disability or retirement, they were entitled to the total value of their own contributions and earnings/losses thereon, plus a vested percentage of Employer contributions and earnings/losses thereon. The Plan’s vesting schedule was as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years of more	100%

Notes to Financial Statements**February 29, 2016 and December 31, 2015****1. Summary of Significant Plan Provisions (cont.)**

- f. **Investment options** – Upon enrollment in the Plan, participants could direct their contributions to any of the investment options offered under the Plan. Participants could change their investment selections at any time.
- g. **Notes receivable from participants** – Participants could borrow from their vested account balance, a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance during the previous one-year period. The loans were collateralized by the balance in the participant's account and bore interest at PRIME plus 2%. Note terms ranged from one to five years unless the note was used to acquire the participant's primary residence for which the term could be extended to no more than 30 years. Principal and interest were paid ratably through payroll deductions.
- h. **Payment of benefits** – Upon termination of service with the Employer, a participant could elect to receive a lump sum or annuity equal to the value of the participant's vested interest in their account. A participant, upon termination of employment, could also elect to defer payment of their account balance if it exceeded \$5,000. If a terminated participant's account balance was equal to or less than \$5,000, the account was automatically distributed. In-service withdrawals were available to participants who met certain hardship requirements or had attained age 59½.
- i. **Corrective distributions** – The Plan failed the actual contribution percentage and actual deferral percentage tests for the year ended December 31, 2015. Corrective distributions in the amount of \$19,906 were recorded as a liability in the accompanying financial statements as of December 31, 2015. These corrective distributions were refunded to the applicable participants in 2016.
- j. **Termination of the Plan** – Effective February 29, 2016, the Plan was merged with the Center Fresh Group 401(k) Plan.

2. Summary of Significant Accounting Policies

- a. **Basis of accounting** – The financial statements of the Plan were prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.
- b. **Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America required management to make estimates and assumptions that affected certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.
- c. **Investment valuation and income recognition** – Investments were reported at fair value. See Note 4 for discussion on fair value measurements.

Notes to Financial Statements**February 29, 2016 and December 31, 2015****2. Summary of Significant Accounting Policies (cont.)**

Purchases and sales of securities were recorded on a trade-date basis. Interest was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net change in fair value of investments included the Plan's gains and losses on investments bought and sold, as well as held during the period.

- d. **Notes receivables from participants** – Notes receivable from participants were measured at their unpaid principal balance plus any accrued, but unpaid, interest. Delinquent notes receivable from participants were recorded as a distribution based upon the terms of the Plan document.
- e. **Payment of benefits** – Benefits were recorded when paid.
- f. **Administrative expenses** – During the period ended February 29, 2016, all administrative expenses of the Plan were voluntarily paid by the Employer.

3. Investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by State Street Bank and Trust Company ("State Street"), the trustee of the Plan, and was not subjected to any audit procedures, except for comparing the information with the related information included in the financial statements:

- a. Investments at fair value as shown in the accompanying statement of net assets available for benefits of \$942,606 as of December 31, 2015.
- b. Interest and dividends as shown in the accompanying statement of changes in net assets available for benefits of \$361 (excluding \$19 of interest from notes receivable from participants) for the period ended February 29, 2016.
- c. Net change in fair value of investments as shown in the accompanying statement of changes in net assets available for benefits of \$(41,980) for the period ended February 29, 2016.
- d. All investment transactions that occurred during the Plan period ended February 29, 2016.

The Plan provided for investments in various investment securities which, in general, were exposed to various risks, such as interest rate, credit and overall market volatility risk.

Notes to Financial Statements**February 29, 2016 and December 31, 2015****4. Fair Value Measurements**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is categorized based on a hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Money market fund: This investment is valued at the fair value of the underlying investments. The underlying investments' objective is to achieve \$1 per share value.

Mutual funds: These investments are valued at quoted market prices on the last business day of the Plan period.

Common collective trust funds: These investments are valued based on the net asset value ("NAV") of units held by the Plan at period end, as calculated by the issuer. The NAV is calculated based on the fair value of the underlying assets owned by the funds, minus its liabilities, divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value.

Notes to Financial Statements

February 29, 2016 and December 31, 2015

4. Fair Value Measurements (cont.)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 905,031	\$ -	\$ -	\$ 905,031
Money market fund	<u>-</u>	<u>3,286</u>	<u>-</u>	<u>3,286</u>
Total assets in the fair value hierarchy	<u>\$ 905,031</u>	<u>\$ 3,286</u>	<u>\$ -</u>	908,317
Investments measured at NAV				<u>34,289</u>
Investments at fair value				<u>\$ 942,606</u>

The following table summarizes investments as of December 31, 2015 for which fair value was based on the NAV practical expedient:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common collective trust funds				
State Street Bank and Trust Company				
International Index Securities Lending Series Fund	\$ 298	N/A	Daily	None
Russell Small Cap Index Securities Lending Series Fund	12,741	N/A	Daily	None
S&P 500 Index Securities Lending Series Fund	13,053	N/A	Daily	None
S&P Mid Cap Index Non-Lending Series Fund	8,197	N/A	Daily	None

5. Tax Status

The prototype plan document the Plan was utilizing received an opinion letter dated July 8, 2014, in which the Internal Revenue Service ("IRS") stated the document was designed in accordance with the applicable requirements of the Internal Revenue Code ("IRC"). As permitted by the IRS, the Plan was relying on the opinion letter on the prototype plan document for its own qualification. Although the prototype plan document was amended since receiving the opinion letter, the Plan administrator believed the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to Financial Statements**February 29, 2016 and December 31, 2015****5. Tax Status (cont.)**

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of February 29, 2016, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

6. Parties-in-Interest Transactions

The Plan was invested in investments of \$37,575 issued by State Street Global Advisors at December 31, 2015. Inasmuch as State Street served as trustee of the Plan, they were by definition a party-in-interest. In addition, the Plan held notes receivable from participants. As a result, these notes receivable and all related transactions were with parties-in-interest. All of these transactions are exempt from being prohibited transactions by ERISA.

7. Subsequent Events Evaluation Date

Management of the Plan evaluated the events and transactions subsequent to its February 29, 2016 financial statement date and determined there were no significant events necessary for disclosure through June 9, 2017, which is the financial statement issuance date.
