1. Plan Description

The following description of the Norms Restaurants, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established effective December 19, 2014 and is a defined contribution plan covering all eligible employees (as defined in the plan document) of Norm's Restaurants, LLC (the "Company" or "Employer") who are 21 years of age or older and have completed one month of service. Employees are not eligible for the Plan if: (1) they are union employees covered under a collective bargaining agreement; (2) they are leased employees, or (3) are non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute, on a pre-tax or Roth basis, up to 90% of their eligible annual compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. There is an annual limit as to the amount that can be deducted from compensation that is determined by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make a discretionary matching contribution in an amount equal to an amount or percentage of a participant's elective deferrals as determined by the Company. The Company may also make discretionary contributions in an amount to be determined by the Company. Discretionary contributions, if any, will be allocated to participants' accounts in the ratio that the participant's eligible compensation bears to the total eligible compensation paid to all eligible participants. For the year ended December 31, 2015, the Company made no discretionary contributions to the Plan.

Vesting

Participants are 100% vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions are based on years of continuous service with the Company as follows:

Years of Vesting Service	Vesting Percentage
Less than 3	0%
3	100%

A participant is also 100% vested in Company contributions on the date a participant becomes disabled or on the date a participant dies.

1. Plan Description (*continued)*

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on a participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

If a participant terminates employment and is less than 100% vested in their Employer contributions, the participant will forfeit the non-vested portion of their account. The Company uses forfeited non-vested amounts to pay Plan expenses or reduce Employer contributions. At December 31, 2015, forfeited non-vested accounts totaled $0. During 2015, no forfeitures were used to reduce Employer contributions or to pay Plan expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of 50% of a participant's vested account balance or $50,000, subject to the approval of a loan application. Participants may not have more than two loan outstanding at any time. The interest rate will be based on rates available for similar loans from commercial lending institutions as determined by the Plan Administrator. Loans are repaid through payroll deductions within a five year period, unless the loan was made to acquire a primary residence, in which case the loan can be repaid over a thirty year period.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in their account.

Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP"), which requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the investment in the group annuity contract which is valued at contract value. Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value ("NAV") and to transact at that price. The common/collective trusts are valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Pooled separate accounts are reported at the value reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the accounts. The group annuity contract is valued at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies *(continued)*

Expenses

Administrative expenses of maintaining the Plan may be paid by the Company or the Plan, at the Employer's discretion. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Recently Issued Accounting Pronouncements

During 2015, the Plan adopted new U.S. GAAP guidance (ASU 2015-07) which removes the requirements to categorize within the fair value hierarchy alternative investments where fair value is measured using the NAV per share as a practical expedient.

During 2015, the Plan adopted new U.S. GAAP guidance (ASU 2015-12) which provided that: (i) fully benefit-responsive investment contracts will be stated and disclosed at contract value; (ii) eliminates the disclosure to report individual investments that represent 5 percent or more of a plan's net assets available for benefits; and (iii) eliminates the disclosure for net appreciation/depreciation for investments by general type and classes of assets on the basis of nature, characteristics and risks.

Plan management has elected to early adopt these ASU's. Adoption of this guidance was applied retrospectively and did not have an effect on the carrying value of the investments or the Plan's net assets available for benefits.

Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The plan administrator believes that the Plan is subject to examinations by the applicable taxing jurisdictions for the periods back to and including December 31, 2015.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is June 30, 2017.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the trustee of the Plan, have certified to the completeness and accuracy of all the investments reflected in the accompanying statement of net assets available for benefits as of December 31, 2015, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015.

4. Investments

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015:

	Level 1	Level 2	Other Investments Measured at NAV *	Total
Mutual Funds	$ 466,862	$ -	$ -	$ 466,862
Common/Collective Trusts	-	-	7,957,576	7,957,576
Pooled Separate Accounts	-	1,084,516	-	1,084,516
	$ 466,862	$ 1,084,516	$7,957,576	$ 9,508,954

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $321,650.

5. Common/Collective Trusts

Principal Trust Target Date Funds

The Plan offers 12 non benefit-responsive common/collective trusts called the Principal Trust Target Date Funds ("Target Date Funds"). These Target Date Funds include: the Principal Trust Target 2010 Fund; the Principal Trust Target 2015 Fund; the Principal Trust Target 2020 Fund; the Principal Trust Target 2025 Fund; the Principal Trust Target 2030 Fund; the Principal Trust Target 2035 Fund; the Principal Trust Target 2040 Fund; the Principal Trust Target 2045 Fund; the Principal Trust Target 2050 Fund; the Principal Trust Target 2055 Fund; the Principal Trust Target 2060 Fund; and the Principal Trust Income Fund. The unit value of each of these Target Date Funds is determined on a daily basis. Units are issued and redeemed at their unit value. Net investment income and realized and unrealized gains and losses on investments are not distributed to participants but are reflected in the unit value.

6. Group Annuity Contract

The Principal Fixed Income Guaranteed Option ("PFIGO") is a benefit-responsive group annuity contract issued by Principal Life Insurance Company. The PFIGO is backed by the issuer's general account and is valued at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is reset on a semi-annual basis and will never be less than the guaranteed minimum interest rate.

As described in Note 2, because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of a trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

7. Party-In-Interest Transactions

Certain investments of the Plan are managed by The Principal Life Insurance Company and Principal Trust Company. Both Principal Life Insurance Company and Principal Trust Company, the trustee of the Plan, are part of Principal Financial Group. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

8. Tax Status

The Internal Revenue Service has determined and informed the prototype document preparer by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

10. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
