Independent Auditor's Report

To the Plan Administrator and Participants of the
Genesys Aerosystems 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Genesys Aerosystems 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Minnesota Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Other Matter—Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

General

The following description of the Genesys Aerosystems 401(k) Plan (the "Plan") provides only general information. The Plan is sponsored by S-TEC Corporation (the "Company"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan was established by transfer of S-Tec Corporation's participant balances from the original Plan established under the former sponsor of the Company's 401 (k) plan in May of 2014.

The Plan is a defined-contribution, safe harbor plan, covering all employees who have attained the age of 18. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Plan is administered by the Board of Directors of the Company. Certain principals and executive officers of the Company determine the appropriateness of the Plan's investment offerings, monitor investment performance, and report to the Company's Board of Directors. Securian Financial Group (the "Custodian") is responsible for the custody and administration of the Plan's assets as well as the recordkeeping for the Plan. Minnesota Life Insurance Company is an affiliate of the Custodian and the trustee of the Plan.

Contributions

Under the provisions of the Plan, participants may elect to voluntarily defer up to 100% of their annual compensation by contributing to the Plan. Participant contributions are subject to certain annual limitations as prescribed by the Internal Revenue Code (the "Code") which was $18,000 for 2016. Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the end of the year are eligible to make catch-up contributions in accordance with, and subject to the limitations imposed by the Code ($6,000 for 2016).

Participants may make a rollover contribution to the Plan from another qualified Plan.

The Company matches 100% of the participant's elective deferrals that do not exceed 4% of the participant's eligible compensation, plus 50% of the participant's elective deferrals that exceed 4% of the participant's eligible compensation up to 6% of the participant's eligible compensation.

All contributions made by the Company and the participants are invested based upon participant account elections. All employees, employed on the last day of the Plan year, regardless of the amount of service completed, are eligible to participate in the profit sharing contribution for that Plan year. Participants who separate due to death, disability, termination of employment after normal retirement age or after early retirement date, as defined, will share in the profit sharing plan in the year of separation. The profit sharing contribution as determined by the Company's Board of Directors is allocated based on each employee's eligible compensation as a percentage of the total compensation of all employees eligible to share in the contribution.

Participant Accounts

A separate account is maintained for each participant and is credited with the participant's voluntary contributions and allocations of (a) the Company's contributions, and (b) Plan earnings, net of any administrative expenses applicable to the participant. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus or minus actual earnings or losses thereon. Vesting in the Company's contribution portion of their accounts plus or minus actual earnings or losses thereon is based on years of service. A participant vests 30% after one year, 70% after two years and 100% after three years of credited service. Additionally, participants or their beneficiaries become immediately and fully vested in their Company contributions and related earnings upon full and permanent disability or death.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions and Company matching contributions to any of the available investment options with the Custodian.

Notes Receivable from Participant Loans

Participants are permitted to borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of (a) 50% of the vested account balance; or (b) $50,000. A participant may have no more than one loan outstanding at any given time. The loans are secured by the remaining balance in a participant's account and bear a commercially reasonable rate of interest at the time of the loan as determined by the administrator of the Plan. The rate of interest will be fixed for the duration of the loan.

Loans are required to be repaid within five years. However, if the loan is for the purchase of a principal residence, the administrator may permit a longer repayment term. If employment is terminated, a loan generally becomes due and payable in full immediately. Loan refinancing is permitted under the Plan.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, vested account balances may be distributed either in a lump-sum payment, partial withdrawals, or in annual installments over a period of not more than the assumed life expectancy of the participant, or their beneficiary. For termination of service due to other reasons, vested account balances are distributed in lump-sum payments, in accordance with the provisions of the Plan.

Forfeited Accounts

Forfeitures of terminated participants' non-vested amounts may be used to reduce Company matching contributions and Plan expenses. At December 31, 2016 there was approximately $7,115 of unallocated non-vested forfeitures in the Plan which was used to reduce the Company's profit sharing contribution.

Note 2 – Summary of Significant Accounting Policies

Accounting Method

The accompanying financial statements of the Plan are presented using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is an amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value or contract value as of the end of the year and are subject to market or credit risks customarily associated with debt and equity investments.

Fair value measurements are determined in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 820, *Fair Value Measurements and Disclosures*, which defines fair value, establishes a framework for measuring fair value, and establishes disclosures about assets and liabilities measured at fair value.

Guaranteed investment contracts (GIC) issued by insurance companies and other financial institutions at fixed rates are carried at contract value. The contract value represents contributions made under the contract less any participant-directed withdrawals plus accrued interest which has not been received from the issuer.

The net realized and unrealized gains and losses on investments includes realized gains and losses of sales of investments during the year, using the average cost basis of the securities sold, and unrealized investments are reflected on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan administrator, and in the period in which they are deducted in accordance with salary deferral agreements and profit sharing agreements. There was $110,450 in employer contributions receivable to the Plan for the profit sharing contribution as of December 31, 2016.

Notes Receivable from Participant Loans

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to participant accounts and are included in administrative expenses when incurred. As of December 31, 2016, no allowance for credit losses has been recorded. If a loan is in default, the Plan may take any reasonable actions to collect the balance due. A loan in default may also be considered a distribution from the Plan and may be considered taxable income to the Participant.

Payment of Benefits

Generally, benefits are recorded when paid.

Plan Expenses

Employees of the Company perform certain administrative functions for the Plan with no compensation from the Plan. In accordance with the provisions of the Plan, the Company pays a portion of the expenses incurred in the administration of the Plan, including costs relating to asset charges and recordkeeping and such expenses are not reimbursed by the Plan nor reflected in the accompanying financial statements.

Note 3 – Investments

The Plan's investments are held by the Custodian as of December 31, 2016, under executed trust and service agreements with the Company.

During 2016, the net realized and unrealized gains on investments were comprised of the following:

Pooled separate accounts- mutual funds	$ 544,559
Guaranteed return account	816
Net realized and unrealized gains on investments	$ 545,375

Note 4 – Information Certified by the Trustee (Unaudited)

The plan administrator elected the method of annual compliance reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Minnesota Life Insurance Company has certified that the data included in the accompanying financial statements and related supplemental schedule is complete and accurate.

Note 5 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying financial statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure fair value of certain financial instruments could result in a different fair value at the reporting date.

FASB ASC Topic No. 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The Hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used.

The three levels defined in FASB ASC Topic No. 820 are as follows:

Level 1: Inputs to the valuation methodology are unadjusted, quoted prices in active markets for identical assets or liabilities as of the reporting date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs of the valuation methodology are unobservable and significant to fair value measurement.

As of December 31, 2016, the Plan had no Level 1 and Level 3 investments.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

FASB ASC Topic No. 820 requires a description of the methodologies used to measure the fair value of assets and liabilities. These methodologies were consistently applied to all assets carried as of December 31, 2016. The methodology used to measure each major category of assets is as follows:

Pooled separate accounts: The accounts are comprised of 100% over the counter open end Mutual Funds. The fair values are determined based on the net asset value of the underlying funds as certified by the Custodian and record keeper and are classified within Level 2 of the valuation hierarchy.

Assets measured at fair value on a recurring basis at December 31, 2016 are as follows:

	Fair Value	Quoted Prices in Active Markets for Similar Assets (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled Separate Accounts			
Mutual Funds:			
Target funds	$ 1,462,580	$ 1,462,580	$ -
Stock funds	2,142,455	2,142,455	-
Growth funds	1,890,545	1,890,545	-
Bond index funds	716,425	716,425	-
Fixed income funds	905,222	905,222	-
Value funds	527,022	527,022	-
Index funds	276,994	276,994	-
Total pooled separate accounts	$ 7,921,243	$ 7,921,243	$ -

Assets measured at fair value on a recurring basis at December 31, 2015 are as follows:

	Fair Value	Quoted Prices in Active Markets for Similar Assets (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled Separate Accounts			
Mutual Funds:			
Target funds	$ 1,571,777	$ 1,571,777	$ -
Stock funds	1,504,453	$ 1,504,453	-
Growth funds	1,517,856	$ 1,517,856	-
Bond index funds	587,234	$ 587,234	-
Fixed income funds	584,935	$ 584,935	-
Value funds	385,449	$ 385,449	-
Index funds	330,860	$ 330,860	-
Total pooled separate accounts	$ 6,482,564	$ 6,482,564	$ -

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2016, are reported in net appreciation in fair value of investments. Unrealized gains (losses) from the

guaranteed return account are not reported in the statement of changes in net assets available for benefits as the contract is recorded at contract value for presentation in the net assets available for benefits.

Sensitivity of Fair Value Measurements to Changes in Unobservable Inputs

For any increase or decrease to the crediting rate, the fair value of the assets will increase or decrease.

Note 6 –Guaranteed Return Account

The Plan is funded with a group annuity contract. The account has the following features:

- The insurance company establishes a rate or rates, for monies invested in the General Account. This rate, or rates, may change periodically.
- All benefit payments prior to contract liquidation are made at book value (principal invested plus interest earned).
- General Account assets are invested in the general assets of Minnesota Life.
- The general assets are predominately fixed income investments (bonds, mortgages, private placements.) Quality is high.

All financial information related to the contract is reported to the Plan participants at contract value. This is the value at which all participant-initiated transactions are performed. The SOP lists specific criteria that must be met in order for a contract to be considered fully benefit-responsive. The below specific criteria is met for this contract:

> "The terms of the investment contract require all permitted participant-initiated transactions with the plan to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those transactions allowed by the Plan, such as withdrawals for benefits, loans, or transfers to other funds within the Plan."

Under SOP 94-4-1, the contract is considered fully benefit-responsive, and contract value is the appropriate reported value.

Because the guaranteed investment contracts meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Minnesota Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Therefore the contract value has been used as the fair value in the accompanying statement of Net Assets Available

For Benefits. At December 31, 2016, the investment was paying at a rate of 1.28%. Contract value of the investment contract was $65,012 and $51,814 at December 31, 2016 and 2015.

Note 7 – Income Tax Status

The Company has adopted the Minnesota Life Insurance Company Defined Contribution Prototype Plan which has received a favorable opinion letter from the Internal Revenue Service as of March 31, 2014. The Company may rely on this letter with respect to the qualification of the Plan under Section 401 (a) of the Code with certain limitations. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has not requested or received a determination from the Internal Revenue Service regarding qualification under the appropriate section of the Code. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

The Plan files tax returns with the Internal Revenue Service and the Department of Labor. Because of the date of establishment, the Plan is not subject to examinations by taxing authorities prior to 2014.

Note 8 – Related Party and Party-In-Interest Transactions

Certain Plan investments are held in investments offered by the Custodian and record keeper or its affiliate (Minnesota Life Insurance Company). Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction provisions of ERISA and the Code. In accordance with Plan provisions, the Company may at its option pay some of the costs associated with the Plan. The Company paid $15,500 in Plan expenses during 2016. Fees paid by the Plan for investment management services amounted to approximately $3,078 for the year ended December 31, 2016.

All of these party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

Note 9 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions. Plan assets would be distributed to the participants at the discretion of the Company or continue to be held in a trust fund to be distributed to each participant upon retirement, death, permanent disability, or termination of employment.

Note 10 – Risk and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks customarily associated with debt and equity investments. Due to the level of risk

associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

Note 11 – Reconciliation of Financial Statements to Schedule H of Form 5500

Net Assets Available for Benefits per the Financial Statements	$ 8,302,918
Amounts Receivable from Employer - Profit Sharing Contribution	(110,450)
Net Assets Available for Benefits per Schedule H - Form 5500	$ 8,192,468

Note 12 - Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through July 18, 2017, the date the financial statements were available for issuance.
