We have audited the accompanying financial statements of Skagit Bank Employees' Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Skagit Bank Employees' Retirement Plan as of December 31, 2016 and 2015, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules on pages 11 – 12, together referred to as "supplemental information", are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1. PLAN DESCRIPTION

The following description of the Skagit Bank Employees' Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan, adopted August 13, 1986, and restated January 1, 2002, and again on November 1, 2009, to provide retirement benefits to the employees of Skagit Bancorp, Inc. (the Bank). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The purpose of the Plan is to enable employees to save for retirement.

Eligibility - All employees age nineteen or older who have completed three months of service are eligible to participate in the employee salary deferral portion of the Plan, except for summer help, temporary part-time help, and employees represented by a collective bargaining agreement. Eligible employees may enter the employee salary deferral portion of the Plan on the first day of any month that coincides with, or follows, the date on which they satisfy the eligibility requirements.

All employees, except summer help, temporary part-time help, and employees represented by a collective bargaining agreement, age nineteen or older who have completed six months of service, are eligible to join the employer matching and profit-sharing portions of the Plan. Eligible participants enter the employer matching and profit-sharing portions of the Plan on the first entry date (January 1, April 1, July 1, or October 1) which coincides with, or follows, the date on which they satisfy the eligibility requirements. For employer matching and profit-sharing contributions, an eligible participant must be employed on December 31 and have completed 1,000 hours of service during the plan year to receive such employer contributions. However, participants who terminate prior to December 31 because of retirement, disability, or death are eligible for all employer contributions.

Contributions - Participants may elect to contribute a portion of their eligible compensation into the Plan on a tax-deferred basis. The participant's contribution may not exceed limits established by the Internal Revenue Service. Contributions withheld from participants are deposited by the Bank into the Plan as soon as practicable. Effective July 1,2012, the Plan was amended to allow Roth 401(k) deferrals.

The Bank matches 100% of each participant's elected contributions up to 4% of their annual, total eligible compensation. At the discretion of the Bank's board of directors, additional annual profit-sharing contributions may be made to the Plan and are allocated to eligible participants based upon annual participant eligible earnings. For the years ended December 31, 2016 and 2015, the additional annual profit-sharing contribution was 2% of participants' annual, total eligible compensation.

Participant accounts - Separate accounts are maintained for each participant's contributions and allocated share of plan income, expenses, employer contributions and forfeitures. Plan income and expenses are allocated based upon eligible participants' account balances. Employer contributions are allocated to eligible participants based upon annual participant eligible earnings. Profit-sharing forfeitures of terminated employees' nonvested accounts are used first to pay plan administrative expenses and then to reduce employer matching contributions.

December 31, 2016 and 2015

NOTE 1. PLAN DESCRIPTION, (continued)

Forfeited accounts - Nonvested portions of a participant's forfeited account arising from employer matching and profit-sharing contributions are used first to pay plan administrative expenses and then to reduce employer matching contributions. In 2016 and 2015, \$2,288 and \$13,852, respectively, of unallocated, forfeited, nonvested, nonparticipant-directed amounts were used to pay plan administrative expenses and then were used to reduce employer matching contributions by \$6,843 and \$15,248, respectively. There was no balance of unallocated, forfeited, nonvested, nonparticipant-directed amounts at December 31, 2016 and 2015.

Vesting - Participants are immediately 100% vested in their salary deferral contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based upon years of service. An employee must complete 1,000 hours during a vesting computation period in order to receive credit for one year of service. Employer matching and profit-sharing contributions vest as follows:

| Years of Vesting Service | Vesting Percentage | | |
|--------------------------|--------------------|--|--|
| Less than 2 | 0 % | | |
| 2 | 20 % | | |
| 3 | 40 % | | |
| 4 | 60 % | | |
| 5 | 80 % | | |
| 6 or more | 100 % | | |

Full vesting is also attained regardless of years of service if the participant (a) reaches normal retirement age or early retirement age, if allowed, (b) is terminated due to disability or death, or (c) if the Plan is fully or partially terminated.

Investment options - The plan trustees establish the investment options. A participant may direct contributions to any of the available investment options other than Skagit Bancorp, Inc. common stock, which is no longer an investment option. Participants may change their investment options at any time. The Plan offered eighteen investment options at December 31, 2016 and 2015.

Payment of benefits - Upon termination of service due to retirement, disability, or death, a participant or beneficiary(ies) may elect to receive their vested account balance in a lump-sum payment or ratable monthly, quarterly, or annual installment payments over a fixed period not to exceed the life expectancy of the participant and/or the participant's beneficiary(ies). For termination of service due to other reasons, a participant shall receive their vested account balance in a lump-sum payment.

Administration - The Plan is administered by the plan trustees appointed by the board of directors of the Bank as provided under the terms of the Plan. Mike Janicki and Dan Peth are the plan trustees. The Plan has signed an Administrative Services Agreement with Northwest Plan Services, Inc. to assist in the performance of administrative duties. Certain plan investments are held by Broadridge Matrix Trust. Payroll is processed by ADP.

December 31, 2016 and 2015

NOTE 1. PLAN DESCRIPTION, (continued)

Administrative and investment expenses - Certain administrative functions and duties are performed by employees of the plan sponsor (the Bank) at no cost to the Plan. Plan administrative expenses are partially paid by the Plan and the plan sponsor. Such costs include accounting, auditing, legal, and other plan administrative expenses. Plan administrative and investment expenses paid by the Plan in 2016 and 2015 totaled \$29,685 and \$34,623, respectively. Plan administrative expenses paid by the Bank totaled \$48,795 and \$48,806 in 2016 and 2015, respectively, and these administrative expenses will not be reimbursed by the Plan.

Participant loans (notes receivable from participants) are made at the discretion of the plan trustees. Loan transactions are treated as a transfer to (from) the participant's investment fund (from) to the participant's loan fund. Participants may borrow from their investment fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 - 5 years for loans of any reasonable purpose and from 1 - 30 years for loans to purchase a home. Participants may only have two outstanding loans at one time. The loans are secured by the participant's account and bear interest at various rates ranging from 4.25% to 5.25%. Principal and interest are paid ratably through semi-monthly payroll deductions, with payments ranging from \$22 to \$463. A loan is in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment.

Plan termination - Although it has not expressed any intent to do so, the Bank has the right to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA, by giving written notice to the plan trustees. In the event of plan termination, participants will become 100% vested in all of their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Bank may determine.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash (money market fund) - The Plan maintains its cash in a money market fund that exceeds federal insured limits during the year. The Plan has not experienced any losses in this account, and the trustees do not believe it is exposed to any significant credit risk.

Basis of accounting - The financial statements of the Plan are prepared on the accrual-basis method of accounting.

Use of estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual-basis method of accounting, with dividends recorded on the ex-dividend date.

See independent auditors' report

December 31, 2016 and 2015

NOTE 2. SUMMARY IF SIGNIFICANT ACCOUNTING POLICIES, (continued)

Notes receivable from participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans, if any, are reclassified as distributions (benefit payments) based on the terms of the plan agreement.

Benefit payments - The Plan recognizes benefit payments in the period they are actually paid.

Reclassifications - Certain prior year amounts have been reclassified to conform to current year presentation.

Subsequent events - The Plan has evaluated subsequent events through June 27, 2017, the date the financial statements were available to be issued. There were no material subsequent events that required recognition or disclosure in these financial statements.

NOTE 3. FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 Measurement) and the lowest priority to unobservable inputs (Level 3 Measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

December 31, 2016 and 2015

NOTE 3. FAIR VALUE MEASUREMENTS, (continued)

Following is a description of the valuation methodologies used for investment assets measured at fair value:

Cash (money market fund) - Stated at cost plus accrued interest, which approximates fair value

Registered investment companies (mutual funds) - Valued at the net asset value (NAV) of shares held by the Plan at year-end

Skagit Bancorp, Inc. common stock - Valued at estimated market price based upon recent purchases and sales of such stock with unrelated third parties

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value:

| | As of December 31, 2016 | | | | | | |
|--|-------------------------|-------------------|---------------------|--|--|--|--|

December 31, 2016 and 2015

NOTE 4. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the plan sponsor by a letter dated November 8, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving that determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

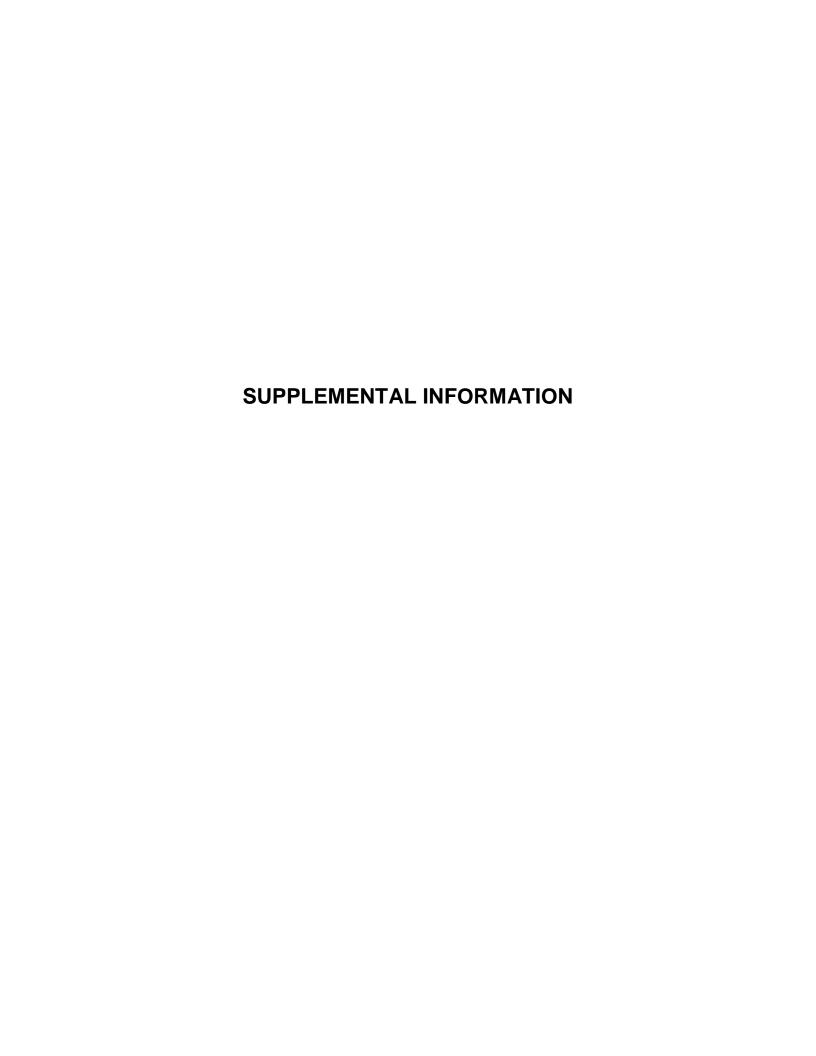

NOTE 5. RISK AND UNCERTAINTIES

The Plan invests in various registered investment companies (mutual funds) and Skagit Bancorp, Inc. common stock. Registered investment companies (mutual funds) and Skagit Bancorp, Inc. common stock are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain registered investment companies (mutual funds) and Skagit Bancorp, Inc. common stock, it is at least reasonably possible that changes in the fair values of registered investment companies (mutual funds) and Skagit Bancorp, Inc. common stock will occur in the near-term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain participants hold Skagit Bancorp, Inc. common stock as an investment within the Plan. Skagit Bancorp, Inc. common stock is no longer an investment option that is offered to participants. The value of Skagit Bancorp, Inc. common stock held within the Plan increased \$7,120 and decreased \$17,700 in 2016 and 2015, respectively. Skagit Bancorp, Inc. is the plan sponsor and, therefore, these transactions qualify as party-in-interest transactions.

As described in Note 1, the Plan has a number of service providers who are also parties-in-interest under ERISA.
