Independent Auditor's Report

To the Plan Administrative Committee
Plymouth Tube Company 401(k) Savings Plan and Trust
Warrenville, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Plymouth Tube Company 401(k) Savings Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Great-West Life & Annuity Insurance Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Emphasis of Matter
As discussed in Note 2 to the financial statements, the Plan adopted the new accounting guidance related to disclosures for investments that calculate net asset value per share or its equivalent, the presentation of fair value of certain investments and disclosure of investments. Certain investments are now shown at contract value rather than fair value on the statement of net assets available for benefits. Prior-year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting. Our disclaimer of opinion is not modified with respect to these matters.

Other Matter
The supplemental schedule, Schedule H, line 4i – schedule of assets (held at end of year), as of the year ended December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The following description of the Plymouth Tube Company 401(k) Savings Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined-contribution plan. All salaried and hourly employees of Plymouth Tube Company (the Company) who have completed 30 days of service and who are not covered by a collective bargaining agreement are eligible to participate. Pursuant to certain collective bargaining agreements, collectively bargained employees at the Winamac and East Troy locations are eligible to participate effective January 1, 1998 and January 1, 2005, respectively. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The Plan allows eligible employees to contribute between 2 percent and 100 percent of their pre-tax compensation, up to the maximum amount allowed by the Internal Revenue Code (IRC). The Plan provides for automatic enrollment. For the 2016 plan year, participants are treated as having elected to contribute 5 percent of their pre-tax compensation, unless a different amount or an election not to contribute has been submitted, and will increase by 1 percent every plan year with a maximum of 15 percent. For the 2015 plan year, participants were treated as having elected to contribute 3 percent of their pre-tax compensation, unless a different amount or an election not to contribute had been submitted, and will increase by 1 percent in the third and fourth plan year. Effective January 1, 2016, all participants contributing less than 5 percent of their pre-tax compensation were re-enrolled to contribute 5 percent of their pre-tax compensation, unless a different amount or an election not to contribute has been submitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan is designated as a safe-harbor plan. For participants not covered by a collective bargaining agreement, employer contributions are 100 percent of salary deferrals that do not exceed 3 percent of compensation plus 50 percent of the salary deferrals between 3 and 5 percent of compensation. For collectively bargained employees at the Winamac location, employer contributions are 100 percent of salary deferrals that do not exceed 3 percent of compensation.

In addition, the Company's Board of Directors will determine the amount of any additional profit sharing contributions to be made. There were no additional profit sharing contributions during the year ended December 31, 2016.

Contributions are subject to certain limitations as provided in the IRC and described by the Plan.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and plan earnings, and charged with an allocation of administration expenses. Allocations are based on a participant's compensation or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of Plan (Continued)

Vesting: Participants not covered by collective bargaining agreements are immediately vested in their contributions, safe-harbor employer contributions and the earnings thereon. Vesting in Company contributions made prior to the January 1, 2006, safe-harbor amendment, the earnings thereon and vesting for employees covered by collective bargaining agreements is determined in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 1 year	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to $50,000 or 50 percent of their account balance, whichever is less. The loans are secured by 50 percent of the vested balance in the participant's account. Only one loan may be outstanding at any time. Interest rates are established at loan origination as prime plus 1 percent. The interest rates on loans currently outstanding range from 4.25 to 4.50 percent. Loan repayment must be monthly over a period not to exceed five years, except for loans used to purchase a primary residence where the repayment period may be as long as 15 years. The loans are collateralized by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

Investment options: Participants may direct the allocation of contributions to select investments as made available and determined by the Plan Administrator. Participants may transfer monies between funds and change the allocation of their investment elections monthly.

Payment of benefits: On termination of service due to death, disability, or retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested balance in his or her account. Partial payments are allowed in the minimum amount necessary to satisfy IRC 401(a)(9). In-service withdrawals prior to termination of service are allowed for any reason after attaining age 59-½.

Forfeitures: At December 31, 2016 and 2015, forfeited nonvested accounts totaled $34,020 and $103,520, respectively. These accounts will be used to pay plan expenses and to reduce future employer contributions. In 2016, forfeited nonvested amounts of $90,993 were used to reduce employer contributions.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Note 2. Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Accounting estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The Company pays all administrative costs of the Plan except those incurred and assumed by individual participants.

Recent accounting pronouncements: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this update for the 2016 plan year, and it was retrospectively applied to December 31, 2015. Prior-year disclosures have been revised to reflect the retrospective application of this update. The impact of this update is reflected in Note 4.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force).* The purpose of this update is to simplify plan accounting.

- The amendments in Part I of this update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

- The amendments in Part II of this update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits, and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

Note 2. Significant Accounting Policies (Continued)

- The amendments in Part III of this update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The update may be adopted in whole or by Part I, II, and III, as applicable. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Part II of the update for the 2016 plan year, and the amendments in Part II were retrospectively applied to December 31, 2015. Prior-year disclosures in Note 4 have been revised to reflect the retrospective application. The amendments in Part I and Part III do not apply to the Plan. The impact of adopting these amendments is reflected in the financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events through July 14, 2017, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Great-West Life & Annuity Insurance Company, the Plan Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2016	2015
Shares of registered investment companies, at fair value	$ 34,128,985	$ 34,840,855
Collective investment trusts, at fair value:		
Shares of Putnam S&P 500 Fund	3,198,059	3,188,959
Shares of Putnam Stable Value Fund	5,383,104	5,858,946
Notes receivable from participants	1,333,377	1,344,421
Net appreciation in fair value of investments	1,449,114	
Interest and dividends	1,168,686	
Interest income on notes receivable from participants	54,881	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Shares held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These shares are required to publish their daily net asset value (NAV) and to transact at that price. The shares held by the Plan are deemed to be actively traded.

Collective investment trust: Valued based on the NAV of units of the collective investment trust. The NAV, as provided by Great-West Life & Annuity Insurance Company, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015.

	2016			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 34,128,985	$ -	$ -	$ 34,128,985
Total assets in fair value hierarchy	$ 34,128,985	$ -	$ -	34,128,985
Investment measured at net asset value as a practical expedient (a)				8,581,163
Investments at fair value				$ 42,710,148

	2015			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 34,840,855	$ -	$ -	$ 34,840,855
Total assets in fair value hierarchy	$ 34,840,855	$ -	$ -	34,840,855
Investment measured at net asset value as a practical expedient (a)				9,047,905
Investments at fair value				$ 43,888,760

(a) In accordance with Subtopic 820-10, certain investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth the fair value of investments in certain entities that calculate net asset value per share (or its equivalent) at December 31, 2016 and 2015:

Investment	2016 Fair Value	2015 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Putnam Fiduciary Trust Company					
Putnam S&P 500 Fund (b)	$ 3,198,059	$ 3,188,959	$ -	Immediate	None
Putnam Stable Value Fund (c)	5,383,104	5,858,946	-	Immediate	None
	$ 8,581,163	$ 9,047,905	$ -		

(b) This fund includes common stock securities that invest primarily in the securities that constitute the S&P 500 Index. Investments in this fund can be redeemed immediately at the current NAV per share based on the fair value of the underlying assets. The fair value of investments in this fund is valued based on information reported by the investment advisor using the audited financial statements of the common/collective trust at year-end.

(c) This fund includes investment contracts or similar investments issued by insurance companies, banks, security-backed investment contracts, and similar financial institutions. Investments in this fund can be redeemed immediately at the current NAV per share based on the fair value of the underlying assets. The fair value of investments in this fund is valued based on information reported by the investment advisor using the audited financial statements of the common/collective trust at year-end.

Note 4. Fair Value Measurements (Continued)

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2016, there were no transfers in or out of Level 3.

Note 5. Related-Party Transactions

Certain funds of the Plan are managed by Great-West Life & Annuity Insurance Company. Putnam Investments is related to the trustee by common ownership. Therefore, these are party-in-interest transactions.

Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for these services.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7. Tax Status

The Plan has adopted a prototype plan of the trustee. The trustee requested that the Internal Revenue Service (IRS) provide an opinion related to the acceptability of the prototype plan under Section 401 of the IRC and received a favorable opinion. The Plan has been amended since receipt of the IRS determination letter. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Management evaluated the Plan’s tax positions and concluded that the Plan had maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for the years before 2013.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015, to Form 5500:
