The accompanying Notes to Financial Statements are an integral part of these financial statements.

1. Description of the Plan

The following description of the Solenis, LLC Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Solenis, LLC (the "Company"), except for employees covered by a collective bargaining agreement, leased employees and any employee designated by the Company as not included in a designated eligible payroll classification. Employees may enter the Plan on the first day in which the employee becomes a member subsequent to satisfying the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was established following a corporate transaction where the Company agreed to purchase Ashland Inc.'s water technologies division effective as of July 31, 2014. The effective date of the Plan is August 1, 2014. Any employees that were employed by Ashland Inc. became eligible participants as of the effective date of the Plan ("Ashland Employee"). These participants were allowed to roll funds from the Ashland Savings Plan, including any outstanding loan balance, to the Plan.

Contributions: Each year, participants may contribute from one percent up to 65 percent of pretax annual compensation, as defined in the Plan. Participants may contribute more than 65 percent of pretax annual compensation to contribute catch-up contributions. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan provides for automatic enrollment. Any newly eligible, non Ashland Employee, who has not affirmatively elected to contribute to the Plan or has not affirmatively declined to participate in the Plan, will be automatically enrolled in the Plan with a four percent withholding of pretax annual compensation. The Company contributes a safe harbor matching contribution of 100 percent of the first four percent of eligible compensation that a participant contributes to the Plan. The Company also contributes basic retirement contributions based on a participant's division, compensation, years of service, and age, as outlined in the Plan document. The divisions are as follows: Heritage Ashland Members; Heritage Hercules Members; and Non-Heritage Ashland Members. The Plan also allows for discretionary performance retirement contributions as determined by the Company. Operational defects were discovered that required corrective contributions for the Plan 2014 period from inception and Plan year 2015. These amounts are reflected on the financial statements as other employer contributions. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contributions, the Company's basic retirement contributions, the Company's discretionary performance retirement contributions, if any, and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits: Benefits are payable upon retirement at age 65, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time. Benefits are payable in lump sum and installment payments.

Vesting: Participants are vested immediately in all contributions plus actual earnings thereon.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their account balance not to exceed the participants account balance held outside any self directed brokerage accounts. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at prime interest rate plus one percent. Principal and interest are paid through payroll deductions.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Company. The Plan pays recordkeeping and investment advisory fees, from the Plan expense account (See Note 8). Transaction expenses, such as loan and distribution administration fees, are charged directly to the participant's account and are included in administrative expenses.

2. Significant accounting policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions.

Payment of benefits: Benefits are recorded when paid.

New accounting standard adopted: In July 2015, the FASB issued Accounting Standard Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to early adopt Part II and has applied these provisions to the accompanying financial statements as of December 31, 2015 and 2014, for the year ended December 31, 2015 and for the period from inception (August 1, 2014) to December 31, 2014.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for disclosure in these financial statements through June 9, 2017, which is the date the financial statements were available to be issued.

3. Certified information

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified as to the completeness and accuracy of all investment balances, related investment activity, notes receivable from participants, and related interest income from notes receivable from participants reflected in the accompanying financial statements and supplemental schedules, summarized as follows:

	2015	2014
Investments, at fair value	**$ 128,822,221**	$ 111,914,045
Notes receivable from participants	**$ 3,228,472**	$ 3,297,413
Interest and dividend income	**$ 5,255,027**	$ 3,505,262
Net depreciation in fair value of investments	**(5,314,309)**	(1,548,231)
Total investment (loss) income	**$ (59,282)**	$ 1,957,031
Interest income from notes receivable from participants	**$ 140,571**	$ 41,581

4. Fair value measurements

The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The fair value of the shares of mutual funds owned by the Plan is based on quoted net asset values on the last business day of the Plan year.

The fair value of equity securities in the self-directed brokerage accounts are based on quoted market prices.

Money market funds are reported at cost, which approximates fair value.

The fair value of assets is as follows:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 117,419,557	$ -	$ -	$ 117,419,557
Money market fund	9,718,773	-	-	9,718,773
Self-directed brokerage accounts	1,683,891	-	-	1,683,891
Total assets at fair value	$ 128,822,221	$ -	$ -	$ 128,822,221

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 100,673,503	$ -	$ -	$ 100,673,503
Money market fund	9,712,681	-	-	9,712,681
Self-directed brokerage accounts	1,527,861	-	-	1,527,861
Total assets at fair value	$ 111,914,045	$ -	$ -	$ 111,914,045

5. Risks and uncertainties

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax status

The Plan has not yet obtained a determination letter; however, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Party-in-interest transactions

Certain Plan investments are managed by affiliates of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and recordkeeper as defined by the Plan. Other fees paid to the Plan's investment advisor and recordkeeper amounted to $85,000 and $13,003, respectively, for the year ended December 31, 2015. Total fees paid to the Plan's recordkeeper for the period from inception (August 1, 2014) to December 31, 2014 were $3,359. These transactions qualify as exempt party-in-interest transactions.

The Plan is party to a plan expense agreement with Fidelity Management Trust Company, the recordkeeper, that provides for a "Revenue Credit Program" for the Plan effective January 1, 2015. Under the agreement, any eligible revenue earned by Fidelity Management Trust Company on the investments in the Plan is deposited into the Revenue Credit Program Account. The amounts in the Revenue Credit Program Account can be used to pay administrative expenses of the Plan or allocated to participant accounts. In 2015, $168,577 of other income was earned by the Plan related to this agreement. Approximately $43,500 related to this agreement is reflected as other receivables as of December 31, 2015. During 2015, the Plan paid $63,750 of expenses from the Revenue Credit Program Account. No amounts were reallocated to participant accounts. The balance in the Revenue Credit Program Account as of December 31, 2015 was $59,800. These funds are eligible to pay Plan expenses or to be reallocated to participant accounts. These transactions qualify as exempt party-in-interest transactions.

During 2015, the Company failed to remit to the trustee certain employee contributions and loan repayments totaling $404,544 within the period prescribed by Department of Labor regulations. These delinquent remittances are considered nonexempt party-in-interest transactions.

9. Reconciliation to Form 5500
