The financial statements of the Plan as of September 30, 2015 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by Nationwide Financial Services, Inc., including its subsidiaries Nationwide Life Insurance Company and Nationwide Trust Company, the custodian of the Plan. Their report, dated June 27, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1--DESCRIPTION OF PLAN

The following description of the Quantum Design International Profit Sharing & 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General : The Plan, which was adopted on October 1, 1986, is a defined contribution plan covering substantially all employees of Quantum Design International, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for oversight of the Plan and determines the appropriateness and monitors performance of the Plan's investment offerings.

Contributions : Participant salary reduction contributions: Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Such contributions are 100% vested and non-forfeitable. As defined by the Plan, participants are permitted to designate a portion or all of the deferral contributions they are otherwise eligible to make under the Plan as Roth deferral contributions. Participant contributions are subject to certain Internal Revenue Service (IRS) limitations.

Employer discretionary matching contributions: The Company may make a discretionary matching contribution. These contributions are subject to overall employer contribution limits and additions to individual participant account limits. Each participant will be vested in employer contributions per the vesting schedule. For the year ended September 30, 2016 the Company elected not to make a discretionary matching contribution.

Employer discretionary nonelective contributions: The Company elected to make a discretionary nonelective contribution of 5% of the first $118,500 and 10% of the remaining of the participant's compensation. Participants are eligible to receive discretionary nonelective contributions if they have completed at least 1,000 hours of service during the plan year and are employed on the last day of the plan year. These contributions are subject to overall employer contribution limits and additions to individual participant account limits. Each participant will be vested in employer contributions per the vesting schedule. For the year ended September 30, 2016 the Company elected to make a discretionary matching contribution of $861,881.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Contributions (continued)	:	Employer discretionary qualified non-elective contributions: The Company may elect to make a discretionary qualified non-elective contribution to the Plan. The contributions may be limited to only the accounts of non-highly compensated employees and/or non-key employees and are allocated a uniform percentage of each individual's compensation. These contributions are subject to overall employer contribution limits and additions to individual participant account limits. Such contributions are 100% vested and non-forfeitable. The Company elected not to make a discretionary qualified non-elective contribution for the year ended September 30, 2016. Employer safe harbor matching contributions: The Company may elect to make safe harbor matching contributions of 100% of 5% of participant's compensation. These contributions are subject to overall employer contribution limits and additions to individual participant account limits. Such contributions are 100% vested and non-forfeitable. For the year ended September 30, 2016 the Company elected to make a discretionary matching contribution of $725,508. Participant rollover contributions: Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover).
Eligibility to participate	:	Employees who have reached age twenty one and have completed one year of service are eligible to participate in the Plan.
Forfeitures	:	At September 30, 2016 and 2015, forfeited nonvested accounts held by the Plan totaled $17,722 and $28,846. These accounts will be used first to pay administrative expenses of the Plan and then to reduce future employer contributions. During the year ended September 30, 2016, forfeited nonvested accounts totaling $4,198 were used to reduce employer contributions.
Notes receivable from participants	:	Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The minimum loan interest rate, determined annually, is set at 1% above the prime rate, as defined. As of September 30, 2016, loans bore interest at rates between 4.25% and 9.00%.
Participant accounts	:	Participants direct the investment of their contributions into various investment options offered by the Plan. Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's salary reduction and rollover contributions, employer discretionary matching contributions, employer discretionary nonelective contributions, employer discretionary qualified non-elective contributions and employer safe harbor matching contributions. Allocations are based on participant's compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Payment of benefits : On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The distribution shall be made to the participant or beneficiary in accordance with the election of the participant. Participants may defer receiving these benefits until their normal retirement age if their vested account balance exceeds $5,000.

Participants may also elect to withdraw in cash certain vested amounts within his or her contribution account to the extent necessary to meet a financial hardship, in accordance with the regulations and rulings of the Internal Revenue Code (IRC). After the withdrawal, a stipulated period of time must lapse, as defined by the Plan, before a participant can make additional contributions.

Vesting : Participants are vested immediately in their participant salary reduction contributions, rollover contributions, discretionary qualified non-elective contributions, and safe harbor matching contributions, plus actual earnings thereon. Vesting in the remainder of their accounts (employer discretionary matching contributions and employer discretionary nonelective contributions) is based on years of continuous service/elapsed time. Accrued benefits vest as follows:

Years of Service	Vested Interest
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

For vesting purposes, a year of service is defined as a plan year in which an employee works at least 1,000 hours or the total of an employee's countable periods of service without regard to hours of service.

Participants become fully vested upon termination for reason of retirement, death or disability, or if the Plan is terminated. Non-vested benefits are forfeited by participants upon termination for reasons other than normal retirement, death or disability.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and new accounting pronouncements : The financial statements of the Plan are presented on the accrual basis of accounting.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted.

Management elected to early adopt ASU 2015-07. Accordingly, the provisions were applied retrospectively for all financial statements presented resulting in the removal of the investments noted above from categorization within the fair value hierarchy.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has early adopted Parts I and II. Accordingly, the amendments were retrospectively applied resulting in the guaranteed investment contract being reported at contract value and simplification of the ASC 820 reporting. Part III is not applicable to this Plan.

Administrative expenses : All administrative, accounting, legal and audit services of the Plan are paid by the Company. Fees related to the administration of notes receivable from participants and to distributions from participant accounts are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment valuation and income recognition	:	Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.
Notes receivable from participants	:	Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Principal and interest are paid ratably through payroll deductions. At September 30, 2016 and 2015, all such notes receivable, which are administered and collected by the custodian, were current and reflected no defaults. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.
Payment of benefits	:	Benefits are recorded when paid.
Reclassification	:	Certain prior year balances have been reclassified to agree to current year presentation.
Subsequent events	:	The Plan has evaluated subsequent events through July 14, 2017, the date the financial statements were available to be issued.
Use of estimates	:	The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 3--CERTIFIED INFORMATION

The following is a summary of the certified information regarding the Plan, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Nationwide Financial Services, Inc., including its subsidiaries Nationwide Life Insurance Company and Nationwide Trust Company, the custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodian that the information is complete and accurate as of September 30, 2016 and 2015. Certified information is summarized as follows:

	2016	2015
Pooled separate accounts, at fair value	$ 33,538,504	$ 30,848,237
Guaranteed investment contract, at contract value	6,464,909	4,049,282
Total investments and assets certified by the custodian	$ 40,003,413	$ 34,897,519

NOTE 3--CERTIFIED INFORMATION (Continued)

Changes in net assets certified by the custodian and not audited for the year ended September 30, 2016, include the following:

Net appreciation in fair value of investments	$	3,056,755
Administrative expenses		(104,538)

NOTE 4--FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy and a description of the valuation methodologies used for assets measured at fair value are described below:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The Plan held no level 1 assets as of September 30, 2016 and 2015.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

The Plan held no level 2 assets as of September 30, 2016 and 2015.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan held no level 3 assets as of September 30, 2016 and 2015.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Pooled separate accounts are valued at NAV. As of September 30, 2016 and 2015 the pooled separate accounts total value was $33,538,504 and $30,848,237 respectively. Pooled separate accounts are valued at the quoted net asset value of the shares held by the Plan at year-end.

These pooled separate accounts are diversified across multiple asset classes with weightings to each asset class. These funds are often available in conservative, moderate or aggressive allocations.

NOTE 5--INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive guaranteed investment contract with Nationwide Life Insurance Company. Nationwide Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the Statements of Net Assets Available for Benefits at contract value. Contract value, as reported to the Plan by Nationwide Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at September 30, 2016 and 2015 was $6,464,909 and $4,049,282. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting interest rate is reviewed and determined by the contract issuer prior to the last day of the previous calendar quarter. The contract cannot be terminated before the schedule maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the plan documents (including complete or partial plan termination or merge with another plan), (2) changes to the Plan's prohibition on competing investment options or deleting of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestiture or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemptions under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract requires 30 day written notice to terminate the agreement.

NOTE 6--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

NOTE 7--TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

NOTE 7--TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Department of Labor (DOL) Employee Benefits Security Administration (EBSA). Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine income tax examinations by taxing jurisdictions. Plan management believes it is no longer subject to income tax examinations for years ending prior to September 30, 2012.

NOTE 8--PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are units of pooled separate accounts and a guaranteed investment account managed by Nationwide Financial Services, Inc., including its subsidiaries Nationwide Life Insurance Company and Nationwide Trust Company. Nationwide Financial Services, Inc. is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 9--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 10--NONEXEMPT TRANSACTIONS

Participant contributions and loan repayments of $115,603 were withheld from participants' pay throughout September 30, 2016 and were not remitted to the Plan timely. Each remittance constituted a loan from the Plan to the plan sponsor. The 2016 late contributions and loan repayments were remitted to the Plan during the plan year September 30, 2016. Lost earnings on these participant contributions and loan repayments were determined to be immaterial and the Company will remit these lost earnings during the September 30, 2017 fiscal plan year (see attached Schedule H – Line 4a).
