Report on the Financial Statements

We have audited the accompanying statements of the BloodSource Inc. Retirement Plan (the Plan), which comprise the statement of net assets available for benefits (in liquidation) as of March 31, 2017 and the statements of net assets available for benefits (ongoing) for the year ended September 30, 2016 and the related statement of changes in net assets available for benefits in liquidation for the period October 1, 2016 through March 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the statement of net assets available for benefits (in liquidation) as of March 31, 2017 and the statement of net assets available for benefits (ongoing) and the changes in net assets available for benefits in liquidation for the period October 1, 2016 through March 31, 2017, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 5 to the financial statements, the Board of Directors of BloodSource Inc., the Plan's sponsor, approved to terminate the Plan effective December 31, 2016. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis to the liquidation basis. Our opinion is not modified with respect to that matter.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of reportable transactions, as of and for the period October 1, 2016 through March 31, 2017, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

BLOODSOURCE, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE PERIOD OCTOBER 1, 2016 THROUGH MARCH 31, 2017

1. DESCRIPTION OF THE PLAN

The following description of the BloodSource, Inc. (BloodSource) Retirement Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established February 1, 1966, to provide retirement benefits for employees of BloodSource. The Plan is administered by a committee appointed by BloodSource. The committee also serves as the Plan trustee.

The Plan is a defined contribution plan covering all full-time employees of BloodSource who have completed one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a Profit Sharing Plan which allows the Plan Sponsor to contribute a discretionary amount to be determined each year. Effective October 1, 2015, the Plan was restated in order to comply with applicable guidance and to limit eligibility in the plan to BloodSource employees. Effective on or about December 31, 2016, BloodSource was merged with and into Blood Systems, Inc. and ceased to exist as a matter of law. In connection with the merger, on November 23, 2016, the Board of Directors approved the termination of the Plan effective December 31, 2016.

Contributions – Employer contributions to the Plan are discretionary and were \$225,000 in 2017 and \$900,000 in 2016. When made, contributions are allocated first in proportion to compensation in excess of 80.01% of the maximum wages subject to social security taxes (\$94,812 for both 2017 and 2016) at a predetermined rate, with the remaining amount allocated evenly in proportion to total compensation paid to participants. Employees are precluded from making voluntary contributions.

Participant accounts – An account is maintained for each participant that consists of contributions plus an allocation of the Plan's investment earnings. Each participant's account is credited with an allocation of (a) BloodSource's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. There were no forfeitures allocated to participant accounts for the period ended March 31, 2017. Forfeitures allocated to participants' accounts for the year ended 2016 were \$14,408.

Vesting – Participants who terminated prior to January 1, 2007, are fully vested after five years of service. Participants who terminate after January 1, 2007, are fully vested after three years of service. The Plan uses cliff vesting; prior to becoming fully vested, participants are 0% vested. If a participant has a break in service, the nonvested amount in employer contributions prior to the break in service will be forfeited under certain circumstances. Upon the termination of the Plan, all participants became 100% vested.

Distributions and withdrawals – Vested benefits are distributable from Plan assets upon retirement, death, disability, termination of employment, or termination of the Plan. As of the period ended March 31, 2017 and year ended September 30, 2016, there were no amounts allocated to participants who had elected to withdraw from the Plan but had not yet been paid.

BLOODSOURCE, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE PERIOD OCTOBER 1, 2016 THROUGH MARCH 31, 2017

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The accounts of the Plan are maintained on the accrual basis of accounting. The liquidation basis is used as of March 31, 2017 and for the period October 1, 2016 through March 31, 2017 and the ongoing basis was used as of September 30, 2016.

Investment valuation and income recognition – Investments are stated at fair value. If available, quoted market prices are used to value investments. Realized and unrealized market gains and losses on investments are reflected in the statement of changes in net assets available for plan benefits.

Income taxes – The Plan received a favorable determination letter on March 10, 2011, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Administrative expenses – Administrative expenses consist of fees paid to investment managers for funds they are assigned, based upon the dollar value of the assets managed, as well as recordkeeping, accounting fees, and other professional fees. For 2017 and 2016, the Plan fees were \$79,288 and \$114,308, respectively.

Payment of benefits – Benefit payments to beneficiaries are recorded when paid by the trustee.

Estimates and assumptions – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent events have been evaluated through June 14, 2017, the date the financial statements were available to be issued. Management concluded that no material subsequent events have occurred since March 31, 2017 that requires recognition in such financial statements.

Recent accounting pronouncements – In July 2015, the Financial Accounting Standards Board (FASB) issued an Accounting Standards Update (ASU) to reduce complexity in employee benefit plan accounting. The ASU is divided into three parts: Parts I and II amend previously-issued guidance on fully benefit-responsive investment contracts and plan investment disclosures, respectively, and should be applied retrospectively for all periods presented. Part III provides guidance on the measurement of investments for plans with fiscal year-ends that do not coincide with a month-end, and should be applied prospectively. The ASU is effective for fiscal years beginning after December 15, 2015. Plan management has implemented the ASU in 2017, resulting

BLOODSOURCE, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE PERIOD OCTOBER 1, 2016 THROUGH MARCH 31, 2017

in changes to certain 2016 investment note disclosures and financial statement presentation to be consistent with the 2017 disclosures and presentation. Parts I and III of the ASU were not applicable to the Plan. Implementation of the ASU did not have an impact on the Plan's net assets available for benefits.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - a. Quoted prices for similar assets or liabilities in active markets
 - b. Quoted prices for identical or similar assets or liabilities in inactive markets
 - c. Inputs other than quoted prices that are observable for the asset or liability
 - d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at the period ended March 31, 2017 and the year ended September 30, 2016.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end, as measured by quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

BLOODSOURCE, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE PERIOD OCTOBER 1, 2016 THROUGH MARCH 31, 2017

In relation to the termination of the Plan as noted in Note 5, Plan assets were fully liquidated as of March 31, 2017.

At September 30, 2016, the Plan's assets subject to fair value measurements were classified as follows:

Assets at Fair Value as of September 30, 2016

<u>Investment type</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 18,071,300	\$ -	\$ -	\$ 18,071,300
