Profit Sharing Plan
Los Angeles, California

We were engaged to audit the accompanying financial statements of the Prudential Lighting Corporation Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

PRUDENTIAL LIGHTING CORPORATION PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 DESCRIPTION OF PLAN

The following description of the Prudential Lighting Corporation (Company) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan is a defined contribution retirement plan covering all eligible employees who have completed six months of service and have attained the age of eighteen. The Plan excludes all employees covered by a collective bargaining agreement. The plan entry dates are January 1st and July 1st of each year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Contributions - The Company may, at its sole discretion, elect to make employer contributions for any plan year, and any such employer contribution shall be allocated to eligible participants pro rata as a uniform percentage of participant compensation for the Plan year. Participants may also contribute amounts representing distributions (roll-over contributions) from other qualified benefit plans. Participants direct the investment of all contributions to their account into various investment options offered by the Plan.

C. Participant Accounts - Each participant's account is credited with the employer's contribution plus any plan earnings. Forfeited balances of terminated participants' non-vested accounts are allocated as additional non-elective contributions.

D. Vesting - The participants' accounts for any employer contributions is based on years of service and do not have to be continuous. A participant is one-hundred percent (100%) vested after six years of credited service, death, disability or upon attainment of normal retirement age. A participant is fully vested in employee contributions (roll-over contributions).

E. Payment of Benefits - Upon termination of service due to death, disability, retirement, termination of employment, or financial hardship, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, in annual installments, or an annuity.

F. Plan Administrative Costs - All significant costs of administering the Plan are paid by the Plan.

During the Plan year ended December 31, 2016, the Plan entered into an agreement with Prudential Investments (Custodian) whereby the Custodian agreed to make payments (Allowance) to or on behalf of the Plan in order to pay its reasonable and actually incurred Plan administrative expenses. The source of funds for these payments is corporate assets of the Custodian and or its subsidiaries and affiliates. These payments do not become part of the Plan until transferred by the Custodian to the Plan.

The source of these funds represent an accumulation of investment fees generated by the investment advisor which are in excess of investment advisory fees paid based on the investment advisor's service contract. These funds reside in corporate assets of the Custodian or its subsidiaries and affiliates. The Allowance will equal 11% of the average eligible plan assets invested in the Plan each year. Eligible assets exclude company stock and self-directed brokerage accounts, if applicable. The Allowance will be paid to the Plan on a quarterly basis.

The Plan has established a separate account where these funds will be deposited, and will be drawn from to pay for applicable Plan expenses.

PRUDENTIAL LIGHTING CORPORATION PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 DESCRIPTION OF PLAN (Continued)

G. Investment Options - Upon enrollment in the Plan, a participant may direct employer contributions to any of the available investment options.

Note 2 SUMMARY OF ACCOUNTING POLICIES

A. Basis of Accounting - The accompanying financial statements of the Plan have been presented on the accrual basis of accounting.

B. Estimates - The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

C. Investments - Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fully-benefit-responsive investment contracts at contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Recent accounting pronouncements - In July 2015, the financial Accounting Standards Board (FASB) issued FASB Accounting Standards Update 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), and Health and Welfare Plans (Topic 965): Part (1) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient". This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively.

Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measurement for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of the net assets available for benefits and net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan assets. Part III is not applicable to this Plan. Accordingly, these provisions were applied in the financial statements for the plan years ended December 31, 2016, and 2015 in Notes 4 and 5.

D. Plan Termination - Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one-hundred percent (100%) vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

Note 2 SUMMARY OF ACCOUNTING POLICIES (Continued)

E. Tax Status - The Internal Revenue Service has determined and informed the Corporation by letter dated March 31, 2008, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management has concluded that there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administraor believes it is no longer subject to income tax examinations prior to 2012. Generally, the applicable statutes of limitations are three or four years from their filing.

F. Forfeitures - A participant's forfeiture of their non-vested account balance from employer contributions occurs when a participant is terminated. For the years ended December 31, 2016 and 2015, the balance of forfeitures was $11,692 and $19,383, respectively. Forfeitures are re-distributed to existing participant accounts in the subsequent Plan year.

G. Reclassifications - Certain disclosures in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

H. Subsequent events have been evaluated through July 14, 2017, the date that these financial statements were available to be issued.

Note 4 FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The valuation methodologies used for assets at fair value for levels 1,2 and 3 are as follows:

Level 1 - Pricing inputs represent quoted prices in active markets for identical assets or liabilities. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 - Pricing inputs represent quoted prices of similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable, either directly or indirectly, or can be corroborated by observable market data for substantially the full term of the asset or liability. The Plan has no level 2 investments.

Level 3 - Pricing inputs are unobservable for the investment; that is, inputs reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
December 31, 2016 -				
Mutual funds	$ 19,373,442	$ 19,373,442	$ -	$ -

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
December 31, 2015 -				
Mutual funds	$ 18,137,408	$ 18,137,408	$ -	$ -

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2016 and 2015 are reported in net appreciation in fair value of investments.

Note 4 FAIR VALUE MEASUREMENTS (Continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

Note 5 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Guaranteed Interest Account ("GIA"), a fully benefit-responsive contract, is a group annuity product issued by the Prudential Insurance Company of America ("PICA"). Amounts contributed to the contract are deposited in PICA's general account. Payment obligations and the fulfillment of any guarantees specified in the group annuity contracts are insurance claims supports by the full faith and credit of PICA. PICA periodically resets the interest rate credited on contract balances, subject to a minimum rate specified in the group annuity contact.

Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their Contract Value ("CV"). CV, also known as Book Value ("BV"), represents deposits plus earnings at guaranteed credit rates, less withdrawals and fees. The contract is effected directly between the Plan Sponsor and the issuer. The repayment of principal and interest credited to the participants is a financial obligation of the issuer.

The Fair Value ("FV") reported represents the estimated proceeds that would have been paid had the contract been discontinued as of the Plan Year End date. FV is calculated by multiplying the Contractual Market Value Adjustment ("MVA") by the CV. The MVA formula is generally specified in the group annuity contract and is based on the standard formula which approximates the change in market value of a bond given a change in the rate environment. The MVA formula is equal to:

The average rate being credited under the contract (aged rate) minus the rate credited to new deposits for plans with similar (new rate environment) times a duration estimate.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on rate guaranteed by the issuer based at 3.00%.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

a. Amendments to the Plan's document (include complete or partial Plan termination or merger with another plan,
b. Changes to the Plan's prohibition on competing investment options or deletion or equity wash provisions,
c. Bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan (such as divestitures or spin-offs), or,
d. The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

Note 5 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value participants are probable of occurring.

The group annuity contract does not permit the insurance company to terminate the agreement unless the Plan is not in compliance with the contract.

The guaranteed yield of the Guaranteed Interest Account (based on actual earnings and on the interest rate credited to Participants) for the years ended December 31, 2016 and 2015 is 3.00%, respectively.

Note 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed in various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds that were managed by Prudential Insurance Company of America. Prudential Insurance Company of America is the custodian as defined by the Plan and, therefore, these are party-in-interest transactions, but this transaction is exempt by ERISA.
