THE OHIO AUTO CLUB EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of The Ohio Auto Club Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of The Ohio Auto Club (the "Company") who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute the maximum amount allowed by law of their pretax annual compensation, as defined by the Plan. The maximum salary deferral permitted by the Internal Revenue Code (the "IRC") was \$18,000 for 2016 and \$18,000 for 2015. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company provides a matching contribution at a level established annually by the Company. For 2016 and 2015, the Company matched 100% of the first 4% of base compensation that a participant contributed to the plan along with a Safe-Harbor contribution of 4% to all eligible employees.

Participant Accounts

Each participant's account is credited with the participant's salary deferral and allocation of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their account is based upon years of continuous service. A participant is 100% vested after two years of continuous service.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions and employer matching and discretionary contributions in any increment in any of the following options:

American Beacon Small Cap Value	American Washington Mutual Fund R4
American Beacon Large Cap Value	Baron Small Cap Fund
American Century Aggressive Fund	Dreyfus Midcap Index Fund
American Century Conservative Fund	Federated Total Return Bond Fund
American Century Equity Growth Fund	Fidelity Adviser High Income
American Century Moderate Fund	T. Rowe Price Growth Stock Advantage
American Century EuroPacific Growth Fund R4	Clearcourse
American New Perspective Fund	PNC Investment Contract Fund

Participants may change investment options by contacting the Plan Trustee.

Participant Notes Receivable

Participants may borrow from their fund accounts. The Company has the sole right to approve or disapprove a participant's application for a loan, provided that loans are made available to all participants on a reasonably equivalent basis. No loan shall exceed the lesser of \$50,000 or one-half of the fair value of a participant's vested account balance. If the participant's vested account balance is \$20,000 or less, the maximum loan shall not exceed the lesser of \$10,000 or 100% of the participant's vested account balance. Any loan shall bear interest at a rate reasonable at the time of application, considering the purpose of the loan and the rate being charged by

representative commercial banks in the local area for a similar loan. The term of such loan shall not exceed sixty months, unless the loan is to be used by the participant to purchase the participant's principal residence. The term for such loans shall be determined by the Company considering the maturity dates quoted by representative commercial banks in the local area for similar loans. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service, due to death, disability, or retirement, a participant receives a lump-sum amount equal to the value of his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$81 and \$229, respectively. Forfeitures are used to offset administrative expenses.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis.

Valuation of Investments

Investments are stated at fair value based on quoted prices in active markets. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The common/collective trust investment is valued at fair value with an adjustment to contract price. The annuity contract is based on the fair value of the underlying securities of the contract less service fees.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses

Administrative expenses charged to the Plan are primarily borne by the Company. Minor expenses were paid by the Plan in 2016 and 2015.

Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of investment income and expenses during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

3. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

4. INVESTMENTS

The Plan's investments are held in a bank-administered trust fund. The Plan's investments (including investments bought and sold as well as held during the year) appreciated (depreciated) in fair value during the years ended December 31, 2016 and 2015. The following reflects both the appreciation (depreciation) in value and realized gains on dispositions.

5. INCOME TAX STATUS

The Plan is designed to constitute a qualified trust under Section 401(a) of the Internal Revenue Code (IRC) and is exempt from federal income taxes under Section 501(a) of the IRC.

The Plan obtained its latest determination letter February 26, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. A letter regarding the form of the Plan being acceptable, as obtained from the IRS for the prototype plan on which the Plan is based, was dated March 31, 2008. The Plan was amended as of February 9, 2010.

**THE OHIO AUTO CLUB EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

5. INCOME TAX STATUS – CONTINUED

Accounting principles generally accepted in the United States of America require plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

6. TRUSTEE CERTIFICATION

PNC Bank, the trustee of the Plan, has certified with respect to the investment assets, transactions and income, that the information provided is a complete and accurate accounting of the financial condition of the Plan. This information was not audited for these financial statements, as allowed by D.O.L. Reg. 2520.103-8.

7. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 or 2015.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset values (NAV) and to transact at that price.

Group Annuity Contract – Carrying amounts are the fair values using a trade date basis.

THE OHIO AUTO CLUB EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

7. FAIR VALUE MEASUREMENTS – CONTINUED

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Description	Assets at Fair Value as of December 31, 2016

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs
Group annuity contract	\$ 2,549,406	Value of previous valuation period multiplied by a net investment factor	Net Investment Factor

The net investment factor is used to measure the investment performance. The net investment factor for any Valuation Period is determined by (a) divided by (b), minus (c), where:

- (a) Is the value of the assets at the end of the preceding Valuation Period; plus the investment income and capital gains, realized or unrealized, credited to those assets at the end of the Valuation Period for which the net investment factor is being determined; minus the capital losses, realized or unrealized, charged against those assets during the Valuation Period; minus any amount charged against the account for taxes. This includes any amount set aside during the Valuation Period as a provision for taxes attributable to the operation or maintenance of the contract;
- (b) Is the value of the assets at the end of the preceding Valuation Period; and
- (c) Is a daily factor for the Valuation Period representing the asset charge deducted from the Subaccount adjusted for the number of days in the Valuation Period. The rates for this charge are shown in the contract.

8. FULLY BENEFIT-RESPONSIVE CONTRACT

The PNC Investment Contract Fund (the "Fund") is a common trust fund administered by PNC Bank N.A. for its customers in conformity with the rules and regulations of the Office of the Comptroller of the Currency as they apply to collective investments of fiduciary funds held by national banks and in compliance with the Employee Retirement Income Security Act of 1974. The Fund's investors consist solely of defined contribution plans. The investment objectives of the Fund are to maximize current income, while maintaining principal and to provide for withdrawals of certain participant-initiated transactions under a plan without penalty or adjustment.

The Fund invests primarily in Synthetic Guaranteed Investment Contracts insured by wrap contract agreements. The Fund also invests in a money market account.

Contract units are redeemed daily based on the net asset value of the Fund which is determined daily. Unit holders have agreed to the payment of redemption over a period of up to twelve months under certain circumstances. Net investment income is reinvested.
