Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
MagTek Profit Sharing/401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the MagTek Profit Sharing/401(k) Plan which are comprised of the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2016 and 2015 and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of the Plan

The following description of the MagTek Profit Sharing/401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan was adopted effective June 30, 1980 by MagTek, Inc. (the "Company" or "Employer"). The Plan is a defined contribution plan covering all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A plan administrator, who serves at the discretion of the Company's Board of Directors, administers the Plan. The plan administrator is responsible for all matters including, but not limited to, eligibility, rights to benefits, interpreting Plan documents and maintaining participants' accounts. The custodian of Plan assets is Fidelity Management Trust Company ("Fidelity"). In addition, Fidelity acts as the record-keeper for the individual participant accounts.

Participant Eligibility

Each of the Company's employees is eligible to participate in the Plan on the first day of the month immediately following the employee's date of hire and obtaining age 18. Effective November 1, 2011, participants become eligible for nonelective contributions following 1,000 hours of eligible service.

Contributions

The Company's eligible employees may contribute up to 60% of their compensation, subject to the limitations as defined by the Internal Revenue Code ("IRC"), each year on a pre-tax basis by salary reduction. All participants were limited to a maximum contribution of $18,000 in 2016 and 2015 by Section 402(g) of the IRC. An additional catch up contribution of $6,000 in 2016 and 2015 was allowed for participants who were age 50 by year end, per the IRC. If any participant's compensation deferrals for a year exceed the maximum amount allowable for that year, the excess amount will be returned to the Company and then paid to the participant as taxable compensation.

The Company may make a matching contribution to each participant based on his or her elective deferrals. The percentage, if any, is generally set by the Company at the beginning of the plan year and is contributed each pay period to participants. For the December 31, 2016 and December 31, 2015 Plan years, the Company elected to, and did contribute, 50% of the participant's salary deferral up to 10% of the participant's gross income.

Note 1. Description of the Plan (continued)

The Company, at its discretion, may also make discretionary profit sharing contributions to the Plan to be allocated to participants who are employed on the last day of the Plan year. The Board of Directors of the Company determines the amount of this contribution at the end of the Plan year. The Company made a discretionary profit sharing contribution of $1,893,247 and $1,781,688 for the plan years ended December 31, 2016 and December 31, 2015, respectively, which are included in receivables on the statements of net assets available for benefits.

Participant Accounts

Participants direct the investment of all contributions to their account into various investment options offered by the Plan. Each participant's account is credited with the participant's salary deferral contribution and allocations of the Company's matching and profit sharing contributions, if any, and Plan earnings and gains and losses. The allocation of the Company's profit sharing contribution is based on the proportion of the participant's total compensation to the total compensation paid to all participants. Earnings on investments include interest income and realized and unrealized gains and losses and are allocated to the participant's account based on the participant's directed investment program earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their deferral contributions plus actual earnings thereon. Vesting in the discretionary Company contributions and related earnings is based on years of continuous service according to the following schedule:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 or more years	100%

The participant's account shall become fully vested upon the participant's retirement date or prior to the retirement date in the event of death or total and permanent disability.

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company contributions and earnings on their Company contributions and 100% of their pre-tax contributions and earnings on their contributions in a lump sum payment as soon as administratively possible following participants' requests for distribution. A participant's total vested benefit of less than $1,000 is subject to an involuntary cash-out distribution even if the participant does not consent to a distribution. Any distribution greater than $1,000 but less than $5,000 that is made without the participant's consent will be rolled over to an individual retirement plan designated by the Plan Administrator.

Note 1. Description of the Plan (continued)

Subject to certain restrictions, in-service withdrawals from a participant's account may be permitted to participants who are over the age of 59-1/2 or if the participant qualifies for a financial hardship, as described in the Plan document, for which funds are not reasonably available from other resources of the participant. Employees who receive hardship distributions are excluded from participating in the Plan for a six-month period.

As a result of the Plan's previous receipt of a transfer of assets from another defined contribution plan, benefits were previously payable in the form of an annuity and the Company elected to continue to offer this form of benefit payment under the Plan.

Forfeitures

Amounts forfeited from terminating participants non-vested portion of their Company matching contribution and earnings on such contributions may be used to pay administrative expenses or to reduce Company contributions. As of December 31, 2016 and December 31, 2015, there was no significant forfeiture balance available. During the year ended December 31, 2016, approximately $62,200 of forfeitures were used to reduce the Company matching contribution.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to the administration of notes receivable from participants, distributions and self-directed brokerage accounts are charged directly to participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Effective September 1, 2015, the Plan entered into an agreement with Fidelity Managemernt Trust Company in which the Plan is credited with revenue sharing amounts equal to $25,000 per year. This amount is eligible to be used to pay fees related to the Plan and allocated to participants. As of December 31, 2016 and December 31, 2015, there was approximately $31,500 and $0, respectively, of funds available.

Contribution Funding

The Company makes payments to the Plan for employee and employer matching contributions on a weekly basis in conjunction with payroll and on an annual basis for the discretionary profit sharing contribution.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. The net assets of the Plan are allocated entirely to individual participants' accounts.

Note 2. Summary of Significant Accounting Policies (continued)

Valuation of Investments

All investments are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is accrued as earned.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts from $1,000 up to a maximum of $50,000 or 50% of their vested account balance. Only one outstanding loan is allowed at any given time. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest is paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Note 2. Summary of Significant Accounting Policies (continued)

Recent Accounting Policies

In May 2015, the FASB issued Accounting Standards Update ASU No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU No. 2015-07 removes the requirement to include all investments in the fair value hierarchy for which the fair value is measured at net asset value (NAV) per share using the practical expedient, under Fair Value Measurements and Disclosures (Topic 820). ASU No. 2015-07 is effective for nonpublic business entities for annual reporting periods beginning after December 15, 2016. Management early adopted ASU 2015-07, and prior period amounts have been reclassified to reflect the revised presentation. There was no material impact to the Plan's financial statements.

Subsequent Events

Subsequent events have been evaluated through July 6, 2017, the date the financial statements were available for issuance.

Note 3. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

Note 4. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Money market fund: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Common/collective trust fund: This investment is valued at Net Asset Value)"NAV" as a practical expedient, based on contract value, which represents invested principal plus accrued interest thereon. In determining contract value, the fund manager considers such factors as the benefit responsiveness of the contracts, the ability of the parties to the contracts to perform in accordance with the terms of the contracts and the likelihood of default by the issuer of an investment security. While the fair value of the investments in the common/collective trust are determined by the investee's trustee based on the fair value of the underlying securities within the investment, which represent the Net Asset Value ("NAV") of shares held by the Plan at year end, the custodian reports this investment at contract value using NAV as a practical expedient. Contract value is the relevant fair value for such an investment as that is the value that the participant's transactions are reported.

Self-directed brokerage accounts: Common stocks, money market funds and stock options are valued at the closing market price reported on the active market on which the public investment securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (continued)

The following tables are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2016 and 2015:

	Fair Value Measurements Using Input Type

**Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.*

The following tables present additional information relative to the common/collective trust fund reported on net asset value at December 31, 2016 and 2015:

Fidelity Managed Income Portfolio	$4,514,841	$ ---	Daily	Up to a 90 day holding period	None

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

The Plan has adopted a volume submitter profit sharing plan which received an advisory letter dated March 31, 2014 from the Internal Revenue Service ("IRS"). The IRS advisory letter provides that an employer adopting the volume submitter plan document may rely on the advisory letter with respect to the qualification of the Plan under Internal Revenue Code Section 401(a). Additionally, the Plan has received a determination letter dated September 08, 2015 from the IRS. The Plan has been amended and restated since receiving the advisory and determination letters. However, the plan sponsor and Fidelity believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 8. Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and a money market fund, a common/collective trust fund and investments held in self-directed brokerage accounts managed by Fidelity Investments. Fidelity Management Trust Company, the trustee of the Plan, is a wholly owned subsidiary of Fidelity Investments.

Note 8. Party-In-Interest Transactions (continued)

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Fidelity, other investment custodians and investment advisors.

Additionally, as noted in Note 1 certain administrative expenses related to participant initiated transactions are paid directly to Fidelity Management Trust Company.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest for which there are statutory exemptions.

Note 9. Reconciliation of Financial Statements to the Form 5500

Certain classification of investments may be reported differently on the Form 5500 than in the financial statements. Self-directed brokerage accounts may be reported as a single line item in the financial statements. Net assets available for benefits remains unchanged.

Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
MagTek Profit Sharing/401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the MagTek Profit Sharing/401(k) Plan which are comprised of the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2016 and 2015 and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of the Plan

The following description of the MagTek Profit Sharing/401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan was adopted effective June 30, 1980 by MagTek, Inc. (the "Company" or "Employer"). The Plan is a defined contribution plan covering all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A plan administrator, who serves at the discretion of the Company's Board of Directors, administers the Plan. The plan administrator is responsible for all matters including, but not limited to, eligibility, rights to benefits, interpreting Plan documents and maintaining participants' accounts. The custodian of Plan assets is Fidelity Management Trust Company ("Fidelity"). In addition, Fidelity acts as the record-keeper for the individual participant accounts.

Participant Eligibility

Each of the Company's employees is eligible to participate in the Plan on the first day of the month immediately following the employee's date of hire and obtaining age 18. Effective November 1, 2011, participants become eligible for nonelective contributions following 1,000 hours of eligible service.

Contributions

The Company's eligible employees may contribute up to 60% of their compensation, subject to the limitations as defined by the Internal Revenue Code ("IRC"), each year on a pre-tax basis by salary reduction. All participants were limited to a maximum contribution of $18,000 in 2016 and 2015 by Section 402(g) of the IRC. An additional catch up contribution of $6,000 in 2016 and 2015 was allowed for participants who were age 50 by year end, per the IRC. If any participant's compensation deferrals for a year exceed the maximum amount allowable for that year, the excess amount will be returned to the Company and then paid to the participant as taxable compensation.

The Company may make a matching contribution to each participant based on his or her elective deferrals. The percentage, if any, is generally set by the Company at the beginning of the plan year and is contributed each pay period to participants. For the December 31, 2016 and December 31, 2015 Plan years, the Company elected to, and did contribute, 50% of the participant's salary deferral up to 10% of the participant's gross income.

Note 1. Description of the Plan (continued)

The Company, at its discretion, may also make discretionary profit sharing contributions to the Plan to be allocated to participants who are employed on the last day of the Plan year. The Board of Directors of the Company determines the amount of this contribution at the end of the Plan year. The Company made a discretionary profit sharing contribution of $1,893,247 and $1,781,688 for the plan years ended December 31, 2016 and December 31, 2015, respectively, which are included in receivables on the statements of net assets available for benefits.

Participant Accounts

Participants direct the investment of all contributions to their account into various investment options offered by the Plan. Each participant's account is credited with the participant's salary deferral contribution and allocations of the Company's matching and profit sharing contributions, if any, and Plan earnings and gains and losses. The allocation of the Company's profit sharing contribution is based on the proportion of the participant's total compensation to the total compensation paid to all participants. Earnings on investments include interest income and realized and unrealized gains and losses and are allocated to the participant's account based on the participant's directed investment program earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their deferral contributions plus actual earnings thereon. Vesting in the discretionary Company contributions and related earnings is based on years of continuous service according to the following schedule:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 or more years	100%

The participant's account shall become fully vested upon the participant's retirement date or prior to the retirement date in the event of death or total and permanent disability.

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company contributions and earnings on their Company contributions and 100% of their pre-tax contributions and earnings on their contributions in a lump sum payment as soon as administratively possible following participants' requests for distribution. A participant's total vested benefit of less than $1,000 is subject to an involuntary cash-out distribution even if the participant does not consent to a distribution. Any distribution greater than $1,000 but less than $5,000 that is made without the participant's consent will be rolled over to an individual retirement plan designated by the Plan Administrator.

Note 1. Description of the Plan (continued)

Subject to certain restrictions, in-service withdrawals from a participant's account may be permitted to participants who are over the age of 59-1/2 or if the participant qualifies for a financial hardship, as described in the Plan document, for which funds are not reasonably available from other resources of the participant. Employees who receive hardship distributions are excluded from participating in the Plan for a six-month period.

As a result of the Plan's previous receipt of a transfer of assets from another defined contribution plan, benefits were previously payable in the form of an annuity and the Company elected to continue to offer this form of benefit payment under the Plan.

Forfeitures

Amounts forfeited from terminating participants non-vested portion of their Company matching contribution and earnings on such contributions may be used to pay administrative expenses or to reduce Company contributions. As of December 31, 2016 and December 31, 2015, there was no significant forfeiture balance available. During the year ended December 31, 2016, approximately $62,200 of forfeitures were used to reduce the Company matching contribution.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to the administration of notes receivable from participants, distributions and self-directed brokerage accounts are charged directly to participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Effective September 1, 2015, the Plan entered into an agreement with Fidelity Managemernt Trust Company in which the Plan is credited with revenue sharing amounts equal to $25,000 per year. This amount is eligible to be used to pay fees related to the Plan and allocated to participants. As of December 31, 2016 and December 31, 2015, there was approximately $31,500 and $0, respectively, of funds available.

Contribution Funding

The Company makes payments to the Plan for employee and employer matching contributions on a weekly basis in conjunction with payroll and on an annual basis for the discretionary profit sharing contribution.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. The net assets of the Plan are allocated entirely to individual participants' accounts.

Note 2. Summary of Significant Accounting Policies (continued)

Valuation of Investments

All investments are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is accrued as earned.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts from $1,000 up to a maximum of $50,000 or 50% of their vested account balance. Only one outstanding loan is allowed at any given time. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest is paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Note 2. Summary of Significant Accounting Policies (continued)

Recent Accounting Policies

In May 2015, the FASB issued Accounting Standards Update ASU No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU No. 2015-07 removes the requirement to include all investments in the fair value hierarchy for which the fair value is measured at net asset value (NAV) per share using the practical expedient, under Fair Value Measurements and Disclosures (Topic 820). ASU No. 2015-07 is effective for nonpublic business entities for annual reporting periods beginning after December 15, 2016. Management early adopted ASU 2015-07, and prior period amounts have been reclassified to reflect the revised presentation. There was no material impact to the Plan's financial statements.

Subsequent Events

Subsequent events have been evaluated through July 6, 2017, the date the financial statements were available for issuance.

Note 3. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

*** Notes receivable from participants are participant loans allowed under the related regulations. The participant loans are certified by the trustee, and are included as investments on the supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.*

Note 4. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Money market fund: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Common/collective trust fund: This investment is valued at Net Asset Value)"NAV" as a practical expedient, based on contract value, which represents invested principal plus accrued interest thereon. In determining contract value, the fund manager considers such factors as the benefit responsiveness of the contracts, the ability of the parties to the contracts to perform in accordance with the terms of the contracts and the likelihood of default by the issuer of an investment security. While the fair value of the investments in the common/collective trust are determined by the investee's trustee based on the fair value of the underlying securities within the investment, which represent the Net Asset Value ("NAV") of shares held by the Plan at year end, the custodian reports this investment at contract value using NAV as a practical expedient. Contract value is the relevant fair value for such an investment as that is the value that the participant's transactions are reported.

Self-directed brokerage accounts: Common stocks, money market funds and stock options are valued at the closing market price reported on the active market on which the public investment securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (continued)

The following tables are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2016 and 2015:

	Fair Value Measurements Using Input Type			
December 31, 2016	**Level 1**	**Level 2**	**Level 3**	**Total**

Investment valued at NAV as a practical expedient*				4,514,841
Total investments at fair value				$ 62,703,918

**Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.*

The following tables present additional information relative to the common/collective trust fund reported on net asset value at December 31, 2016 and 2015:

December 31, 2016	**Fair Value**	**Unfunded Commitment**	**Redemption Frequency**	**Other Redemption Restrictions**	**Redemption Notice Period**
Fidelity Managed Income Portfolio	$5,887,916	$ ---	Daily	Up to a 90 day holding period	None

Fidelity Managed Income Portfolio	$4,514,841	$ ---	Daily	Up to a 90 day holding period	None

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

The Plan has adopted a volume submitter profit sharing plan which received an advisory letter dated March 31, 2014 from the Internal Revenue Service ("IRS"). The IRS advisory letter provides that an employer adopting the volume submitter plan document may rely on the advisory letter with respect to the qualification of the Plan under Internal Revenue Code Section 401(a). Additionally, the Plan has received a determination letter dated September 08, 2015 from the IRS. The Plan has been amended and restated since receiving the advisory and determination letters. However, the plan sponsor and Fidelity believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 8. Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and a money market fund, a common/collective trust fund and investments held in self-directed brokerage accounts managed by Fidelity Investments. Fidelity Management Trust Company, the trustee of the Plan, is a wholly owned subsidiary of Fidelity Investments.

Note 8. Party-In-Interest Transactions (continued)

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Fidelity, other investment custodians and investment advisors.

Additionally, as noted in Note 1 certain administrative expenses related to participant initiated transactions are paid directly to Fidelity Management Trust Company.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest for which there are statutory exemptions.

Note 9. Reconciliation of Financial Statements to the Form 5500

Certain classification of investments may be reported differently on the Form 5500 than in the financial statements. Self-directed brokerage accounts may be reported as a single line item in the financial statements. Net assets available for benefits remains unchanged.
