Independent Auditor's Report

To the 401(k) Committee
James Martin Associates, Inc. 401(k) Savings Incentive Plan
Vernon Hills, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the James Martin Associates, Inc. 401(k) Savings Incentive Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Minnesota Mutual Life Insurance Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

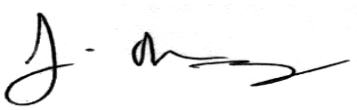

Other Matter

The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions as of December 31, 2016 or for the year then ended, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following brief description of the James Martin Associates, Inc. 401(k) Savings Incentive Plan (the Plan) provides only general information. Participants should refer to the plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General: The Plan is a defined contribution plan sponsored by James Martin Associates, Inc. (the Company) for the benefit of its full-time employees who are age 21 or older and complete 333 hours or more during a four month period, as defined. Participants enter the Plan on the January 1 or July 1 following meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to contribute up to the maximum allowed by law of pre-tax annual compensation, as defined. Participants may also make Roth deferral contributions and/or contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions, as defined. The Company may make a discretionary matching and/or profit sharing contribution. Contributions are subject to certain limitations.

Investment options: Participants direct the investment of all contributions into various investment options offered by the Plan. Participants my change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contribution and Company matching contributions, if any, and receives allocations of Company profit sharing contributions, if any, Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company matching portions of their accounts plus actual earnings thereon occurs at 50% upon one year of service with full vesting upon two years of service, as defined. Vesting in the Company profit sharing contribution portion of their accounts, plus actual earnings thereon occurs at 20% per year following completion of two years of service and at 20% per year thereafter until full vesting upon six years of service, as defined.

Payment of benefits: On termination of service due to termination, death, disability, or retirement, a participant may elect to receive either a lump-sum amount, equal to the value of the participant's vested interest in his or her account, or installment payments.

Notes receivable from participants: Participants may borrow from their fund accounts. Generally, a loan may not be more than 50% of the participants vested account balance, reduced by any outstanding loan balance, or $50,000, reduced by any outstanding loan balance, if any, during the one-year period ending on the day before the new loan is made, if less. The minimum loan is $1,000. A participant's vested account will provide the security for the loan. Loan maturities are for up to 5 years or longer if used to purchase a primary residence. Loans bear a reasonable rate of interest as determined by the Plan Administrator at the time the loan is issued. Interest rates on loans outstanding at December 31, 2016 ranged from 3.75% to 6.25%. Principal and interest are paid ratably through payroll deductions.

Forfeited accounts: At December 31, 2016 and 2015, there were $0 and $839 of forfeited nonvested accounts, respectively. Forfeited accounts may be used to reduce future Company contributions or pay plan expenses. During 2016 $836 worth of forfeitures were used to reduce contributions.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities, and changes therein. Actual results may differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are treated as distributions based upon the terms of the plan document.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan entered into a non-fully benefit responsive group annuity contract with Minnesota Life Insurance Company (Minnesota Life). Minnesota Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value as reported to the Plan by Minnesota Life. The average yield was 2.42 percent and 2.60 percent for 2016 and 2015, respectively. The crediting interest rate ranged from 2.40 percent to 2.42 percent for 2016 and ranged from 2.07 percent to 2.63 percent for 2015. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero. For the years ended 2016 and 2015, the contract is included in the financial statements at contract value which approximates fair value.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events through June 12, 2017, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Minnesota Mutual Life Insurance Company

The following is a summary of the Plan's asset and income information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following asset and income information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	December 31, 2016	December 31, 2015
Shares of pooled separate accounts	$ 3,627,067	$ 3,379,254
Investment contract with insurance company	$ 241,111	$ 221,916
Notes receivable from participants	$ 83,214	$ 76,722
Net appreciation in fair value of investments	$ 203,417	
Interest and dividends	$ 5,514	
Interest income on notes receivable from participants	$ 3,057	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 4. Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Shares of pooled separate accounts: Primarily valued at net asset value per share based on quoted market prices of underlying investments.

Investment contract with insurance company: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. Since the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the 401(k) Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2016 and 2015.

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value (a)				
Shares of pooled separate accounts				$ 3,627,067
Investment contract with insurance company				241,111
Total assets at fair value				$ 3,868,178

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value (a)				
Shares of pooled separate accounts				$ 3,379,254
Investment contract with insurance company				221,916
Total assets at fair value				$ 3,601,170

Note 4. Fair Value Measurements (continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31, 2016 and 2015:

	December 31				
	2016	2015	Unfunded	Redemption	Redemption
Investment	Fair Value	Fair Value	Commitment	Frequency	Notice Period
Shares of pooled separate accounts:					
Money Market (a)	$ 13,042	$ 31,949	$ -	Immediate	60 days
General Bond (b)	149,753	139,974	-	Immediate	60 days
US Stock (c)	2,166,796	1,751,211	-	Immediate	60 days
International Stock (d)	536,014	468,469	-	Immediate	60 days
Sector Stock (e)	761,462	792,960	-	Immediate	60 days
Balanced (f)	-	194,691	-	Immediate	60 days
	$ 3,627,067	$ 3,379,254	$ -		

(a) Investments in this category invest in short term financial instruments and unlike a money market mutual fund, does not attempt to hold the unit value at $1.00. Returns on the separate account, which may be positive or negative, will fluctuate and may result in a loss.

(b) Investments in this category invest in fixed income securities that are subject to credit and interest rate risk and, as such, the net asset value of the funds generally will fall as interest rates rise.

(c) Investments in this category invest in small, mid or micro cap companies that involve greater risks not associated with investing in more established companies, such as business risk, stock price fluctuations, increased sensitivity to changing economic conditions, less certain growth prospects and illiquidity.

(d) Investments in this category invest in investments subject to risks associated with international investing, in addition to other risks, which may include currency fluctuations, political, social and economic instability and differences in accounting standards.

(e) Investments in this category invest in companies in one specified sector, the fund may involve a greater degree of risk than an investment with greater diversification.

(f) Investments in this category invest in fixed income securities that are subject to credit and interest rate risk and, as such, the net asset value of the fund generally will fall as interest rates rise and small, mid or micro cap companies which involve greater risks not associated with investing in more established companies, such as business risk, stock price fluctuations, increased sensitivity to changing economic conditions, less certain growth prospects and illiquidity and international investments subject to other risks, including currency fluctuations, political, social and economic instability and differences in accounting standards when investing in foreign markets.

Note 4. Fair Value Measurements (continued)

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2016, there were no transfers in or out of Level 3.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2016.

	Investment Contract with Insurance Company
Balance, beginning of year	$221,916
Interest	5,514
Purchases	37,148
Sales	(23,467)
Balance, end of year	$241,111

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
December 31, 2016				
Investment contract with insurance company	241,111	Discounted cash flow	Interest Crediting Rates	New Funds Rate = 2.40% Renewal Funds Rate = 2.42%
December 31, 2015				
Investment contract with insurance company	221,916	Discounted cash flow	Interest Crediting Rates	New Funds Rate = 2.07% Renewal Funds Rate = 2.63%

Note 5. Related-Party Transactions

Certain Plan's investments are shares of pooled separate accounts managed by Minnesota Mutual, the trustee of the Plan. Fees paid by the Plan to Minnesota Mutual amounted to $660 for the year ended December 31, 2016.

Certain employees of the Company provide administrative and trustee services for the Plan and are not reimbursed for their services from the Plan. Certain other expenses of the Plan are paid by the Company.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 7. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2016 and 2015:

	2016	2015
Net assets available for benefits per the financial statements	$ 3,980,266	$ 3,705,536
Company contribution receivable	(29,807)	(27,644)
Refunds payable	933	-
Net assets available for benefits per Form 5500	$ 3,951,392	$ 3,677,892

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2016, to Form 5500:

Changes in net assets available for benefits per the financial statements	$ 274,730
Company contributions	(2,163)
Participant contributions	933
Changes in net assets available for benefits per the Form 5500	$ 273,500

Note 8. Tax Status

Effective July 1, 2014, the Plan adopted a volume submitter plan sponsored by Minnesota Life Insurance Company. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2013.

Note 9. Late Deposits

During the year ended December 31, 2015, the Plan engaged in prohibited transactions related to the late deposit of participant contributions and loan repayments totaling $24,025. Lost earnings have been remitted to the Plan in 2016.

Note 10. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits
