1. DESCRIPTION OF PLAN:

The following description of the 84.51° LLC 401(k) Plan (the "Plan"), (formerly known as the dunnhumbyUSA, LLC 401(k) Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which became effective on October 1, 2003, and covers employees of 84.51° LLC (the "Company") who meet certain minimum eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974, as amended (ERISA). On December 31, 2016, the Plan was merged into The Kroger Co. 401(k) Retirement Savings Account Plan. Prior to the merger, the Plan's net assets available for benefits were \$81,251,176.

Contributions

Prior to the merger, participants could contribute up to 90% of pretax annual compensation, as defined in the Plan. Eligible participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants directed the investment of their contributions into various investment options offered by the Plan. Participants were permitted to designate a portion or all of their deferral contributions as Roth Deferral Contributions.

The Company made a safe harbor matching contribution equal to 100% of the participants' first 6% of eligible compensation, as defined, contributed to the Plan. In addition, the Company was permitted to make a discretionary contribution; however, no discretionary contribution was made for the period January 1, 2016 to December 30, 2016.

Participant accounts

Each participant's account was credited with the participant's contributions and the Company's related matching and discretionary contributions, if any, and an allocation of Plan earnings. Allocation of Plan earnings was based upon the performance of the investment funds chosen by the participant. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Vesting

Participants were vested immediately in their contributions plus actual earnings thereon. Participants were also immediately fully vested in the Company's matching and discretionary contributions.

Notes receivable from participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans were secured by the vested balance in the participant's account. Principal and interest were paid ratably through payroll deductions. Loans were payable within five years except for those used to acquire a principal residence. The interest rate was determined by the plan administrator based on prevailing market conditions and was fixed over the life of the note.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant could elect to have the value of the vested interest in his or her account paid as a lump sum distribution or as a rollover to another qualified plan. For termination of service for other reasons, a participant could receive the value of the vested interest in his or her

account as a lump sum distribution. In-service withdrawals were also allowed upon attainment of age 59 ½ or for hardships upon meeting certain criteria per the guidelines of the plan document.

Forfeited accounts

At December 30, 2016 and December 31, 2015, forfeited non-vested accounts totaled approximately \$0 and \$6,000, respectively. In 2016, Company contributions were reduced by \$5,490 from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. If a participant ceased to make loan repayments and the plan administrator deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment was recorded on the basis of the terms of the Plan agreement.

Payment of benefits

Benefits paid to participants were recorded when amounts were distributed.

Administrative expenses

Certain expenses of maintaining the Plan were paid directly by the Company and were excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions were charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Accounting change

Recently issued accounting pronouncements—The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date – Practical Expedient." ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with earlier adoption permitted. The Plan adopted Part II of the ASU in 2016, applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

Reclassifications

Certain amounts in the 2015 financial statements have been reclassified to conform to the 2016 presentation.

3. INFORMATION CERTIFIED BY TRUSTEE:

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified the completeness and accuracy of all investments as of December 30, 2016 and December 31, 2015, and the related investment activity for the period January 1, 2016 to December 30, 2016.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015:

		<u>Investments at Fair Value</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>	
Money market fund	\$ 1,901,061	-	-	1,901,061	
Mutual funds	<u>67,763,319</u>	<u>-</u>	<u>-</u>	<u>67,763,319</u>	
Total investments	\$ <u>69,664,380</u>	<u>-</u>	<u>-</u>	<u>69,664,380</u>	

5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments were shares of mutual and money market funds issued by Fidelity Investments. Fidelity Investments is an affiliate of Fidelity Management Trust Company, the trustee to the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments.

6. TAX STATUS:

The Company adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014. The IRS stated in the letter that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan had since been amended. While the Company had not obtained its own determination letter on the Plan, management believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
