(1) DESCRIPTION OF PLAN

The following description of the Profit Sharing Retirement Plan for Divisions and Subsidiaries of Emerson Electric Co. (the Plan) provides only general information. Participants should refer to the Plan prospectus and the Plan document for additional information.

General

The Plan is a defined noncontributory profit sharing plan sponsored by Emerson Electric Co. (Emerson or the Company), subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan covers qualified employees of the following: Control Concepts Corporation with six months of service who are at least 21 years of age, Micro Motion, Inc. and Computer Process Controls, Inc. with 1,000 hours of service, Therm-O-Disc, Incorporated with one year and over 1,000 hours of service, Electrical Reliability Services, Inc. who are at least 21 years of age with one year or 1,000 hours of service, Fusite and Thunderline Z, Inc. with one year or 1,000 hours of service, Automatic Switch Company (including ASCO Valve, Inc., ASCO Power Technologies or ASCO) with 90 calendar days of employment, InSinkErator with one year of service, Process Systems and Solutions, Remote Automation Solutions, and Energy Solutions International with six months of service, and Daniel Measurement and Control, Inc., Tescom Corporation, and Emerson Process Management Valve Automation, Inc. who are at least 18 years of age. As of September 30, 2016, there were 7,919 participants in the Plan. On November 30, 2016, the Company completed the sale of its Network Power Systems business. Accounts held by approximately 1,300 employees of this business and net assets of $53,786,830 were subsequently transferred to a third-party benefit plan in January 2017.

Employer Contributions

The Company has voluntarily agreed to make contributions to the Plan. Contributions, with certain limitations or minimums, are determined annually in accordance with Plan provisions and approved by a resolution of the Company's board of directors. All contributions are made conditional upon their deductibility for Federal income tax purposes.

Forfeitures of unvested Company contributions by terminated employees can be allocated to participants, used to offset Company contributions for certain participating business units, or used to pay Plan expenses. For the years ended September 30, 2016, and 2015, forfeitures totaled $824,307 and $1,068,444, respectively. Of those amounts, respectively, $267,241 and $298,435 were allocated to participants, $450,319 and $518,571 were used to offset contributions, and $106,747 and $251,438 were unallocated.

Participant Accounts

Each participant's account is credited with an allocation of the Company's contributions, Plan earnings, and applicable forfeitures of unvested Company contributions. Allocations are based on the ratio of a participant's eligible compensation to total eligible compensation of all Plan participants, unless otherwise stipulated by the Plan (i.e., allocated based on "units"). Earnings and dividends attributable to investments held in participants' accounts are credited to the participants' accounts.

Vesting

Participants vest in amounts credited to their account at a predetermined percentage for each full year of service in the Plan, with 100% vesting no later than at the end of five years of service (whether or not consecutive). All amounts fully vest upon retirement, or due to death, total and permanent disability, or termination of the Plan.

Investment Options

Participants designate the percentage of their total contribution received to be invested in the various Plan investment choices in 1% increments. Participants may change their investment elections at any time, and transfer any part of an existing account balance to any other Plan investment, as permitted by Plan and fund policies. Transfers are also made in 1% increments. Certain restrictions exist on transfers into or out of the Emerson Common Stock Fund by the Company's executive officers. A maximum of six transfers may be made per quarter. No advance notice is required for transfers.

Available mutual fund investments as of September 30, 2016 included the following: equity and equity index funds investing primarily in common stocks – Dodge & Cox Stock Fund, Vanguard Mid-Cap Growth Fund, Vanguard Morgan Growth Fund, Vanguard Selected Value Fund, Vanguard Extended Market Index Fund, Vanguard Growth Index Fund, Vanguard Emerging Markets Stock Index Fund, Vanguard Institutional Index Fund, Vanguard Total International Stock Index Fund and Vanguard Value Index Fund; fixed income index funds investing in a diversified portfolio of bonds – Vanguard Short-Term Bond Index Fund and Vanguard Total Bond Market Index Fund. Collective funds and trusts, which are private, include the following: equity funds investing primarily in common stocks – Capital Group U.S. and International Equity Funds; balanced trusts investing in a mix of stocks, bonds and cash – The Vanguard Target Retirement Trusts ranging from 2010 to 2060 and the Vanguard Target Retirement Income Trust; fixed income trust investing primarily in a diversified portfolio of bonds – Loomis Sayles Core Plus Fixed Income Trust. Participants may also invest in the JP Morgan 100% U.S. Treasury Securities Money Market Fund and the Emerson Common Stock Fund. All funds may temporarily invest in cash and cash equivalents and also hold cash for liquidity.

The Loomis Sayles Core Plus Fixed Income Trust was added on December 10, 2014. The PIMCO Total Return Fund was closed and eliminated from the Plan on January 8, 2015, with participant balances transferred to the Loomis Sayles Core Plus Fixed Income Trust.

Participant Loans

Participants can borrow from the Plan at a rate of 1% over the Prime Rate on the date of borrowing as received by Vanguard from Reuters. Interest rates on loans outstanding at September 30, 2016, which includes loans transferred from other plans and loans deemed distributed per ERISA, vary between 4.25% and 8.5%. Loans are secured by the balance in the participant's account, with payment terms generally between one and four years. With certain exceptions, participants can borrow the lesser of 50% of their vested account balance or $50,000, reduced by the highest outstanding loan balance during the prior 12 months. Loans are not made to participants who already have a loan outstanding. Participant loans are valued at amortized cost plus accrued interest. Under ERISA guidelines, certain delinquent loans are deemed to be distributed for IRS Form 5500 reporting purposes.

Payment of Benefits

Participants or their designated beneficiaries are entitled to receive the amounts credited to their accounts on retirement, death, or permanent disability. Participants are also entitled to receive vested amounts upon termination. Each participant's distribution under the Plan is payable as a lump sum. Partial distributions (up to one per quarter) are permitted with a minimum amount of $1,000. Participants may elect to receive a lump sum distribution entirely in cash, or in a combination of cash and shares of Emerson common stock. Distribution of vested account balances of at least $5,000 may be deferred by retired employees until age 70½, at which time required minimum distributions under ERISA must begin.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Benefit payments are recorded when paid as all assets are available to pay benefits. The Plan has evaluated subsequent events through June 12, 2017, the date the financial statements are available to be issued.

Investment Valuation and Income Recognition

See Notes 9 and 10 regarding investments in the Master Trust.

Risks and Uncertainties

The Plan invests in securities and mutual funds which are exposed to various risks, including interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that significant changes in the values of investment securities could occur in the near term. Such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Operating Expenses

Administrative expenses necessary for the operation and management of the Plan are shared by the Company and Plan participants. The Company has not paid transaction costs for brokerage commissions for the Emerson Common Stock Fund, or investment management fees and expenses charged directly against the investment funds.

Use of Estimates

Certain amounts included in the financial statements are estimated based on currently available information and management's judgment as to the outcome of future conditions and circumstances. While every effort is made to ensure the accuracy of such estimates, including the use of third-party specialists where appropriate, actual results could differ from these estimates.

(3) TAX STATUS

The Internal Revenue Service (the IRS) has determined, and informed the Company by a letter dated September 17, 2013, that the Plan and its related trust are designed in accordance with applicable sections of the Internal Revenue Code (the Code). Plan amendments have been made subsequently which were not specifically covered by the 2013 letter. On January 27, 2016, the Plan filed with the IRS for an updated favorable determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code, and therefore remains tax qualified. As of September 30, 2016, there are no uncertain tax positions.

(4) TRANSFERS TO OR FROM OTHER PLANS

In 2016, certain participant accounts were transferred to or from other Company or third-party benefit plans, as those participants transferred from one Company business unit to another, became employees of the Company, or ceased employment with the Company.

(5) PARTIES-IN-INTEREST

Certain investments in the Master Trust, including some mutual funds and collective funds are managed by Vanguard, the Plan's trustee and recordkeeper. Additionally, the Company is the Plan sponsor and Emerson common stock is an investment option. These transactions qualify as "party-in-interest" transactions and are allowable under ERISA regulations.

(6) TRUSTEE CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan administrator has obtained certification from the trustee of the Plan that all of the information provided by the trustee and included in the accompanying financial statements and supplemental schedule is complete and accurate. Information as to the value of investments and participant loans receivable, earnings on investments and interest from participant loans, and all information in the accompanying supplemental schedule is presented solely in reliance on this certification.

(7) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and terminate the Plan at any time, subject to applicable provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

(9) MASTER TRUST

All of the Plan's investments are held in a Master Trust, consisting of the Plan and other defined contribution plans of Emerson Electric Co. and subsidiaries. All Plan income or loss is derived from Master Trust investment appreciation or depreciation.

Each participating plan's interest in the assets of the Master Trust is based on participant account balances. Additionally, loans to Plan participants are included in the Master Trust. At September 30, 2016 and 2015, the Plan's interest in the net assets of the Master Trust was approximately 13%. Master Trust investment income and expenses are allocated to participating plans based on respective balances.

The Plan's investments in the Master Trust are stated at fair value. The fair values of mutual funds and Emerson common stock are based on quoted market prices in active markets. Money market funds are stated at cost, which approximates fair value. Shares of collective funds are valued from either broker/dealer quotation or market-observed pricing for the underlying assets held. There are no restrictions on the redemption of these investments. The cost basis of investments held under the Plan is determined using the average cost method of accounting. The Company has no unfunded commitments related to these assets.

The following table presents the fair values of all investments in the Master Trust.

(10) FAIR VALUE MEASUREMENTS

Under Accounting Standards Codification (ASC) 820 *Fair Value Measurement,* a formal hierarchy and framework exists for measuring fair value and making disclosures about fair value measurements and the reliability of valuation inputs. Within the hierarchy, Level 1 instruments use observable market prices for the identical item in active markets and have the most reliable valuations. Level 2 instruments are valued through broker/dealer quotation or through market-observable inputs for similar items in active markets, including forward and spot prices, interest rates and volatilities. Level 3 instruments, of which there are none, are valued using inputs not observable in an active market, such as entity-developed future cash flow estimates, and are considered the least reliable.

Following is a categorization of all Master Trust investments (see Note 9) by level within the ASC 820 fair value hierarchy. There were no asset transfers between levels during either year shown.
