**ARBY'S RESTAURANT GROUP, INC.
401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015**

1. DESCRIPTION OF PLAN

The following description of the Arby's Restaurant Group, Inc. 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the official Plan document for complete information.

General

The Plan is a defined contribution plan covering substantially all employees of Arby's Restaurant Group, Inc. (the "Company") except for nonresident alien employees, leased employees or independent contractors of the Company and employees working outside the United States. The Plan, as adopted by the Company effective August 1, 2011, is a profit-sharing plan with a 401(k) arrangement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility and Participant Contributions

Employees of the Company are eligible for participation in the Plan if they have attained age 21 and have completed 60 days of service, as defined by the Plan. The Plan's entry date is the first day of each month following the completion of the eligibility requirements. Participants may direct their contributions as well as their allocable Company contributions into any investment option offered by the Plan.

Participants may elect to defer up to 75% of compensation, before taxes, subject to certain Internal Revenue Code (IRC) limitations. An employee may terminate his or her election to participate at any time. Participants may also elect to make supplemental catch-up contributions, subject to IRC limitations. Employees may roll over into the Plan amounts that represent a "qualified total distribution" or a complete distribution from an individual retirement account or individual retirement annuity, as defined by the IRC and the Plan.

Company Contributions

The Company adopted a safe-harbor matching formula whereby the Company matches 100% up to 3% of each participant's plan contributions and 50% of the next 2% of each participant's plan contributions. In order for participants to be eligible for the Company's matching contribution, they must have completed one year of service, as defined by the Plan and be at least age 21. Employee match entry dates are January 1, April 1, July 1 or October 1. The Company, at its discretion, may also make a profit-sharing contribution to the Plan. The Company did not elect to make a profit-sharing contribution for the 2016 Plan year.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, allocation of the Company's contributions and Plan earnings and is charged with withdrawals, recordkeeping fees and administrative fees and an allocation of Plan losses. Allocations are based on participant earnings (losses) or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

1. DESCRIPTION OF PLAN – CONTINUED

Vesting

Participants are vested 100% at all times in their 401(k) salary deferral, safe-harbor matching contributions, rollovers, and any investment earnings on these amounts.

Withdrawals and Distributions

Generally, a participant's vested account balance is payable by lump-sum distribution, between ages 59½ and 70½, upon his or her retirement or disability. Upon termination of employment, the vested portion of the participant's account may be withdrawn in a lump sum or left in the Plan. If the vested amount is \$5,000 or less, a lump-sum distribution is required.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The minimum amount that can be borrowed is \$1,000. The loans are secured by the balance in the participant's account and bear interest at the current prime lending rate plus 1%. The Plan adjusts the interest rate on a quarterly basis. Principal and interest are paid ratably through payroll deductions. Repayments of the loans are made in substantially equal payroll deductions amortized over the life of the loan. Participants may have only one loan outstanding at any time. The loans must be repaid within five years, unless used to purchase a primary residence, in which case the term may be extended to twenty years.

Plan Administration

The Plan is administered by the Company. Mercer Trust Company was the trustee of the Plan, and Mercer HR Services, LLC was the record keeper for the Plan through September 30, 2016. Effective October 1, 2017, T. Rowe Price Trust Company was appointed as the trustee of the Plan and T. Rowe Price Retirement Plan Services, Inc. was appointed as the record keeper.

Administrative Expenses

The Company pays substantially all administrative costs of the Plan, except for recordkeeping fees and various fees associated with processing loans and withdrawals which are paid by the participant.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Risks and Uncertainties

The Plan's investments include mutual funds and a common collective trust fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Mutual funds: Valued at quoted market prices at year end.

Common collective trust fund: Valued at net asset value (NAV) as determined by the issuer of the collective trust fund based on the fair market value of the underlying investments. There are no redemption restrictions or unfunded commitments relative to the common collective trust fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Adoption of New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement ("Topic 820"): *Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, which exempts investments measured using NAV practical expedient in FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. This guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard in 2015. The impact of adopting this amendment is reflected in the financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)* (the “Update”). The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully-benefit responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.
- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in ASC Topic 820, *Fair Value Measurement and Disclosures*, and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by Parts (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Part II of this Update for the 2015 plan year, and the amendments in Part II were retrospectively applied. Parts I and III are not applicable to the Plan. The impact of adopting this amendments is reflected in the financial statements and the accompanying notes.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

5. PARTY IN INTEREST TRANSACTIONS

Certain fees to administer the Plan have been paid to Mercer HR Services, LLC and T. Rowe Price Retirement Plan Services, Inc., the record keepers for the Plan for the 2016 plan year, and therefore these transactions qualify as exempt party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100 percent vested in their Sponsor contributions.

7. TAX STATUS

The Plan uses a volume submitter plan document sponsored by T. Rowe Price Retirement Plan Services, Inc. The volume submitter plan document received an advisory letter from the IRS, dated March 31, 2014, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

7. TAX STATUS – CONTINUED

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken.
