(1) Description of plan

The following description of the Curry Investment Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General - The Plan is a defined contribution plan covering all employees of Curry Investment Company (the "Company") who are age twenty-one or older except those covered by a collective bargaining agreement. Participants become eligible to participate after 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by the Company's Profit Sharing Committee ("the Committee"). Together with the Plan's Registered Investment Advisor, the Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Change in year-end - The Plan year-end changed from the last day in February to December 31. This resulted in a short plan year of ten months ending December 31, 2016.

Contributions - Participants may contribute up to 100% of annual compensation as pre-tax contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Employees are automatically enrolled in the Plan at a deferral rate of 3% on the date they are eligible to enter the Plan unless they specifically opt out. The Company makes a 3% non-elective contribution to the Plan. Company contributions were $112,069 for the ten months ended December 31, 2016 and $127,982 for the year ended February 29, 2016. Additional amounts may be contributed at the option of the Company. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers 18 pooled separate accounts, four mutual funds, and a common collective trust as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) plan earnings, (c) forfeitures of terminated participants' non-vested accounts, and (d) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of plan (continued)

Vesting - Participants' contributions plus actual earnings are 100% vested immediately. Participants are 100% vested in the Company's non-elective contribution. Discretionary Company contributions are subject to the following vesting schedule:

Years of Service	Vested %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000, reduced by any outstanding loan balance, if any, during the one-year period ending on the day before their new loan is made. Participants are limited to one loan in any one-year period, and only one loan may be outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - On termination of service for any reason, if a participant's balance is less than $1,000, their benefit equal to the value of the participant's vested interest in his or her account, will be distributed in a lump sum payment. If the participant's balance is between $1,000 and $5,000, the balance will be automatically rolled over to an IRA if the participant has not reached the age of 65 and has not elected a single sum payment or a rollover to another retirement plan or IRA. For balances greater than $5,000, a participant may elect to receive an amount equal to the value of their vested interest in his or her account in the form of a lump sum payment, elect from a variety of annuity options offered by the Plan, rollover to another retirement plan or IRA, or continue to participate in the Plan investments.

Forfeited accounts - At December 31, 2016 and February 29, 2016, forfeited non-vested accounts totaled $4,498 and $5,781, respectively. Forfeiture accounts will be used to reduce future employer contributions or allocated to participants. For the ten months ended December 31, 2016 and the year ended February 29, 2016 forfeitures of $325 and $4,997, respectively, were allocated to participants. Also, for the ten months ended December 31, 2016 and the year ended February 29, 2016, employer contributions were reduced by $0 and $5,830, respectively, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

(2) Summary of significant accounting policies (continued)

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment trustees. See Note 4 for discussions of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

(3) Information prepared and certified by the trustees

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustees of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Net appreciation (depreciation) in fair value of investments
- Dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and February 29, 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of units of the separate account. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable value common collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

(4) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and February 29, 2016:

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 228,950	$ -	$ -	$ 228,950
Investments measured at NAV[(a)]				8,376,315
Investments at fair value				$ 8,605,265

	Investments at Fair Value as of February 29, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 182,870	$ -	$ -	$ 182,870
Investments measured at NAV[(a)]				7,248,989
Investments at fair value				$ 7,431,859

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of changes in net assets available for benefits.

Investments Measured Using Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is based on NAV per share as of December 31, 2016 and February 29, 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

Investments	Fair Value 12/31/2016	Fair Value 2/29/2016	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 7,107,563	$ 6,050,430	$ -	Daily	None
Stable value common collective trust	1,268,752	1,198,559	-	Daily	12 months **
Total	$ 8,376,315	$ 7,248,989	$ -		

** The common collective trust fund listed above can be redeemed on a daily basis and has a 30 day redemption notice period for benefit payments and participant transfers to noncompeting options. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require a twelve-month advance written notice.

(5) Related party transactions and party-in-interest transactions

Certain plan investments are pooled separate accounts and a common collective trust managed by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company are the trustees of the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the trustees of $16,082 for the ten months December 31, 2016 and $17,404 for the year ended February 29, 2016, which was not covered by revenue sharing. The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. The Plan Sponsor pays directly any other fees related to the Plan's operations.

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer discretionary contributions.

(7) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and February 29, 2016 to Form 5500:

	December 31, 2016	February 29, 2016
Net assets available for benefits per the financial statements	$ 8,785,040	$ 7,616,661
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	408	3,159
Net assets available for benefits per Schedule H of the Form 5500	$ 8,785,448	$ 7,619,820

(7) Reconciliation of financial statements to Schedule H of Form 5500 (continued)

The following is a reconciliation of the net increase (decrease) per the financial statements for the ten months ended December 31, 2016 and the year ended February 29, 2016 to net income (loss) per the Form 5500:

	Ten Months Ended December 31, 2016	Year Ended February 29, 2016
Net increase (decrease) per the financial statements	$ 1,168,379	$ (45,061)
Current year adjustment from contract value to fair value for benefit-responsive investment contracts	408	3,159
Prior year adjustment from contract value to fair value for benefit-responsive investment contracts	(3,159)	(12,195)
Net income (loss) per Schedule H of the Form 5500	$ 1,165,628	$ (54,097)

(8) Tax status

The Internal Revenue Service ("IRS") has determined that the non-standardized prototype profit sharing plan is designed in accordance with the applicable sections of the IRC and informed the trustee of such in a letter dated March 31, 2014. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Voluntary compliance program

During 2015, the Company determined that certain participants were inadvertently allowed to make elective deferral contributions on compensation that exceeded the annual pay limit. This is prohibited by the terms of the Plan document. The Company corrected this error through the IRS's Voluntary Correction Program ("VCP"). The VCP submission further details this matter and the Company's plan for correcting it. The Company did not expect the VCP submission to affect the Plan's tax status. The Company received a signed compliance statement dated May 13, 2016 from the IRS.

(11) Subsequent events

The Plan has evaluated subsequent events through June 28, 2017, which is the date the financial statements were available to be issued and noted the following item for disclosure:

Effective January 1, 2017, the Plan was amended to change the Plan year, deposit year, and limitation year, to January 1.
