NOTES TO FINANCIAL STATEMENTS

Wooster Republican Printing Company Employees 401(k) Plan

1 Description of Plan

The following description of the Wooster Republican Printing Company Employees 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan was created October 1, 1993 by the Wooster Republican Printing Company ("Company") and includes 10 of its subsidiaries (newspaper and radio divisions). The Plan and Trust are for the exclusive benefit of eligible employees and their beneficiaries.

Eligibility:

The Plan is a defined contribution plan with a "salary reduction" provision. The Plan covers all full-time employees who are age twenty-one or older and have six months of service. An employee may become a participant as of the first day of each quarter (January 1, April 1, July 1 and October 1) following the date on which he/she meets the eligibility requirement. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions:

Cash or Deferred Option [401(k)] - Participants may elect a portion of their compensation to be contributed to the Plan by the Company, but may not exceed the dollar limit set by law.

Employer Matching Contributions - The Company may make discretionary matching contributions equal to a percentage of the amount of the salary reduction elected by the Plan participants. The total match allocated to Plan participants will be determined each year by the Employer. The matching contribution was \$150,000 for 2016 and 2015.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code, as defined in the Plan agreement.

Participants' Accounts:

Each participant's account balance is credited with the participant's salary deferral and an allocation of a) the Employer's contribution; b) Plan earnings; and c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

NOTES TO FINANCIAL STATEMENTS

Wooster Republican Printing Company Employees 401(k) Plan

1 Description of Plan, Continued

Vesting:

Plan participants are 100% vested in their salary deferral amounts contributed to the Plan. Vesting in the remainder of a participant's account balance is based on years of service. A participant is vested as follows:

<u>Years of Service</u>	<u>Vested %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures:

As of September 30, forfeited non-vested accounts totaled \$5,618 (2016) and \$947 (2015). These amounts are subsequently allocated to participants who made contributions to the Plan during the respective year.

Other Plan Provisions:

Normal retirement age is 65, however, a participant may elect early retirement on or after age 55. The Plan also provides for early payment of benefits after reaching age 59-1/2.

Benefit Payments:

Upon termination of service by reason of separation of service, retirement, death or total and permanent disability, a participant is entitled to receive the balance equal to the vested interest of his or her account. All payments of benefits shall be paid in a lump sum.

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting. Investments are stated at market value in the financial statements. Market values of the mutual funds are from quoted market prices. The money market fund and insured deposit account are valued at \$1 plus any applicable interest earned. The unrealized gain or loss in the total market value of the investments is reflected in the statements in the year in which it occurs.

NOTES TO FINANCIAL STATEMENTS

Wooster Republican Printing Company Employees 401(k) Plan

2 Summary of Significant Accounting Policies, Continued

Valuation of Investments:

Investments are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Risks and Uncertainties:

The Plan's investment include investments in mutual funds holding investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

Subsequent Events:

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through July 3, 2017, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

Wooster Republican Printing Company Employees 401(k) Plan

3 Tax Status

On March 31, 2014, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. There have been no amendments to the Plan since the determination letter was received. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of September 30, 2016, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- * Quoted prices for similar assets or liabilities in active markets;
- * Quoted prices for identical assets or similar assets or liabilities in inactive markets;
- * Inputs other than quoted prices that are observable for the asset or liability;
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2016 and 2015.

Mutual Funds:

The fair value of the mutual funds are based on quoted market prices. These are classified in the Level 1 category of the valuation hierarchy.

NOTES TO FINANCIAL STATEMENTS

Wooster Republican Printing Company Employees 401(k) Plan

4 Fair Value Measurements, Continued

Money Market Mutual Fund:

The fair value of the money market mutual fund is based on the underlying assets of the fund. The fund is valued at \$1 and invests in U.S. dollar denominated money market securities of domestic and foreign issuers. The money market mutual fund is classified in the Level 2 category of the valuation hierarchy.

Insured Deposit Account:

The insured deposit account is valued at \$1 plus interest and primarily invests in U.S. government and agency bonds. The deposit account is classified in the Level 2 category of the valuation hierarchy.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2016 and 2015. Classifications within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of September 30, 2016				
	Level 1	Level 2	Level 3	Total
Money Market	\$ -	\$ 314,024	\$ -	\$ 314,024
