NOTE 1: DESCRIPTION OF PLAN

The following description of the 4LEAF, Inc. 401(K) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant directed defined contribution plan covering all eligible employees of the 4LEAF, Inc. (the Company) with retirement benefits in accordance with section 401(k) of the Internal Revenue Code (the IRC). To be eligible to participate in the Plan, employees must have reached the age of twenty-one and have completed two months of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on January 1, 2002.

Contributions

Participants elect to have amounts withheld from their paychecks and contributed to the Plan by the Company. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan allows elective deferral contributions be made as Roth contributions. The Company can also make discretionary profit sharing contribution in an amount as determined by the Company. Company contributions are made in the ratio that each participant's compensation bears to the compensation of all eligible participants. All of the foregoing contributions are subject to limits as set by federal law.

Participant Accounts

Each participant's account is credited with the participant's own contributions, an allocation of the Company's contributions, and an allocation of net earnings from investments and changes in investment values. Allocations are based on each participant's contributions, earnings, or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's account. Participants select the investments into which their contributions are invested.

Vesting

Participants are always fully vested in their own contributions. Participants vest in Company contributions at the rate of 20% for each year of service until fully vested, beginning on date of hire. Participants are fully vested in Company contributions after five years of credited service.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon termination of service due to death, a participant will receive an amount equal to the value of the participant's vested interest in his or her account in annual installments over a period of time. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

Participant Loans

Loans to participants consist of promissory notes received from participants in exchange for the distribution of cash from the Plan. A participant is allowed to borrow a minimum of $1,000, up to one half of the vested balance of their Plan account, up to a maximum of $50,000. Loans must be repaid over no more than a five-year period with the exception of a loan for the participants' principal residence that may have a repayment period beyond five years. Principal and interest is paid ratably through payroll deductions. Loans to participants are stated at the principal amount outstanding, which approximates fair value.

Forfeitures

At December 31, 2016 and 2015, forfeited nonvested accounts totaled $1,673 and $1,683, respectively. These accounts will be used to pay for the Plan's administrative expenses or to reduce future employer contributions. During the plan year ended December 31, 2016, no amounts were used to pay for administrative expenses or to reduce employer contributions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions which affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair Value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors, custodians, and insurance company. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (consensuses of the Emerging Issues Task Force)*.

Among other things, the ASU simplifies employee benefit plan reporting for fully benefit-responsive investment contracts and plan investment disclosures. The amendments to the Accounting Standards Codification (ASC) contained in the ASU are effective for all plan years beginning after December 15, 2015; however, early application of all parts of the ASU is permitted.

The Plan has elected to apply all applicable parts of the ASU in the current period's financial statements. As required under the ASU, the changes have been applied retrospectively to all periods presented. Application of the ASU does not change total net assets available for plan benefits.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncements (Continued)

The changes affect the presentation of the financial statements and the information contained in the financial statement disclosures as follows:

- Part I is not applicable to the Plan.
- Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for plan benefits and the net appreciation or depreciation in fair value of investments by general type.
- Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to further disaggregate investments by nature, characteristics, and risks for purposes of the financial statement disclosures.
- Part III is not applicable to the Plan.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Ameritas Life Insurance Corp., the custodian of the Plan, has certified as being complete and accurate the following information as of December 31, 2016 and for the year then ended.

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits
- Net appreciation in fair value of investments, interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits
- Investments reflected on the schedule of assets (held at end of year)

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate accounts: These investments are public investment securities valued using the Net Asset Value (NAV) provided by the investment contract issuer. The NAV is quoted on a private market that is not active, however, the unit price is based on the underlying investments. A majority of the investments held by each fund are traded on an active market.

Net appreciation in fair value of investments includes net unrealized and net realized gains and losses on investments during the year and is presented net of investment expenses. Investment income is allocated to individual participant accounts based upon the participant's share of the investment fund.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

As of December 31, 2016, assets in the plan, as defined by ASC Topic 820, were as follows:

	Assets at fair value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	3,250,227	-	$ 3,250,227
Total investments, at fair value	$ -	3,250,227	-	$ 3,250,227

As of December 31, 2015, assets in the plan, as defined by ASC Topic 820, were as follows:

	Assets at fair value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	2,732,449	-	$ 2,732,449
Total investments at fair value	$ -	2,732,449	-	$ 2,732,449

NOTE 5: PLAN TERMINATION

Although the Company expects to continue the Plan indefinitely, it has the right under the Plan to suspend its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all accounts become fully vested and non-forfeitable. Plan assets would first be used to pay any expenses properly charged to the Plan. The remaining Plan assets would then be distributed to participants.

NOTE 6: TAX STATUS

On March 31, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2013.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by Ameritas Life Insurance Corp., the investment contract issuer of the Plan. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Ameritas Life Insurance Corp., other investment custodians and investment advisors. Additionally, certain administrative expenses related to participant initiated transactions and certain recordkeeping fees are paid directly to Ameritas Life Insurance Corp. The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations. These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

NOTE 9: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015, to the Plan's Form 5500:

	2016	2015
Net assets available for benefits per the financial statements	$ 3,295,393	$ 2,768,882

Excess contributions payable	-	12,624
Net assets available for benefits per the Form 5500	$ 3,270,048	$ 2,764,430

NOTE 9: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2016, to Form 5500:

Change in net assets available for benefits per the financial statements	$	526,511
Add: Contribution receivable at December 31, 2015		17,076
Less: Contribution receivable at December 31, 2016		(25,345)
Less: Excess contribution payable at December 31, 2015		(12,624)
Change in net assets available for benefits per the Form 5500	$	505,618

NOTE 10: SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The plan is being amended to reflect a change in the custodian from Ameritas Life Insurance Corp. to John Hancock Life Insurance Company (U.S.A.). As a result of this change, participants can no longer contribute to investment options offered by Ameritas Life Insurance Corp. The plan sponsor and investment adviser completed a mapping of the previous investment options to the new investment options provided by John Hancock Life Insurance Company (U.S.A.).

The plan has evaluated subsequent events through June 27, 2017, the date the financial statements were available to be issued.

Schedule C, Line 2(h) Formula Description

Description of Unit Value Calculations

Separate account investments are record kept using unit values.

The pooled separate accounts are invested in mutual funds at NAV. The allocation of these funds is based on the units and unit value for each product and plan invested in the pooled separate account.

Both the number of units, and unit value is available for any plan's funds and can be produced from the system. When multiplied, these will balance to the fair value disclosed on trust reports.

The unit value can and does vary by contract depending on the product invested in. The unit value is determined under the following formula, and is the same calculation for all contracts invested in the pooled separate accounts.

It is through this calculation of the unit value that both earnings and expenses are applied.

Industry Standard Method – Unit Value Calculation

t = current business date
t-1 = prior business date
NAV = Net asset value provided by mutual fund company
MTD daily dividend factor(t) = dividends month to date as provided by the mutual fund company
Declared dividend rate(t) = as provided by the mutual fund company
Short and long term capital gains (t) = S&LT(t) = as provided by the mutual fund company
Gross Investment Factor (GIF) = daily rate change in the NAV including dividends and capital gains
Daily Expense Factor = the expense rate specific to a contract
Net Investment Factor = the daily rate change in the gross investment factor after application of contract specific expenses
Unit Price = the contract specific price in which units are purchased and redeemed for a specific fund

$$\text{Gross Investment Factor(GIF)} = \frac{\text{NAV(t) + MTD daily div factor (t) + declared dividend rate (t) + S\&LT (t)}}{\text{NAV(t-1) + MTD daily dividend factors(t-1)}}$$

Net Investment Factor(t) = Gross Investment Factor - Daily Expense Factor

Unit Price (t) = Unit Price (t-1) times Net Investment Factor (t)

In order to ensure that each contract has a correct proportionate value of the underlying pooled separate account, each contract's units are multiplied by their contract's unit value and summed across all contracts invested in a particular mutual fund. This is then balanced to the pooled separate account and to the mutual fund company on a daily basis.

The Daily Expense Factor is based on the provisions of the contract, with all investments held by Ameritas Life Insurance Corp being charged the same annualized rate.
