Independent Auditor's Report

Administrative Committee
Discovery Outsourcing 401(k) Savings Plan
Greenwood Village, CO

Report on the Financial Statements

We have audited the accompanying financial statements of the Discovery Outsourcing 401(k) Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independent Auditor's Report (continued...)

Emphasis of Matter

As discussed in Note G to the financial statements, the Discovery Outsourcing 401(k) Savings Plan has been terminated and the assets have been liquidated. The Plan has changed its basis of accounting from the going concern basis to the liquidation basis. Our opinion is not modified with respect to this matter.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2016 and 2015, and the changes in net assets available for benefits for the year ended December 31, 2016, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of the Period) and Schedule of Reportable Transactions, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

DISCOVERY OUTSOURCING 401(K) SAVINGS PLAN

Notes to Financial Statements

A. Description of Plan

The following description of the Discovery Outsourcing 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

1. General. The Plan is a defined contribution plan covering all full-time employees of the Discovery Outsourcing, Inc. (the “Company”) and the employer organizations who have adopted the Plan (see “Participating Employer” below), who have met the eligibility requirements established by their respective Participating Employer. The Plan was established on January 1, 2004 and is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

The Plan is a “multiple employer” plan as described in Section 413(c) of the Internal Revenue Code (the “Code”). The Company provides payroll processing and human resource services to its clients. Each client “employer” of the Company has the option of adopting this plan for the benefit of its employees. A client that adopts this plan is known as a “Participating Employer”. Each Participating Employer establishes its eligibility requirements relating to age and length of service for its employees in accordance with the provisions of the Plan and the Code.

A client that did not adopt this plan could adopt its own retirement plan. Any client adopting its own retirement plan is subject to its plan’s regulations and not those of this Plan. Therefore, their plan information is not included in these financial statements.

2. Contributions. Each year, prior to Plan termination (see Note G), participants could contribute a percent of pretax annual compensation as defined in the Plan to the maximum allowed by the Code. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants directed the investment of their contributions into various investment options offered by the Plan.

Prior to Plan termination (see Note G), the Plan allowed each participating employer to determine if its employees would be automatically enrolled upon eligibility or if eligible employees must enroll if they wish to participate in the Plan.

The Company and each participating employer could also elect to make safe harbor contributions and/or a matching contribution. The Company and each participating employer could also make a discretionary contribution as determined each year. The safe harbor, matching and discretionary contributions were invested as directed by the participant.

DISCOVERY OUTSOURCING 401(K) SAVINGS PLAN

Notes to Financial Statements

A. Description of Plan (continued...)

3. Participant accounts. Prior to Plan termination (see Note G), each participant's account was credited with the participant's contributions and the Company's or the participating employer's matching contributions, as well as allocations of Plan earnings. Participant accounts were charged with an allocation of administrative expenses. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.
4. Vesting. Because the Plan has been terminated (see Note G), all participants are fully vested.
5. Notes receivable from participants. Prior to Plan termination (see Note G), each participating employer had the opportunity to elect whether, or not, their respective participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. All loans were secured by the balance in the participant's account. The loan interest rate was the Prime Lending Rate plus 1% determined as of the date of the loan request or such other rate of interest as would be commercially reasonable. Principal and interest was paid ratably through payroll deductions.
6. Payment of benefits. Prior to Plan termination (see Note G), participants could have, on termination of service due to death, disability, or retirement, elected to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account.

In the event of a participant's death, his or her designated beneficiary could have requested a distribution of his or her account.

Withdrawals could have also been made in conjunction with IRS hardship distribution regulations.

7. Forfeited accounts. Because the Plan has been terminated (see Note G), all participants are fully vested. There are no forfeited account balances.

DISCOVERY OUTSOURCING 401(K) SAVINGS PLAN

Notes to Financial Statements

B. Summary of Accounting Policies

Basis of Accounting

Because the Plan has been terminated (see Note G), the financial statements of the Plan are prepared on the liquidation basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016, or 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

DISCOVERY OUTSOURCING 401(K) SAVINGS PLAN

Notes to Financial Statements

B. Summary of Accounting Policies (continued...)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding increase in the Corrective Distributions shown on the form 5500.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through June 9, 2017, the date the financial statements were available to be issued. Discovery Outsourcing has been acquired by CoAdvantage, a Florida based PEO. In January of 2016, contributions to the Discovery Outsourcing 401(k) Savings Plan were discontinued and during 2016 the assets of the Plan were transferred to either the CoAdvantage plan or another plan as determined by each Participating Employer.

DISCOVERY OUTSOURCING 401(K) SAVINGS PLAN

Notes to Financial Statements

C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1	Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
---------	--

Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: a. Quoted prices for similar assets or liabilities in active markets b. Quoted prices for identical or similar assets or liabilities in inactive markets c. Inputs other than quoted prices that are observable for the asset or liability d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	---

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs that are unobservable inputs for the asset or liability.
---------	---

DISCOVERY OUTSOURCING 401(K) SAVINGS PLAN

Notes to Financial Statements

C. Fair Value Measurements (continued...)

Following is a description of the valuation methodologies used for assets measured at fair value.

There have been no changes in the methodologies used at December 31, 2016, and 2015.

1. Common stocks. Valued at the closing price reported on the active market on which the individual securities are traded.
2. Self-directed brokerage accounts. Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.
3. Corporate bonds. Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing the value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, those corporate bonds are valued under a discounted cash flow approach that maximizes observable inputs, such as current yields or similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks.
4. Mutual funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
5. U.S. government securities. Valued using pricing models maximizing the use of observable inputs for similar securities.
6. Mass Mutual Guaranteed Investment Contract. Valued at contract or book value (principal plus accumulated earnings). See note D for more information.

C. Fair Value Measurements (continued...)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015, and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

C. Fair Value Measurements (continued...)

Transfers between Levels

For years ended December 31, 2015, and 2014, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3 and no changes in Fair Value of Level 3 Assets and Related Gains and Losses.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016, and 2015, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

DISCOVERY OUTSOURCING 401(K) SAVINGS PLAN

Notes to Financial Statements

D. Fully Benefit-Responsive Investment Contracts

The Plan offers participants the ability to invest a portion or all of their account in the Mass Mutual Fixed Account investment option. The product does not operate like a mutual fund or bank collective trust fund. Mass Mutual considers this investment option to be fully benefit responsive, notwithstanding the liquidation value events under the Group Funding Arrangement that limit the ability of the Plan to transact at Contract Value. Mass Mutual determines fair value of its investments using the market approach.

The Mass Mutual Fixed Account investment option is provided through a Group Funding Agreement (GFA). Under the terms of the GFA, a crediting rate is established for amounts invested in the Fixed Account. Participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at Contract Value. Contract Value represents contributions plus credited interest less participant withdrawals and fees. Contract Value is often referred to as "Book Value." The contract value of the Mass Mutual Fixed Account was \$ 0 and \$3,901,390 as of December 31, 2016 and 2015 respectively.

The objective of this fund is to maintain a competitive fixed interest rate and a minimum guaranteed rate of return. The Fixed Account is invested in the general asset account of Massachusetts Mutual Life Insurance Company and is guaranteed by MassMutual's claims paying ability. MassMutual's general account is primarily invested in investment grade fixed income securities.

The Fixed Account interest rate will never be less than the minimum interest rate specified in the contract. MassMutual may, from time to time, credit interest rates in excess of the minimum Interest rate.

E. Rollover Contributions

Rollovers were accepted from all Participants who are Employees, even prior to meeting eligibility conditions to be a participant. Distributions could have been made at any time from a participant's rollover account.

Notes to Financial Statements

F. Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Mass Mutual Life Insurance Company, the trustee/custodian for the Plan, and, therefore, these transactions qualify as party in interest transactions.

G. Plan Termination

Discovery Outsourcing has been acquired by CoAdvantage, a Florida based PEO. In January of 2016, contributions to the Discovery Outsourcing 401(k) Savings Plan were discontinued and during 2016 the assets of the Plan were be transferred to either the CoAdvantage plan or another plan as determined by each Participating Employer.

H. Tax Status

Although the Plan has not received a determination letter from the Internal Revenue Service, it has adopted a pre-approved Prototype Plan. The Plan has been amended as necessary and the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and that the related trust is tax-exempt.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks.

J. Reconciliation of Financial Statements to Form 5500

Certain differences may exist between the recording of accruals for financial reporting purposes and IRS/Department of Labor's (DOL) Form 5500 purposes. There were no such differences as of and for the years ended December 31, 2016 and 2015.
