Independent Auditor's Report

To the Administrative Committee of the
Ryan Herco Flow Solutions
Profit Sharing/401(k) Plan
Burbank, California

We were engaged to audit the accompanying financial statements of Ryan Herco Flow Solutions Profit Sharing/401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2015 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee, as of and for the year ended December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2015 financial statements.

Other Matter
The supplemental schedule "Schedule of Assets Held for Investment Purposes at End of Year" as of or for the year ended December 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purpose of additional analysis and is not a required part of the 2015 financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion of this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RYAN HERCO FLOW SOLUTIONS PROFIT SHARING/401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

1. Description of plan:

The following description of the Ryan Herco Flow Solutions Profit Sharing/401(k) Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General:

The Plan is a defined-contribution plan covering all employees of Ryan Herco Flow Solutions (the Company) who have six consecutive months of service and are at least 20 years of age. Employees may enter the Plan immediately upon meeting the eligibility requirements.

The Plan is sponsored and administered by Ryan Herco Products Corporation, dba Ryan Herco Flow Solutions. The Plan's assets are held by Fidelity Management Trust Company (the Trustee). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). Additionally, the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During the plan year 2015, the plan was amended and restated to change excludable compensation, and to define the methods of lump sum distribution.

Contributions:

Participants may contribute up to 60 percent of pretax annual compensation, as defined in the Plan, and up to 100 percent of any cash bonuses, upon proper notice and approval. Total participant contributions are subject to annual limits established by the Internal Revenue Service (IRS). The maximum participant deferral limit was $18,000 for the year ended December 31, 2015. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto enrollment provision whereby all newly eligible employees hired after August 2014 are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Catch-up contributions of an additional $6,000 were available to participants who had attained age 50 or older by December 31, 2015.

The Company is required to make matching contributions on participants' 401(k) salary deferrals. The Company matches 50 percent of participants' salary deferrals up to 4 percent of eligible compensation per payroll. The Company's matching contribution for the year ended December 31, 2015 was $304,266, of which $0 was funded through forfeitures.

The Company may make annual discretionary profit sharing contributions to the Plan for participants who are employed on the last day of the Plan year. The Company did not make a profit sharing contribution for the year ended December 31, 2015.

1. Description of plan (continued):

Participant accounts:

Each participant's account is credited or charged with the participant's contribution and allocations of the Company's matching 401(k) contributions, discretionary profit sharing contributions, investment income (losses) and administrative expenses.

Investment options:

Participants are given the option to invest in participant-directed mutual funds of Fidelity.

Vesting:

Participants are immediately vested in their voluntary contributions and related investment earnings. Vesting in Company matching and profit sharing contributions is based on years of continuous service. A participant is 20 percent vested after two years, and continues to vest 20 percent per year thereafter. A participant becomes fully vested after six years of service.

Notwithstanding the above, if a participant (1) attains the age of 65, (2) dies or (3) terminates employment by reason of permanent disability, the Company's matching and discretionary profit sharing contribution amounts become 100 percent vested without regard to years of service.

Payment of benefits:

Distributions of a participant's account are made upon termination of service, death, disability or retirement. Distributions are made in either a lump-sum payment or in annual installments at the election of a participant or beneficiary paid over a period not to exceed the participants' estimated life expectancy at the time of distribution. If the value of the vested portion is less than $1,000, the participant will automatically receive a lump-sum payment. An in-service distribution can also be made to participants who have attained the age of 59-1/2, upon disability or when experiencing financial hardship.

Plan termination:

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Participant notes receivable:

Participants may borrow from their vested accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their vested balance. The minimum loan amount is $1,000. A participant may have up to two loans outstanding at any given time. The loans are secured by the vested balance in the participant's account and bear interest at the prevailing market rate as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions or participants' own personal funds over a term not to exceed five years or extend beyond the participant's normal retirement, except notes receivable used to purchase or improve the participant's primary residence, which have a repayment term not to exceed 10 years. The loan interest rate is 5.25%.

1. Description of plan (continued):

Forfeited accounts:

Forfeitures of terminated participants' unvested Company contributions may be used to reduce future Company contributions. During the year ended December 31, 2015, a total of $0 of forfeitures was applied to reduce Company matching contributions. At December 31, 2015 and 2014, the amount of forfeitures available for future use was approximately $100,841 and $83,338, respectively.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investments valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are reflected on a trade date basis. The basis for all securities sold is determined by average cost. Interest income is recorded on the accrual basis. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments, which consists of the realized gains or losses on the sale of investments during the period and unrealized appreciation or depreciation of investments held at year-end. Participants' notes receivable are valued at cost, which approximates fair market value.

Use of estimates:

The preparation of financial statements, in conformity with U.S. GAAP, requires management to make estimates and assumptions that affect amounts of assets, liabilities and changes therein, the fair value of investments, and disclosure of contingent assets and liabilities reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

2. Summary of significant accounting policies (continued):

Fair value measurements:

Financial Accounting Standards Board (FASB) accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Investment valuation and income recognition:

Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are reported at their unpaid principal balances plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative expenses:

The Company incurs certain expenses in administering the Plan and the Plan pays certain expenses from the Plan assets. Administrative expenses charged to the Plan consist of charges associated with investment transactions, benefit payments and loan processing.

Payment of Benefits:

Benefits are recorded when paid.

Excess Contributions Payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2015.

3. Tax status:

The Company adopted a non-standardized prototype plan sponsored by the Trustee. The Plan prototype received an opinion letter dated March 31, 2008 from the IRS, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan Administrator believes the Plan is currently being operated in compliance with the applicable provisions of the IRC. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

4. Related party transactions:

Certain Plan investments are in shares of registered funds managed by Fidelity Management and Research Company, an affiliate of the Trustee. Therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid to the Trustee by the Plan amounted to $7,302 for the year ended December 31, 2015.

5. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults, and credit rating downgrades.

6. Unaudited information prepared and certified by the custodian:

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. The Trustee certified information as of December 31, 2015 and 2014, and for the year ended December 31, 2015. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 6 and the supplemental schedule related to the following investments.

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2015:

Per financial statements	$ 1,694,103
Contributions receivable, prior year	0
Contributions receivable, current year	(10,077)
Excess contributions payable, prior year	(5,485)
Excess contributions payable, current year	2,728
Rounding	(0)
Per Form 5500	$ 1,691,346

8 Excess contributions payable:

In order to satisfy the actual deferral percentage (ADP) test, the plan distributed $2,728 net excess contributions to the highly compensated employees prior to March 15, 2016.

9. Fair Value Measurements:

Financial Accounting Standards Board (FASB) *Accounting Standards of Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at the fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Money Market Funds: State at their carrying value approximates fair value.

Investments in shares of registered investment companies - Mutual Funds: Valued using quoted market prices, which represent the net asset value (NAV) of shares held by the plan at year end.

9. Fair Value Measurements (continued):

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015

10. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

11. Amounts Due to Withdrawn Participants:

The amounts allocated to participants accounts who have withdrawn from the plan but have not been paid is $100,388 at December 31, 2015.

12. Rollovers Contributions:

The Plan may accept eligible amounts from other plans, subject to the conditions set forth in the plan adoption agreement. An Aggregate of $988,159 was rolled into the Plan during the year ended December 31, 2015, and is included in rollovers on the statement of changes in net assets available for benefits.

13. QNEC: Participant deferral and employer match:

During the month of May 2015, certain participants' wages were not subject to elective deferral, or subject to employer match. Management prepared a QNEC and employer match for $10,077 and will distribute to the accounts of affected participants.

14. Subsequent Events:

The Plan's management has evaluated subsequent events for recognition and disclosure through June 16, 2016, which is the date the financial statements were available to be issued.

In April 2015, Ryan Herco Flow Solutions (Plan Sponsor) entered into a stock acquisition with EMI. The participants of EMI continued to defer compensation in the EMI defined contribution plan through December 31, 2015. In April 2016, the EMI defined contribution plan was merged into the Ryan Herco Flows Solutions Profit Sharing/401(k) Plan.

Independent Auditor's Report

To the Administrative Committee of the
Ryan Herco Flow Solutions
Profit Sharing/401(k) Plan
Burbank, California

We were engaged to audit the accompanying financial statements of Ryan Herco Flow Solutions Profit Sharing/401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2015 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee, as of and for the year ended December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2015 financial statements.

Other Matter
The supplemental schedule "Schedule of Assets Held for Investment Purposes at End of Year" as of or for the year ended December 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purpose of additional analysis and is not a required part of the 2015 financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion of this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RYAN HERCO FLOW SOLUTIONS PROFIT SHARING/401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

1. Description of plan:

The following description of the Ryan Herco Flow Solutions Profit Sharing/401(k) Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General:

The Plan is a defined-contribution plan covering all employees of Ryan Herco Flow Solutions (the Company) who have six consecutive months of service and are at least 20 years of age. Employees may enter the Plan immediately upon meeting the eligibility requirements.

The Plan is sponsored and administered by Ryan Herco Products Corporation, dba Ryan Herco Flow Solutions. The Plan's assets are held by Fidelity Management Trust Company (the Trustee). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). Additionally, the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During the plan year 2015, the plan was amended and restated to change excludable compensation, and to define the methods of lump sum distribution.

Contributions:

Participants may contribute up to 60 percent of pretax annual compensation, as defined in the Plan, and up to 100 percent of any cash bonuses, upon proper notice and approval. Total participant contributions are subject to annual limits established by the Internal Revenue Service (IRS). The maximum participant deferral limit was $18,000 for the year ended December 31, 2015. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto enrollment provision whereby all newly eligible employees hired after August 2014 are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Catch-up contributions of an additional $6,000 were available to participants who had attained age 50 or older by December 31, 2015.

The Company is required to make matching contributions on participants' 401(k) salary deferrals. The Company matches 50 percent of participants' salary deferrals up to 4 percent of eligible compensation per payroll. The Company's matching contribution for the year ended December 31, 2015 was $304,266, of which $0 was funded through forfeitures.

The Company may make annual discretionary profit sharing contributions to the Plan for participants who are employed on the last day of the Plan year. The Company did not make a profit sharing contribution for the year ended December 31, 2015.

1. Description of plan (continued):

Participant accounts:

Each participant's account is credited or charged with the participant's contribution and allocations of the Company's matching 401(k) contributions, discretionary profit sharing contributions, investment income (losses) and administrative expenses.

Investment options:

Participants are given the option to invest in participant-directed mutual funds of Fidelity.

Vesting:

Participants are immediately vested in their voluntary contributions and related investment earnings. Vesting in Company matching and profit sharing contributions is based on years of continuous service. A participant is 20 percent vested after two years, and continues to vest 20 percent per year thereafter. A participant becomes fully vested after six years of service.

Notwithstanding the above, if a participant (1) attains the age of 65, (2) dies or (3) terminates employment by reason of permanent disability, the Company's matching and discretionary profit sharing contribution amounts become 100 percent vested without regard to years of service.

Payment of benefits:

Distributions of a participant's account are made upon termination of service, death, disability or retirement. Distributions are made in either a lump-sum payment or in annual installments at the election of a participant or beneficiary paid over a period not to exceed the participants' estimated life expectancy at the time of distribution. If the value of the vested portion is less than $1,000, the participant will automatically receive a lump-sum payment. An in-service distribution can also be made to participants who have attained the age of 59-1/2, upon disability or when experiencing financial hardship.

Plan termination:

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Participant notes receivable:

Participants may borrow from their vested accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their vested balance. The minimum loan amount is $1,000. A participant may have up to two loans outstanding at any given time. The loans are secured by the vested balance in the participant's account and bear interest at the prevailing market rate as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions or participants' own personal funds over a term not to exceed five years or extend beyond the participant's normal retirement, except notes receivable used to purchase or improve the participant's primary residence, which have a repayment term not to exceed 10 years. The loan interest rate is 5.25%.

1. Description of plan (continued):

Forfeited accounts:

Forfeitures of terminated participants' unvested Company contributions may be used to reduce future Company contributions. During the year ended December 31, 2015, a total of $0 of forfeitures was applied to reduce Company matching contributions. At December 31, 2015 and 2014, the amount of forfeitures available for future use was approximately $100,841 and $83,338, respectively.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investments valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are reflected on a trade date basis. The basis for all securities sold is determined by average cost. Interest income is recorded on the accrual basis. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments, which consists of the realized gains or losses on the sale of investments during the period and unrealized appreciation or depreciation of investments held at year-end. Participants' notes receivable are valued at cost, which approximates fair market value.

Use of estimates:

The preparation of financial statements, in conformity with U.S. GAAP, requires management to make estimates and assumptions that affect amounts of assets, liabilities and changes therein, the fair value of investments, and disclosure of contingent assets and liabilities reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

2. Summary of significant accounting policies (continued):

Fair value measurements:

Financial Accounting Standards Board (FASB) accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Investment valuation and income recognition:

Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are reported at their unpaid principal balances plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative expenses:

The Company incurs certain expenses in administering the Plan and the Plan pays certain expenses from the Plan assets. Administrative expenses charged to the Plan consist of charges associated with investment transactions, benefit payments and loan processing.

Payment of Benefits:

Benefits are recorded when paid.

Excess Contributions Payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2015.

3. Tax status:

The Company adopted a non-standardized prototype plan sponsored by the Trustee. The Plan prototype received an opinion letter dated March 31, 2008 from the IRS, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan Administrator believes the Plan is currently being operated in compliance with the applicable provisions of the IRC. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

4. Related party transactions:

Certain Plan investments are in shares of registered funds managed by Fidelity Management and Research Company, an affiliate of the Trustee. Therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid to the Trustee by the Plan amounted to $7,302 for the year ended December 31, 2015.

5. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults, and credit rating downgrades.

6. Unaudited information prepared and certified by the custodian:

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. The Trustee certified information as of December 31, 2015 and 2014, and for the year ended December 31, 2015. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 6 and the supplemental schedule related to the following investments.

8 Excess contributions payable:

In order to satisfy the actual deferral percentage (ADP) test, the plan distributed $2,728 net excess contributions to the highly compensated employees prior to March 15, 2016.

9. Fair Value Measurements:

Financial Accounting Standards Board (FASB) *Accounting Standards of Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at the fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Money Market Funds: State at their carrying value approximates fair value.

Investments in shares of registered investment companies - Mutual Funds: Valued using quoted market prices, which represent the net asset value (NAV) of shares held by the plan at year end.

9. Fair Value Measurements (continued):

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015

10. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

11. Amounts Due to Withdrawn Participants:

The amounts allocated to participants accounts who have withdrawn from the plan but have not been paid is $100,388 at December 31, 2015.

12. Rollovers Contributions:

The Plan may accept eligible amounts from other plans, subject to the conditions set forth in the plan adoption agreement. An Aggregate of $988,159 was rolled into the Plan during the year ended December 31, 2015, and is included in rollovers on the statement of changes in net assets available for benefits.

13. QNEC: Participant deferral and employer match:

During the month of May 2015, certain participants' wages were not subject to elective deferral, or subject to employer match. Management prepared a QNEC and employer match for $10,077 and will distribute to the accounts of affected participants.

14. Subsequent Events:

The Plan's management has evaluated subsequent events for recognition and disclosure through June 16, 2016, which is the date the financial statements were available to be issued.

In April 2015, Ryan Herco Flow Solutions (Plan Sponsor) entered into a stock acquisition with EMI. The participants of EMI continued to defer compensation in the EMI defined contribution plan through December 31, 2015. In April 2016, the EMI defined contribution plan was merged into the Ryan Herco Flows Solutions Profit Sharing/401(k) Plan.
