NORTHERN LABS, INC. 401(k) THRIFT SAVINGS PLAN

Notes to Financial Statements – Modified Cash Basis
December 31, 2016 and 2015

Note 1 - Plan description

The following brief description of the Northern Labs, Inc. 401(k) Thrift Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a company-sponsored defined contribution plan covering all eligible employees of Northern Labs, Inc. (Company or Employer). All employees of the Company are eligible for participation after completing 90 days of service and reaching the age of 18. Employees may commence participation as of January 1, April 1, July 1, or October 1, upon completion of participation requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Contributions

Each year, participants may contribute up to 60% of pretax annual compensation, as defined by the Plan. Participants may elect to have any portion, or all of their contributions designated as Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may, at its discretion, make a matching contribution to the Plan. For the years ended December 31, 2016 and 2015, the Company contributed 50% of the first 6% of base compensation that a participant contributed to the Plan. The Company may also, at its discretion, make qualified nonelective contributions to the Plan. For the years ended December 31, 2016 and 2015, the Company contributed \$100,021 and \$93,516 to the Plan, respectively.

C. Participant accounts

Each participant's account is credited with the participant's elective contributions, Company matching contributions and allocations of (a) the employer discretionary contribution and (b) plan earnings (losses). Participant accounts are charged with an allocation of administration expenses that are paid by the Plan. Allocations are based on account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants are 100% vested at the time of death, disability, attainment of normal retirement age, or after five years of credited service.

NORTHERN LABS, INC. 401(k) THRIFT SAVINGS PLAN

Notes to Financial Statements – Modified Cash Basis, Continued December 31, 2016 and 2015

Note 1 - Plan description, continued

E. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms generally range from one to five years; however, a longer repayment period may be permitted if the loan is for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at the market rate as determined at the time of the loan by the Plan Administrator. Principal and interest is paid ratably through biweekly payroll deductions.

F. Payment of benefits

Active participants may elect a lump sum in-service or hardship distribution as eligible according to the plan document. On termination of service due to death, disability or retirement, a participant may elect to receive lump sum, partial lump sum, or periodic installment benefit payments equal to the value of his or her account. Upon termination of service, a participant whose vested account balance does not exceed \$1,000 will receive a lump-sum distribution of the vested amount.

G. Forfeited accounts

At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$443 and \$3,026, respectively. These accounts will be used to reduce administrative expenses during the Plan year, with any excess used to reduce future Company contributions. For the years ending December 31, 2016 and 2015, Company contributions were reduced by \$3,026 and \$0 from forfeited non-vested accounts, respectively.

H. Administration

The Company is the administrator of the Plan and has appointed Fidelity Management Trust Company as record keeper, custodian, and trustee. The custodian is responsible for investing and safekeeping the majority of the assets of the Plan. Administrative fees paid to the Plan's Trustee are paid by the Plan. All remaining fees and administrative expenses of the Plan are paid by the Company. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 2 - Significant accounting policies

A. Accounting method

The Plan financial statements are prepared on the modified cash basis of accounting; consequently, contributions and interest and dividend income are recognized when received rather than when earned and administrative fees are recognized when paid rather than when the obligation is incurred. Accordingly, the financial statements are not intended to present net assets and changes in net assets in conformity with accounting principles generally accepted in the United States of America.

B. Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

C. Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

D. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

E. Expenses

Administrative expenses may be paid either by the Plan or by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

F. Payment of benefits

Benefits are recorded when paid.

G. Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through July 17, 2017, the date on which the financial statements were available to be issued.

Note 3 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contributions.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

Note 4 - Fair value measurements, continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with the other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	2016			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 511,372	\$ -	\$ -	\$ 511,372
Mutual funds	<u>7,228,058</u>	<u>-</u>	<u>-</u>	<u>7,228,058</u>
Total assets at fair value	<u>\$ 7,739,430</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,739,430</u>

	2015			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 473,013	\$ -	\$ -	\$ 473,013
Mutual funds	<u>6,714,944</u>	<u>-</u>	<u>-</u>	<u>6,714,944</u>
Total assets at fair value	<u>\$ 7,187,957</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,187,957</u>

Note 5 - Tax status

The Company adopted a volume submitter profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter dated March 31, 2014, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note 6 - Information certified by trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's trustee, Fidelity Management Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- The investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits.

- b. The investment income and interest income on notes receivable from participants as shown in the Statements of Changes in Net Assets Available for Benefits.
- c. The investments and notes receivable from participants as shown in the Schedule of Assets (Held at End of Year).

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related amounts included in the financial statements and supplemental schedule.

Note 7 – Party-in-interest transactions

Certain Plan investments are shares of money market and mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management, trust services and other administrative services amounted to \$4,805 and \$5,661 are included under administrative expenses on the statements of changes in net assets available for benefits for the year ended December 31, 2016 and 2015, respectively.

Certain employees and officers of the Plan sponsor, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Plan amendments

Effective April 3, 2017, the Plan was amended to allow for Roth 401(k) in-plan Roth rollover contributions and in-plan Roth conversions.

In addition, the Plan was amended to change required distributions upon a participant's termination of service. Upon termination of service, a participant whose vested account balance does not exceed \$1,000 will receive a lump sum distribution of the vested amount. Participants whose vested account balance exceeds \$1,000 but less than \$5,000, will be automatically enrolled into an IRA. Participants whose vested account balance exceeds \$5,000 may elect to receive as benefits the entire vested amount credited to their accounts as of that date in either a lump sum or in periodic payments.
