1. Description of Plan

The following description of the Fetch, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution 401(k) plan available to qualifying employees of Fetch, Inc. (the "Company") who have completed 2 months of service and are age 21 or older. Employees who are covered by a collective bargaining agreement or are leased employee are excluded from the Plan. An employee is eligible to participate in the Plan immediately upon meeting the eligibility requirements for employee contributions. After completion of one year of service or 1,000 hours an employee is eligible for the employer matching and profit sharing contributions. Entry date for employer contributions, matching and profit sharing, is the first day of the first and seventh month of the Plan year.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Employees who are eligible to participate in the Plan may contribute up to 100% of their compensation up to the maximum dollar amount allowable by the Internal Revenue Code ("IRC"). These contributions may be elective deferral or Roth elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers"). The Plan will not allow Roth contribution rollovers. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year the Company may contribute a discretionary employer matching and/or a discretionary profit sharing contribution to the Plan based on a formula determined by the Company. Profit sharing contributions are allocated to participant accounts at the end of the Plan year based on allocation formula determined by the Company. There were no employer contributions, matching or profit sharing, made during 2015.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings. Vesting in the Company's contributions (matching and profit sharing) portion of their account is based on the following schedule:

Years of service	Vested Interest
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as specified in the Plan. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance in the respective participant's account during the prior 12 month period or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is determined by the Plan administrator is set at the prime rate. Principal and interest is paid ratably through payroll deductions.

Forfeitures

Forfeitures of non-vested participant accounts may be used to reduce future employer contributions or to pay administrative expenses of the Plan. There were no forfeitures outstanding as of December 31, 2015 and 2014.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820) - Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) (Subtopic 835-30)*. ASU No. 2015-07 aims to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU No. 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Investments that calculate net asset value per share (or its equivalent), but for which the practical expedient is not applied will continue to be included in the fair value hierarchy along with the related required disclosures. ASU No. 2015-07 is effective for fiscal years beginning after December 15, 2016, and is to be applied retrospectively, with early adoption permitted.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts, plan investment disclosures, and provides for a measurement-date practical expedient. The amendments in ASU No. 2015-12 are effective for reporting periods beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively and Part III is to be applied prospectively. Parts I and III are not applicable to the Plan.

The Plan elected to adopt ASU No. 2015-07 and the applicable part of ASU No. 2015-12.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TD Ameritrade Trust Company, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

December 31,	**2015**	2014 (Compiled)
Cash	**$ 566**	$ 666
Investments	**702,254**	550,719
Total	**702,820**	551,385

Year ended December 31, 2015	
Dividends	**$ 12,308**
Net depreciation in fair value of investments	**(19,342)**

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

FASB *Accounting Standards Codification ("ASC") 820, Fair Value Measurement* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; and

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used or transfers between levels at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC and are deemed to be actively traded. These funds are required to publish their daily net asset value and to transact at that price.

Exchange traded funds ("ETF"): Valued at the closing price reported on the active market on which the individual security is traded.

Collective investment trust ("CIT"): Valued at net asset value ("NAV") of units held based on the Plan's percentage of interest in the Fund within the Trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investment held by the Fund less any liabilities.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2015 and 2014:

	Investment Assets at Fair Value at December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 252,540	$ -	$ -	$ 252,540
ETFs	439,249	-	-	439,249
Total investments at fair value	691,789	-	-	691,789
CIT measured at net asset value*	-	-	-	10,465
Total Investments	$ 691,789	$ -	$ -	$ 702,254

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

	Investment Assets at Fair Value at December 31, 2014 (Compiled)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 182,966	$ -	$ -	$ 182,966
ETFs	361,400	-	-	361,400
Total investments at fair value	544,366	-	-	544,366
CIT measured at net asset value*	-	-	-	6,353
Total Investments	$ 544,366	$ -	$ -	$ 550,719

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes the investment measured at fair value based on net asset value (NAVs) per share as of December 31, 2015 and 2014, respectively.

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective investment trust	$ 10,465	N/A	Daily	60 days

December 31, 2014		Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective investment trust	$	6,353	N/A	Daily	60 days

Collective investment trust - The Plan has a stable value fund collective investment trust with Reliance Trust Company (the "Trust"). The Trust is invested in the MetLife Series 25053 Class 65 (the "Fund"). The Fund's sole investment is Group Annuity Contract 25053. The investment objective of the Trust is to provide for the collective investment and reinvestment of assets through the Fund. The Fund's objective is the preservation of principal and accumulated interest. The interest of each participating participant is represented by units. The units are issued and redeemed only on a valuation date and at the NAV per unit computed on that date. Units may be redeemed on a daily basis to meet benefit payments and other participant initiated withdrawals for benefits, loans, or transfers to other investment options as permitted by retirement plans invested in the Trust. Under the terms of the Trust's Declaration of Trust, retirement plans invested in the Trust are required to provide 60 days advance written notice to the trustee prior to redemption of all of the trust units. As of December 31, 2015, the Plan had not provided the Trust's trustee with advance written notice.

5. Party-In-Interest Transactions

TD Ameritrade Trust Company, the trustee of the Plan, manages certain Plan investments. Therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

As described in Note 2, the Plan paid certain expenses related to the plan operations and investment activity to various service providers. These transactions are party-in-interest transactions. Certain employees of the Company who are involved in the administration of the Plan are participants in the Plan. No such employees receive compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Plan has adopted the Prototype Non-standardized Profit Sharing Plan with CODA ("Prototype Plan") offered by Web401(k).com Inc. ("Web401(k)") who is the record keeper for the Plan. Web401(k) received an opinion letter from the Internal Revenue Service dated October 29, 2008, stating that the Prototype Plan was designed in accordance with the provisions of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Effective April 1, 2016, the Plan adopted a new Prototype Plan offered by Web401(k) in conjunction with a restatement of the Plan documents. Web401(k) received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the Prototype Plan was designed in accordance

with the provisions of the IRC. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal, state and/or local taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken by the Plan that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Late Remittances

ERISA determined that 401(k) participant contributions and loan repayments must be made within a timely manner, which for a small business is defined as seven business days from the end of the previous pay date. During 2014 the Company fell outside of this requirement on a few occasions resulting in a total of $67,912 being remitted late and are considered to be prohibited transactions. The Company has since taken the appropriate steps to correct these transactions and had no prohibited transactions during 2015.

10. Subsequent Events

The Plan has evaluated subsequent events through June 27, 2017, the date the financial statements were available to be issued.
