1. PLAN DESCRIPTION:

The following description of the Burke, Inc. Profit Sharing and Pay Deferral Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan, which became effective on July 21, 1989, is a voluntary contribution profit sharing plan covering all eligible employees of Burke, Inc. (the "Employer"). Effective January 1, 2004, exempt non-highly compensated employees who have performed or are expected to perform 1,000 or more hours of service during the 12 months following their employment commencement date, become Plan participants on their employment commencement date. All other employees must complete one year and 1,000 or more hours of service to become Plan participants. Effective January 1, 2016, the Plan was amended to define an eligible employee as an employee who has attained age 21, and is expected by the Employer to perform an average of 20 or more hours of service per week in the 12 months following their employment commencement date. Such employees become Plan participants on their employment commencement date. All other employees must complete one year and 1,000 hours of service to become Plan participants.

The Plan is administered by certain employees of the Employer who act as an administrative committee and as trustees. Fidelity Management Trust Company ("Fidelity") is the Plan's trustee for all investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and the Internal Revenue Code of 1986 (the "Code"), as amended.

Contributions

Each year, participants may contribute to the Plan on a pre-tax and after tax basis as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the limits set by the Plan and the Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their initial deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. Automatic deferral contributions are increased by 1% annually up to a 7% maximum.

Participants direct the investment of their contributions into various investment options offered by the Plan. All Employer contributions are discretionary. In 2016 and 2015, the Employer contributed 50% of each participant's eligible compensation for the period, as defined, up to 7%, with a maximum employer contribution of \$3,000.

Participant accounts

Each participant's account is credited with the contributions to the Plan on behalf of the participants and adjusted for earnings and losses thereon. Other than matching contributions, any discretionary Employer contributions are allocated based upon the ratio of a participant's compensation to total compensation, as defined. The benefit to which a participant is entitled is the vested amount that is in such participants' account at any given time.

Vesting

Participants are immediately 100% vested in their 401(k) contributions, catch-up contributions and rollover contributions, as adjusted for earnings and losses thereon. Participants become 100% vested in Employer contributions upon obtaining one hour of service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of benefits

The Plan provides for a lump sum payment of benefits upon retirement, death or disability of the participant or upon termination of employment with the Employer. Additionally, prior to termination, a participant may withdraw a portion of their account upon attaining age 59 ½ or upon incurring a financial hardship if certain requirements are met.

Death benefits

A participant's vested account balance remaining in the Plan will be paid to the participant's beneficiary.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**Basis of accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits as of the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and

the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded on the basis of the terms of the Plan agreement.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Accounting changes

Recently issued accounting pronouncements—The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date – Practical Expedient." ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with earlier adoption permitted. The Plan elected to early adopt Part II of ASU 2015-12 in 2015; in 2016, the Plan adopted Part I of the ASU applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

Additionally, the FASB issued ASU 2015-07, "Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or Its Equivalent)." ASU 2015-07 simplifies disclosures and reporting on investments valued at net asset value as a practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with earlier adoption permitted. The Plan has elected to early adopt ASU 2015-07, applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

Reclassification

Certain amounts in the 2015 financial statements have been reclassified to conform to the 2016 presentation.

Subsequent events

The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Common/collective trust: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

4. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual and money market funds managed by Fidelity Investments. Fidelity Investments is an affiliate of Fidelity Management Trust Company, the trustee to the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than direct payment. The Employer pays directly any other fees related to the Plan's operations.

5. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. TAX STATUS:

The IRS has determined and informed the Employer by a letter dated October 11, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

7. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, and the supplemental schedule of assets (held at end of year) as of December 31, 2016; the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2016 and 2015.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. SUBSEQUENT EVENT:

Effective January 1, 2017, the Plan was amended to increase the employer matching contribution to an amount up to 100% of the first 7% of a participant's eligible compensation for the Plan year, not to exceed \$3,000.

10. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of the amounts reported in the financial statements, as of and for the years ended December 31, 2016 and 2015, and those reported on the Form 5500:
