Independent Auditor's Report

To the Trustees and Participants
GGP 401(k) Savings Plan

We have audited the accompanying financial statements of GGP 401(k) Savings Plan (formerly known as General Growth 401(k) Savings Plan) (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015 and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of the Plan as of December 31, 2016 and 2015 and the changes in net assets for the year ended December 31, 2016 in accordance with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2016 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustees and Participants of
GGP 401(k) Savings Plan
Chicago, Illinois

We have audited the accompanying statements of net assets available for benefits of the GGP 401(k) Savings Plan (formerly known as General Growth 401(k) Savings Plan) (the “Plan”) as of December 31, 2016, and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016. These financial statements are the responsibility of the Plan’s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of the Plan as of December 31, 2016, and 2015, and the changes in net assets for the year ended December 31, 2016, in conformity with accounting principles generally accepted in the United States of America.

The supplemental information in the accompanying schedule of assets held at end of year as of December 31, 2016 has been subjected to audit procedures performed in conjunction with the audit of the Plan’s financial statements. The supplemental information is the responsibility of the Plan’s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Department of Labor’s Rules and Regulations for Reporting under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

GGP 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1. Description of Plan and Significant Plan Provisions

Effective January 1, 2016, the Plan name was changed from General Growth 401(k) Savings Plan to GGP 401(k) Savings Plan. The following description of the GGP 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document, which may be obtained from the Plan Administrator (as defined below), for a more complete description of the Plan's provisions.

General: GGP Limited Partnership (n/k/a GGP Operating Partnership, LP) (the "Company" or "GGP") is the Plan Sponsor and Plan Administrator. Vanguard Fiduciary Trust Company ("VFTC") is the trustee of the Plan. The Plan is designed to encourage and assist eligible employees to adopt a regular program of savings to provide for their retirement. The Plan is a defined contribution plan covering all full-time and part-time (as defined) employees of the Company and its affiliates and subsidiaries. Employees are eligible to participate in the Plan on their first day of employment with the Company and/or once the employees attain the age of eighteen. Certain individuals at locations managed by the Company are either employees of companies not owned or controlled by the Company or are covered by other qualified plans and, therefore, are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the financial statements and schedules presented have been prepared in accordance with the financial reporting requirements of ERISA.

Contributions: Under the terms of the Plan, subject to certain limitations, each participant is allowed to make before-tax contributions in 1% increments up to 50% of gross earnings, as defined in the Plan document. The Internal Revenue Code ("IRC") imposes, among other things, a dollar limitation on the amount of before-tax contributions for a calendar year. For 2016, a participant's before-tax contribution was generally limited to \$18,000. Also for 2016, participants age 50 and over were eligible to contribute a before-tax catch-up contribution of up to \$6,000. Participants may also designate all or part of their Plan contributions as Roth 401(k) contributions, which are after-tax contributions. The Company adds to a participant's account through a matching contribution up to 5% of the participant's annual earnings contributed to the Plan. The Company will match 100% of the first 4% of earnings contributed by each participant and 50% of the next 2% of earnings contributed by each participant.

Participant accounts: Separate accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, rollover deposits and allocations of the Company's contributions and plan earnings, and charged with an allocation of plan losses and administrative expenses. Allocations are based on participant earnings or account balances as defined in the Plan. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account. Participants designate which investment option or combination of options in which their contributions and the Company's matching contributions are to be invested.

At December 31, 2016, the Plan included the following investment options:

- Thirty-three registered investment companies which offer investments in stocks, bonds and cash equivalents;
- Common stock of the Company, a publicly-traded real estate investment trust ("GGP Common Stock Fund"), subject to certain limitations as discussed below;
- Vanguard Retirement Savings Trust III, a stable value collective investment trust, which invests primarily in investment contracts issued by insurance companies, banks or other financial institutions; and
- Vanguard Brokerage Option allows participants to direct their assets into stocks listed on the major U.S. exchanges, bonds and other fixed income investments, exchange-traded funds (ETFs) and thousands of mutual funds from hundreds of fund companies.

On April 21, 2009, the GGP Common Stock Fund was closed to all new contributions. Contributions made to the GGP Common Stock Fund prior to April 21, 2009 may remain invested therein.

Notes receivable from participants: Participants may borrow against their account, subject to certain administrative rules. The minimum loan that will be made is \$1,000 and the total of any individual participant's loan or loans may never exceed the lesser of 50% of the participant's total vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at the prime rate on the first business day of the month in which the loan is made plus one percent. As of January 1, 2011, any new loans may not exceed five years. Principal and interest are due each pay period. Participant loans are due and payable within 90 days upon termination of employment. Delinquent participant loans are reclassified as distributions based on the terms in the Plan document.

NOTES TO FINANCIAL STATEMENTS

Vesting: Employee and employer contributions made on or after January 1, 1998 vest immediately.

Termination: Although it has not expressed any intent to do so, the Company reserves the right to partially or completely terminate the Plan, subject to the provisions of the Plan and ERISA. Upon a complete or partial termination of the Plan, each affected participant's benefits will be distributable to the participant or the participant's beneficiary.

Payment of benefits: Upon termination of service due to death, disability, retirement on or after attaining the Plan's normal retirement age of 60, or termination of employment, the balances in the participant's separate accounts may be paid in lump sum to the participant, or in the event of death, the participant's beneficiary. Prior to termination of service, a participant may withdraw contributions by claiming hardship, as defined by the Plan. Investments in the GGP Common Stock Fund will be distributed in cash or stock, as elected by the participant. All other distributions will be made in cash.

Terminated participants' vested account balances less than \$5,000 and greater than \$1,000 will be transferred into an eligible retirement plan, unless the participant elects to receive the distribution directly or to have the distribution paid directly to an eligible retirement plan specified by the participant. For participant account balances of \$1,000 or less, lump sum cash distributions will be made.

NOTE 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements were prepared using the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses during the reporting periods. Actual results could differ from these estimates.

Investments: The Plan's investments are stated at fair value. Refer to Note 3 Fair Value Measurements for disclosure regarding the valuation methodologies used to measure fair value of the Plan's participant-directed investments. Investment income is allocated and recorded daily to the participants' accounts. Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. The Plan's investments includes net gains and losses on investments bought and sold, as well as held during the year.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Only expenses paid by the Plan are reflected in the Plan's financial statements.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

New Accounting Pronouncements: In January 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-01, *Financial Instruments - Overall (Subtopic ASC 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*. ASU 2016-01 has eliminated the requirement to disclose the fair value of financial instruments not recorded at fair value required under Accounting Standard Codification 825. The Plan's retrospective adoption of ASU No. 2016-01 in 2016 had no impact on the Plan's net assets or changes in net assets.

NOTE 3. Fair Value Measurements

The Plan measures its financial assets and liabilities at fair value on a recurring basis in accordance with generally accepted accounting principles related to fair value. The fair value measurement guidance establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1 - defined as quoted prices for identical assets or liabilities in active markets;
- Level 2 - defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and
- Level 3 - defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

NOTES TO FINANCIAL STATEMENTS

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period. There were no transfers between levels of the fair value hierarchy during 2016.

The valuation methodologies used for assets measured at fair value are as follows:

- Short-term money market and registered investment companies - Shares in the short-term money market and registered investment companies including registered investment companies within the Vanguard Brokerage Option are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.
- Common collective trust - The Plan's investment is valued at net asset value ("NAV") per unit as determined by the administrator of the trust. Such NAV is based on the fair value of the underlying assets and liabilities of the trust. There were no unfunded commitments as of December 31, 2016 or December 31, 2015 and no redemption restrictions for the years ended December 31, 2016 and December 31, 2015.
- Fixed income securities and equity securities - Fixed income securities in the Vanguard Brokerage Option, if any, are valued using the last quoted bid price. Equity securities in the Vanguard Brokerage Option are valued at the last quoted sales price as of the close of trading at year-end; such securities not traded on the year-end date are valued at the last quoted bid prices.
- GGP Common Stock Fund - The GGP Common Stock Fund is valued using the year-end market price of GGP common stock plus any uninvested cash, if any, held in the fund.

The following table summarizes the Plan's financial assets and liabilities that are measured at fair value on a recurring basis, as of December 31, 2016 and 2015:

NOTE 4. Income Tax Status

The Plan received its latest determination letter on September 19, 2013, applicable for the Plan's amendments effective on May 1, 2002; December 31, 2002; January 1, 2003; and January 1, 2004, in which the Internal Revenue Service (the "IRS") stated the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Management does not believe that any plan amendments made subsequent to January 1, 2004 affect the qualification of the Plan.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 5. Risks and Uncertainties

The Plan provides for investment in various investment securities. The investments of the Plan are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in values of investments in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 6. Exempt Party-In-Interest Transactions

On April 21, 2009, the GGP Common Stock Fund was closed to all new contributions. Contributions made to the GGP Common Stock Fund prior to April 21, 2009 may remain invested therein.

The Plan invests in shares of registered investment companies managed by an affiliate of VFTC. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees incurred by the Plan for investment management services were included as a reduction of the return earned on each fund. Administrative fees paid by participants, which reduced Plan net assets, were \$115,727 in 2016. Administrative fees paid by the Company were \$4,053 in 2016.
