Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Alion Science and Technology Corporation Savings and Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of September 30, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2016 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion on the 2016 Financial Statements* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements.

Basis for Disclaimer of Opinion on the 2016 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, on behalf of itself and acting for Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the 2016 financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended September 30, 2016, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion on the 2016 Financial Statements

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* on *the 2016 Financial Statements* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2016 financial statements.

Other Matters—Report on Supplemental Schedule and Report on 2015 Financial Statements

The supplemental schedule, Schedule of Assets (Held at End of Year) as of September 30, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2016 Financial Statements* paragraph, we do not express an opinion on the supplemental schedule referred to above.

We have audited the accompanying statement of net assets available for benefits of Alion Science and Technology Corporation Savings and Retirement Plan as of September 30, 2015, and in our report dated July 14, 2016, we expressed our opinion that such financial statement presents fairly, in all material respects, the net assets available for benefits of Alion Science and Technology Corporation Savings and Retirement Plan as of September 30, 2015, and changes in its net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2016 Financial Statements

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1—Plan description

The following is a general description of Alion Science and Technology Corporation Savings and Retirement Plan (the "Plan"). The description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – Alion Science and Technology Corporation (the "Plan Sponsor" or "Alion" or the "Company") established the Plan in 2001 and most recently amended and restated the Plan as of August 19, 2015, when a third party investor purchased all outstanding shares of Alion common stock held by the Plan. Following that transaction, the Employee Stock Ownership Plan component ceased to hold any shares of Alion common stock. Proceeds from the sale of the Company stock held by the Plan were allocated to participants' accounts and invested based on direction from the participants. The Plan name was changed and the Plan incorporated all previously adopted Plan amendments. The Plan is a defined-contribution plan covering substantially all employees of the Company. The Plan is intended to qualify under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Principal Life Insurance Company, on behalf of itself and acting for Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal") is the record-keeper and custodian for the Plan.

Eligibility – Employees are immediately eligible to make pre-tax contributions to the Plan and receive matching contributions upon hire. Employees in certain benefits groups become eligible to receive Company discretionary and retirement plan contributions after one year of employment.

Contributions – Participants may elect to contribute up to 60% of their eligible compensation to the Plan, subject to statutory annual maximum limits as adjusted each year per IRC regulations. IRC annual limitations apply to all participant salary reduction and similar contributions under this and other plans. Eligible employees who do not make an election to enroll or who decline to enroll within 30 days from their date of hire or rehire are automatically enrolled in the Plan with a pre-tax deferral equal to 3% of compensation. An employee hired or rehired who affirmatively elects to make salary deferral contributions or who is automatically enrolled and does not provide direction as to how contributions should be invested has such contributions invested in the applicable Principal LifeTime portfolio based on the date the employee is expected to turn age 65. In addition, participants 50 years of age or older may elect to make a catch-up deferral contribution of up to $6,000 for the years ended September 30, 2016 and 2015. Qualified distributions from other qualified retirement plans can be contributed to the Plan and retained as a rollover contribution.

Alion matches 100% of the first 3% and 50% of the next 2% of the eligible compensation contributed by each participant. The Company's matching contribution for the year ended September 30, 2016 was $7,037,931. The Plan permits Alion to make an annual discretionary profit sharing contribution to the Plan. Each Plan year, the Company determines what portion of its profits, if any, to contribute to the Plan. The Company made no discretionary profit sharing contributions for the Plan year ended September 30, 2016.

Participant Accounts – The Plan allocates earnings (losses) to participant accounts so that the total of all participant account balances equals the fair market value of the Plan's investments. Each participant's 401(k) account is credited with: participant contributions; rollover contributions; Company matching contributions; any Company profit sharing contributions; the participant's share of Plan earnings (losses) and appreciation (depreciation) from investing contributions less administrative expenses. A participant is entitled to that benefit which his or her account can provide.

Note 1—Plan description (continued)

Vesting – Each eligible participant has immediate, fully vested rights in all employee contributions, rollover contributions, and employer matching contributions. Profit sharing plan contributions to the Plan, and the earnings on such contributions, vest over a five-year period as follows:

- 25% after two years of service;
- 50% after three years of service;
- 75% after four years of service; and
- 100% after five years of service

Investment Options – The Plan provides for investments in a variety of mutual funds and pooled separate accounts. As of September 30, 2016, 25 investment options were available through Principal.

Notes Receivable from Participants – Participants may borrow a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested balance, subject to certain restrictions. A participant may have no more than two loans outstanding at any time. All loans are amortized over a period not to exceed five years, except for loans to purchase or construct a primary residence which are permitted to be repaid over a maximum of fifteen years. Participant loans are secured by the participant's remaining balance in the Plan and bear a reasonable rate of interest that provides a return commensurate with the prevailing interest rate charged on similar loans by persons in the business of lending money. Participants repay loan principal and interest ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document.

Distributions – On termination of service, a participant (or designated beneficiary) may elect to receive an amount equal to the value of the participant's vested interest in his account. The Plan allows for distributions upon termination of service, death, disability or attainment of age 59½. A participant may elect to receive a lump sum payment, an annuity, or may roll over the value of their account into another qualified plan. In the event a participant terminates or retires and the participant's vested account balance is less than $5,000, but more than $1,000, the balance will be rolled into an Individual Retirement Account ("IRA") or paid out as a lump sum distribution, either in cash, or to another qualified plan, at the discretion of the participant. If a participant's vested balance is less than $1,000 the balance will be paid in cash, unless the participant elects a rollover.

In certain hardship situations defined in the Plan, the Plan permits a participant to make a withdrawal while actively employed. Hardships withdrawals are subject to IRC restrictions and potential penalties.

Forfeitures – As of September 30, 2016 and 2015, forfeited nonvested accounts totaled $168,825 and $217,301 respectively. For the Plan year ended September 30, 2016, a total of $612,527 was used from forfeited nonvested accounts to pay certain administrative expenses as permitted by the Plan.

Note 2—Summary of significant accounting policies

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Note 2—Summary of significant accounting policies (continued)

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date-basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits paid to participants are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable are charged directly to participant accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

New Accounting Pronouncements – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*, which exempts investments measured using the Net Asset Value ("NAV") practical expedient in ASC 820, *Fair Value Measurement,* from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for the Plan for years beginning after December 15, 2016, with early adoption permitted. As permitted, the Plan has elected early adoption and has applied the ASU retrospectively for all periods presented. Accordingly, investments measured using the NAV practical expedient have been removed from the categorization of the fair value hierarchy as of September 30, 2016 and 2015.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part I Fully Benefit-Responsive Investment Contracts, Part II Plan Investment Disclosures, and Part III Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provides certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% of more of net assets available for benefits and the net appreciation (or depreciation) in fair value of investment by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value.

Note 2—Summary of significant accounting policies (continued)

Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to this Plan. The ASU is effective for fiscal years beginning after December 15, 2015. Part II is to be applied retrospectively for all periods presented. The Plan has elected to early adopt Part II and has applied the ASU retrospectively for all periods presented. The adoption of Part II eliminated the historical disclosure of individual investments which comprise 5% or more of total net assets available for benefits, disclosure by of investments by nature, characteristics, and risks, as well as the net appreciation (or depreciation) of fair value types.

Fair Value Measurement – GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability, including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in methodologies used at September 30, 2016 and 2015.

Mutual Funds – These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and these investments are classified within Level 1 of the valuation hierarchy.

Pooled Separate Accounts ("PSA") – PSAs are made up of a variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. These assets are not available in an exchange or an active market; however, the fair value is determined based on the NAV of the underlying assets as traded in an exchange or active market. These investments have no redemption restrictions or unfunded commitments as of September 30, 2016 and 2015. As part of the adoption of ASU 2015-07, the PSAs have not been classified under the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Note 2—Summary of significant accounting policies (continued)

Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3—Tax status

The Internal Revenue Service ("IRS") informed Alion in a determination letter dated September 24, 2013, that the Plan has been designed in accordance with applicable sections of the IRC. The Plan has since been amended. In November 2016, the Company submitted its routine request for a new determination letter. The Company and the Plan Administrator believe the Plan as currently designed and operated is in compliance with applicable IRC requirements and continues to be a tax-qualified plan.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

Note 5—Information prepared and certified by Principal Trust Company (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, on behalf of itself and acting for Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodian of the Plan, has certified as to the completeness and accuracy of the following data included in the accompanying financial statements as of and for the year ended September 30, 2016.

- Investments, at fair value
- Notes receivable from participants
- Interest and dividend income, interest on notes receivable from participants, and net appreciation in fair value of investments
- Schedule of Assets (Held at End of Year) as of September 30, 2016

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 6—Party-in-interest transactions

Certain Plan investments are managed by affiliates of Principal. Principal is the custodian and record-keeper as defined by the Plan. These transactions qualify as exempt party-in-interest transactions. Fees paid to Principal amounted to $216,070 for the year ended September 30, 2016.

Note 7—Fair value measurements

Below are the Plan's financial instruments carried at fair value on a recurring basis by the hierarchy levels described in Note 2, as of September 30, 2016 and 2015.

	Assets at Fair Value as of September 30, 2016			
	Quotes Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Mutual funds	$ 113,284,913	$ -	$ -	$ 113,284,913
Total assets in fair value				
Total investments at fair value	$ 113,284,913	$ -	$ -	$ 113,284,913
Pooled separate accounts measured at net asset value (a)				161,442,969
				$ 274,727,882

	Assets at Fair Value as of September 30, 2015			
	Quotes Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Mutual funds	$ 111,247,885	$ -	$ -	$ 111,247,885
Total investments at fair value	$ 111,247,885	$ -	$ -	$ 111,247,885
Pooled separate accounts measured at net asset value (a)				149,457,848
Investments at fair value				$ 260,705,733

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of plan net assets available for benefits.

Note 8—Subsequent events

On May 24, 2017, the Company contributed $7,969,732 of Company-matching contributions for the Plan year of October 1, 2015 to September 30, 2016.

The Plan has evaluated subsequent events through July 5, 2017, in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.
