General

The Plan is a defined contribution plan covering all eligible employees of Marshall Farms Group, Ltd. (the "Company") and Marshall Pet Products, Inc. When eligible, participants in the Plan are automatically enrolled at a 2% deferral rate unless they opt out. The only requirement is that an employee must be 18 years of age. There is no service requirement in order to make elective deferrals or to receive the employer match, as defined by the Plan agreement. The Plan includes a discretionary employer contribution. In order to be eligible to receive the discretionary employer contribution, a participant must be over the age of 18, have 1,000 hours of service, and must be employed by the Company on the last day of the plan year. On June 1, 2003, the Marshall Farms Group, Ltd. Employees Money Purchase Pension Plan was merged into the Plan. The transferred net assets have been included in the participant accounts of the Plan as of that date at their balances as previously carried in their accounts in the Money Purchase Plan. At that time, participants became 100% vested in their accounts previously held in the Money Purchase Pension Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute a percentage of their annual wages to the Plan. The Company makes a safe harbor matching contribution of an amount that equals 100% of salary deferrals up to 5% of the employee's eligible compensation. Additional non-elective contributions may be made at the option of the Company's Board of Directors. The amount of the contributions are not to exceed legal limits set by the Internal Revenue Service.

Participant accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and the Plan's earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions and employer matching contributions plus actual earnings thereon. Vesting in the Company's non-elective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Non-elective contributions contributed after January 1, 2007 are 100% vested after six years of credited service.

Payment of benefits

Distributions may be made from vested account balances in excess of $5,000, with participant consent, under the following conditions: separation from service, upon attainment of age 50 (distributions limited to elective contributions), or upon participant's attainment of normal retirement age of 62 as provided for in the Plan and in government regulations. Vested account balances that are less than $5,000 but greater than $1,000 upon separation of service will be paid in one lump-sum distribution or directly rolled over to an IRA if no distribution election is made in accordance with the provisions of the Plan. Vested account balances under $1,000 will be paid in one lump-sum distribution in accordance with the provisions of the Plan.

NOTE A: DESCRIPTION OF THE PLAN, Cont'd

Notes receivable – participant loans

Participants are entitled to borrow from their accounts subject to certain limitations. The loans are payable over terms up to 5 years, with the exception of a loan used to acquire a principal residence by a participant may be repaid over a longer, reasonable period of time, not to exceed fifteen years. The loans bear interest at the prime rate plus 1% on the date of loan origination. Interest rates range from 4.25% to 7.50%. Principal and interest payments on the loans are redeposited in the participants' accounts based on their current allocation elections. Notes receivable – participant loans are measured and valued at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Forfeitures

Participants who terminate employment prior to the vesting of the employer non-elective contributions to their retirement accounts forfeit their non-vested portion. Such forfeitures are used to reduce future employer contributions. During the years ended December 31, 2016 and 2015, approximately $35,000 and $32,000 respectively, of forfeitures were used to reduce employer contributions.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment value and income recognition

The Plan's investments are valued as reported by the Plan's Trustee, Capital Bank and Trust Company, at December 31, 2016 and 2015.

Mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. The net asset value is determined using the quoted market prices of the investments in which the portfolio has invested.

Common/collective trust is valued at contract value. See Note E for additional information.

Administrative expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Payment of benefits

Benefits are recorded when paid.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Subsequent events

The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through July 12, 2017, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure, other than as disclosed in Note K, were noted.

NOTE C: INVESTMENTS AND FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits, the schedule of assets held for investment purposes and the related investment activity reflected in the statement of changes in net assets available for benefits.

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that were prepared by the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate:

	December 31,

Schedule of Assets Held for Investment Purposes at End of Year - December 31, 2016

NOTE D: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Instruments whose significant inputs are unobservable

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are actively traded open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to report their daily net asset value and to transact at that price.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
December 31, 2016				
Mutual funds	$ 36,720,217	$ -	$ -	$ 36,720,217

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
December 31, 2015				
Mutual funds	$ 31,985,020	$ -	$ -	$ 31,985,020

NOTE E: COMMON/COLLECTIVE TRUST FUND WITH FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds an investment in a common/collective trust which qualifies as a traditional fully benefit-responsive contract and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Transactions are at contract value with KeyBank National Association. If the Plan were to lose its exempt status, its investment in the common and collective trust could be involuntarily liquidated. Withdrawals for participant benefit payment transactions in accordance with the provisions of the Plan will be processed as soon as administratively practicable and subject to the available liquidity of the common/collective trust. All other withdrawals of assets may be delayed for up to twelve months at the sole discretion of the common/collective trust. Transfers to a competing fund are prohibited without first transferring to a non-competing investment for a period of three months. A competing fund is defined as an alternative investment consisting solely of money market instruments or an investment alternative that has a primary investment strategy of investing solely in debt instruments whose average remaining maturity generally is not in excess of three and one-half years and self-directed brokerage accounts.

The Plan's ability to receive amounts due in accordance with the contract is dependent on the third-party's ability to meet its financial obligations. The issuer's ability to meets its contractual obligations may be affected by future economic or regulatory developments.

NOTE F: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

NOTE G: TAX STATUS

The Plan obtained its latest determination letter for the American Funds Distributors, Inc. Prototype Non-Standardized 401(k) Plan in March 2014, in which the Internal Revenue Service stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2013.

NOTE H: TRANSACTIONS WITH PARTIES-IN-INTEREST

Since American Funds and Smith Barney perform services for the Plan, investments sponsored by related organizations are considered party-in-interest transactions, which are exempt from prohibited transaction rules.

As described in Note B, the Plan paid certain expenses related to the Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

NOTE I: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits per the accompanying financial statements to the Form 5500:

	December 31,	
	2016	2015
Net assets available for benefits per the financial statements	$ 40,788,571	$ 35,858,959
Less:		
Employer contributions receivable	1,354,447	1,313,941
Net assets available for benefits per the Form 5500	$ 39,434,124	$ 34,545,018
Net increase in net assets available for benefits per the financial statements	$ 4,929,612	$ 1,217,063
Add:		
Contribution receivable from employer (prior year)	1,313,941	1,126,492
Less:		
Contribution receivable from employer	1,354,447	1,313,941
Net income Schedule H (Page 3) Line K per the Form 5500	$ 4,889,106	$ 1,029,614

The classification of the change in net assets available for benefits for the years ended December 31, 2016 and 2015 differs between the financial statements and Form 5500. However, the total change in net assets for the years then ended agreed between the financial statements and Form 5500, other than as noted above.

NOTE J: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE K: PLAN RESTATEMENT

The Plan was restated effective January 1, 2017. Significant changes to the plan document include allowing in-service withdrawals from all money sources for individuals over age 62.
