As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, and Voya Retirement Insurance and Annuity Company, the custodian of certain plan assets, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee and custodian hold the Plan's investment assets and execute investment transactions. The merged plan assets as of December 31, 2015 are considered a receivable to the Plan as of December 31, 2015. All Plan assets, with the exception of those that were certified by the Plan custodian, were transferred to a new trustee in January 2016, and are considered a receivable to the Plan as of December 31, 2015.

Other Matter

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 1—Description of Plan

The following description of the Lafarge North America Inc. Thrift Savings Plan (the “Plan”) is provided for general purposes only. Participants should refer to the Plan document, as amended and restated, for a more complete description of the Plan’s provisions.

General – The Plan was created by Lafarge North America Inc. (the “Company” or “Employer” or “Plan Sponsor”) on January 1, 1982 and was most recently amended effective July 1, 2015, to amend the groups eligible for and the calculation of the employer core contribution, as well as to remove groups that are no longer eligible to participate in the Plan. On July 10, 2015, the Company completed a merger with Holcim Ltd and became Lafarge Holcim. Subsequent to December 31, 2015, the Plan was amended and restated to reflect the merger of the Holcim (US) Inc. Retirement Savings Plan for Salaried Employees, the Holcim (US) Inc. Retirement Savings Plan for Hourly Employees, and the Systech Environmental Corporation Savings and Investment Trust Plan. See Note 9 for more information regarding the merger. The Plan is a defined contribution plan and covers salaried and hourly employees of the Company at certain facilities who have completed any applicable eligibility requirements and who are not covered by another Company plan. The Plan is intended to qualify under Section 401(k) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan’s assets are held in the custody of Vanguard Fiduciary Trust Company (the “trustee”) and Voya Life Insurance and Annuity Company, the custodian, of certain Plan assets. See Note 9 for more information regarding change in trustee effective December 31, 2015.

Administrative Expenses – The Plan is administered by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses are paid either directly by the Plan Sponsor or by the account of the participant.

Participant Contributions – The Plan consists of a basic Plan document and several supplements relating to certain locations. Each salaried and hourly employee who becomes eligible to participate in the Plan may contribute to the Plan on a pretax or after-tax basis. Pretax contributions of 1% to 6% and voluntary after-tax contributions of 1% to 19% of annual compensation may be made by the participant. In addition, participants 50 years of age or older may elect to make a catch-up deferral contribution of up to \$6,000 for the year ended December 31, 2015. Qualified distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution.

Employer Contributions – Under the basic Plan document, the Company has two matching contributions. The regular match is made each pay period and is 100% of the first 3% and 50% of the next 3% of pretax and after-tax compensation contributed to the Plan by each participant for all participants who have completed a six-month period of service and attained the age 21. The discretionary true-up match is made at the end of the Plan year, with amounts determined annually by a formula outlined in the Plan document. The Company’s regular match and true-up match contributions for the year ended December 31, 2015 were \$5,823,409. The Company also makes core contributions for certain participants who are either employed by the Company on the last day of the year or retire, become disabled, or die while employed by the Company during the year, and do not receive credit for benefits under a defined benefit pension plan of the Company. Core contribution amounts are determined based on each participant’s age, length of service, and compensation. The Company’s core contributions for the year ended December 31, 2015 were \$4,276,427. In addition, the Company may make discretionary employer contributions each Plan year as determined by the Benefit Plan Design Committee. Discretionary employer contributions of \$143,180 were made during the year ended December 31, 2015.

Vesting – Participants are immediately vested in their salary deferral contributions and rollover contributions plus actual earnings thereon.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 1—Description of Plan (continued)

Participants become vested in employer contributions and earnings in accordance with the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2 years	0%
2	100%

Participant Accounts – Individual accounts are maintained for each participant and include participants' salary deferral contribution and rollover contributions, plus an allocation of the Plan Sponsor's matching contributions, discretionary employer contributions (if any), core contributions (if any) and Plan earnings (losses), including realized and unrealized gains and losses on investments, and administrative expenses not paid by the Plan Sponsor. Allocations are based on participant earnings or account balances, as defined.

Forfeitures – Forfeitures arising with respect to former non-fully vested participants are first applied to restore any forfeited amounts for any former participant rehired before five consecutive one year breaks in service, then to pay for any administrative expenses. Any remaining forfeitures may be used to reduce future employer contributions. During the year ended December 31, 2015, forfeitures used to reduce administrative expenses totaled \$127,420 and forfeitures used to reduce employer contributions were \$54,238. At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$0 and \$181,658, respectively.

Payment of Benefits – On termination of service, a participant (or designated beneficiary) may elect to receive an amount equal to the value of the participant's vested interest in his account. The Plan allows for distributions upon termination of service, death, disability, attainment of age 59½, or in certain hardship situations. A participant may elect to receive a lump sum payment, an annuity, or may roll over the value of their account into another qualified plan. In the event a participant terminates or retires and the participant's vested account balance is less than \$5,000, the balance will either be rolled into an Individual Retirement Account ("IRA") or paid out as a lump sum distribution at the discretion of the Company.

The Plan also allows, in certain hardship situations as defined in the Plan, participants to withdraw from their account balances while actively employed. These hardship withdrawals are subject to IRC restrictions and penalties.

Notes Receivable from Participants – Prior to August 1, 2014, the Plan had not offered notes to participants. Effective August 1, 2014, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their eligible fund balance, reduced by any outstanding note balance. Participants may only have one note outstanding at any time. Notes must be repaid within 5 years, are secured by the balance in the participant's account and bear interest at a rate as determined by the Plan administrator. At December 31, 2015, the interest rate on all outstanding notes was 4.25%. As of December 31, 2015, the transfer from change in trustee receivable includes \$1,147,304 of outstanding notes receivable to participants. See Note 9 for more information regarding the transfer from change in trustee. As of December 31, 2014, there were no outstanding notes receivable to participants.

Investment Options – Participants may direct Vanguard Fiduciary Trust Company, the trustee, as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time. Transfers of account balances between elected investment options may also be made at any time. While the Plan holds certain investments with Voya Life Insurance and Annuity Company ("Voya"), participants are no longer allowed to make contributions to these investments. Participants with existing balances with Voya are allowed to retain balances in those accounts.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan’s gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document.

Benefits Paid to Participants – Benefits paid to participants are recorded when paid.

Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants’ account balances and the amount reported in the statements of net asset available for benefits and the statement of changes in net assets available for benefits.

New Accounting Pronouncements – In May 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the Net Asset Value (“NAV”) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. As permitted, the Plan has elected early adoption and has applied the ASU retrospectively for all periods presented. Accordingly, investments measured using the NAV practical expedient have been removed from the categorization of the fair value hierarchy as of December 31, 2015 and 2014.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part I Fully Benefit-Responsive Investment Contracts, Part II Plan Investment Disclosures, Part III Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures and provides for a measurement-date practical expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provides certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investment by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 2—Summary of significant accounting policies (continued)

Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. As permitted, the Plan has elected early adoption of Part II and has applied the ASU retrospectively for all periods presented. The adoption of Part II eliminated the historical disclosure of individual investments which comprise 5% or more of total net assets available for benefits, disclosure of investments by nature, characteristics and risks, as well as the net appreciation or depreciation of fair value types.

Fair Value Measurement – GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;
- Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be
- Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds – These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Pooled Separate Accounts ("PSA") – PSAs are made up of a variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. These assets are not available in an exchange or an active market; however, the fair value is determined based on the NAV of the underlying assets as traded in an exchange or active market. As part of the adoption of ASU 2015-07, the PSAs have not been classified under the fair value hierarchy.

General Account – The general account is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. The NAV is not a publicly-quoted price in an active market. As part of the adoption of ASU 2015-07, the general account has not been classified under the fair value or reflective of future fair values.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 2—Summary of significant accounting policies (continued)

Common / Collective Trust – These investments are public investment vehicles valued using the NAV as a practical expedient to estimating fair value provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is not a publicly-quoted price in an active market. The investment objectives seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. As part of the adoption of ASU 2015-07, the common / collective trust has not been classified under the fair value or reflective of future fair values.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3—Tax status

The Plan has received its latest determination letter from the Internal Revenue Service (“IRS”) dated June 24, 2014 stating that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, that it has no income subject to business income tax, and that the Plan continues to be tax exempt.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan’s termination, participants will become fully vested in their accounts.

Note 5—Information certified by the Plan’s trustee and custodian (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan, and Voya Life Insurance Annuity Company, custodian of certain Plan assets, have certified to the completeness and accuracy of the following data included in the accompanying financial statements as of December 31, 2015 and 2014 and for the year ended December 31, 2015.
