NOTE A - DESCRIPTION OF THE PLAN

The following description of the Sterling Lumber Company 401(k) Plan (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

   The Plan is a defined contribution profit sharing and 401(k) plan covering eligible employees of Sterling Lumber Company (the Company). Employees are eligible to participate upon completion of twelve months of service in which they have 1,000 hours of service and attain the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

   The Plan is funded by voluntary contributions of participants and nonelective safe harbor and discretionary profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company accrued nonelective safe harbor contributions and discretionary profit sharing contributions of $251,867 to the Plan for the year ended December 31, 2015.

3. Investment Options

   Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's nonelective safe harbor and discretionary profit sharing contributions, and an allocation of plan earnings. The Company's nonelective safe harbor is allocated based on a percentage of the participant's eligible wages. The Company's discretionary profit sharing contribution is allocated as of the last day of the plan year to employees with at least 1,000 hours of service during the Plan year and is based on a ratio of each eligible participant's compensation to total compensation for all eligible participants. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are immediately fully vested in participant, rollover, and nonelective safe harbor contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's discretionary profit sharing contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, installments over a specified period of time, or a direct rollover distribution. Upon reaching the age of 59½, a participant may receive an in-service distribution subject to certain tax withholdings in accordance with provisions of the Internal Revenue Code.

7. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net depreciation in value of investments.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

8. Forfeitures

At December 31, 2015 and 2014, unallocated plan assets resulting from forfeited nonvested accounts totaled $5,133 and $787, respectively. These accounts will be used to reduce future Company contributions. Forfeitures of $4,356 were used to reduce discretionary Company contributions related to the Plan year ended December 31, 2015.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include the following:

* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts: Valued at net asset value (NAV) per unit as determined by the insurance company or contract administrator. Such NAV is based on the value of the underlying assets and liabilities of the account. Participants may transfer in and out of such trusts on a daily basis without any prohibitive restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Plan Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Investments measured at NAV*	$ -	$ -	$ -	$ 2,857,915
Investments, at fair value				$ 2,857,915

	Plan Investments at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Investments measured at NAV*	$ -	$ -	$ -	$ 2,942,488
Investments, at fair value				$ 2,942,488

* Certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments, at fair value line item presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2015, and 2014, respectively. There are no participant or plan level redemption restrictions for these investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

	December 31, 2015			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 2,857,915	$ -	Immediately	None
	$ 2,857,915	$ -		

	December 31, 2014			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 2,942,488	$ -	Immediately	None
	$ 2,942,488	$ -		

3. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determines the Plan's valuation policies utilizing information provided by the custodian. See Note B-2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Payment of Benefits

Benefits are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

7. Adoption of New Accounting Standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent),* which exempts investments measured using the NAV practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard as it simplifies the disclosures relating to investments measured using the NAV practical expedient. Accordingly, the amendment was retrospectively applied resulting in an adjustment to the 2014 presentation of information reported in Note B-2.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Adoption of New Accounting Standards (Continued)

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Parts I and II early for the 2015 plan year. Accordingly, the amendments were retrospectively applied resulting in adjustment to the 2014 presentation of investments on the statement of net assets available for benefits and adjustment to the 2014 presentation of information reported in Note B and Note C. Part III is not applicable to this Plan.

NOTE C - INFORMATION CERTIFIED BY TRANSAMERICA LIFE INSURANCE COMPANY

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental information, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental information related to the following assets:

NOTE C - INFORMATION CERTIFIED BY TRANSAMERICA LIFE INSURANCE COMPANY (Continued)

	2015	2014
Investments, at fair value		
Pooled separate accounts	$ 2,857,915	$ 2,942,488
Investment, at contract value		
Fully benefit-responsive investment contract	37,724	98,783
	$ 2,895,639	$ 3,041,271

The custodian also certified the completeness and accuracy of $55,865 of net depreciation in value of investments and $609 of interest income related to the aforementioned assets for the year ended December 31, 2015.

NOTE D - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract with Transamerica Life Insurance Company through the Stable Value Core Fund which is reported at contract value. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

Transamerica Life Insurance Company maintains the contributions in its general account. Transamerica Life Insurance Company guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rating is updated semi-annually based upon contract provisions, and there is no stated minimum interest rate. Transamerica Life Insurance Company's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The contract does not provide for any conditions or circumstances under which distributions from the contract would be payable at amounts below contract value. Upon discontinuance of the contract, contract value would be paid out no later than one year from the date the sponsor provides notice to discontinue.

NOTE E - INCOME TAX STATUS

The Plan has adopted a nonstandardized form of a prototype plan sponsored by Samuel J Cutrara & Co. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Transamerica Life Insurance Company. Transamerica Life Insurance Company is the custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE I - PLAN AMENDMENTS

Effective January 1, 2015, the Plan was amended and restated to adjust the discretionary profit sharing contribution formula. Interested parties should refer to the plan document for a complete description of the changes.

Effective January 1, 2014, the Plan was amended to change the definition of eligible compensation. Interested parties should refer to the plan document for a complete description of the changes.

NOTE J - PROHIBITED TRANSACTIONS

The Plan Sponsor failed to deposit participant contributions within the required timeframe as stated by the DOL. The DOL considers late deposits to be prohibited transactions as disclosed in the accompanying supplemental information. The Plan Sponsor intends to correct these deficiencies in 2016.

NOTE K - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 14, 2016, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.
