CONTANDA LLC SAVINGS PLAN
HOUSTON, TEXAS

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Contanda LLC Savings Plan, formerly Westway Group LLC Savings Plan, (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of the Plan's sponsor, Contanda, LLC (the Company) who have elected to participate and have one hour of service. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA).

Contributions

Each year, participating employees may contribute, through salary deferrals, a maximum of 25% pre-tax and 5% post-tax of their annual compensation to their 401(k) accounts. Participants who have attained age 50 before the end of the Plan year and have contributed the maximum amount permitted as a basic deferral for such year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmably elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balance fund until changed by the participant.

In 2016, the Company matched 100% of the first one percent and 50% for every percent over one percent up to 6%. Additionally, the Company makes quarterly Service Pay Credit (SPC) contributions which are calculated as a percentage of quarterly compensation based on years of service and eligibility qualifications ranging from 3 to 12%.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

Vesting

Participants are vested 100% in their contributions plus actual earnings thereon at all times. Vesting in the Company's matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Less than 1 year	0%
1 year	0%
2 year	100%

Benefit Payments

Upon retirement, death, disability, or termination of service, participants may elect to receive the vested portion of their account either in a lump-sum distribution or in periodic payments. The Plan does allow withdrawals on account of financial hardship to the extent that they do not exceed the immediate and heavy financial needs of the requesting participant. Limitations on withdrawals are outlined in the plan document.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of $1,000, up to the lesser of 50% of their vested account balance or $50,000. Loan terms range from one to five years or up to fifteen years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions. At December 31, 2016, interest rates on outstanding loans ranged from 4.25% to 6.00%.

Forfeitures

At December 31, 2016 and 2015 the balance in the forfeiture nonvested account totaled $60,612 and $39,846, respectively. During 2016, Plan expenses of $34,148 were paid from the forfeiture account.

Investment Options

Upon enrollment in the Plan, participants may direct employee and employer contributions applicable to their account in investments offered by Bank of America, N.A. which consist of mutual funds, a common collective trust fund, and money market accounts.

1. Description of Plan (continued)

Risks and Uncertainty

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. The Plan's assets are primarily invested in mutual funds, money market accounts, and a common collective trust fund. Shares of mutual funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end. Money market accounts are stated at cost, which approximate fair value. Common collective trust funds are reported at fair value using net asset value per share (or its equivalent) as a practical expedient.

Money market accounts are non-negotiable and are not considered securities that are subject to fair value disclosure requirements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Benefit Payments

Benefits are recorded when paid.

3. Income Tax Status

The IRS has determined and informed the Company by a letter dated July 5, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). There have been no changes to the Plan since the application for the determination letter. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and the plan is qualified as tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Information Certified by Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's financial statements and supplemental schedule include unaudited information that was prepared by Bank of America, N.A. (the "Trustee"). The Trustee has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015.
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015.
- Net appreciation (depreciation) in fair value of investments and interest and dividends as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016.
- Information contained in the Schedule of Assets Held for Investment Purposes at December 31, 2016, as shown on the attached schedule.

5. Related Party Transactions

Certain administrative functions are performed by the employees of the Company. No employee receives compensation from the Plan. Certain administrative expenses of the plan administrator are paid directly by the Company. The Company does not intend to seek reimbursement for these expenses.

6. Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in employer contributions.

7. Investment in Common Collective Trust

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

7. Investment in Common Collective Trust (continued)

The crediting interest rate is based on a formula agreed upon with the issuer. Guaranteed interest rates are announced annually and are guaranteed against change for the year. The crediting interest rate and average yield was 1.94% and 1.93% for the year ended December 31, 2016 and 1.79% and 1.83% for the year ended December 31, 2015. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

8. Fair Value Measurements

GAAP provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under the framework are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the net asset value ("NAV") of shares held at year end (Level 1 inputs).

Common collective trust fund: Reported at fair value using net asset value per share (or its equivalent) as a practical expedient and not classified in the fair value hierarchy in accordance with Accounting Standards Codification Subtopic 820-10. The fair values presented in the hierarchy tables are intended to permit reconciliation of the fair value hierarchy to the investments at fair value as presented in the Statements of Net Assets Available for Benefits.

8. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administration believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,394,634	$ -	$ -	$ 15,394,634
Common collective trust				1,516,593
Total investments at fair value				$ 16,911,227

Assets at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,144,737	$ -	$ -	$ 14,144,737
Common collective trust				1,326,691
Total investments at fair value				$ 15,471,428

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

11. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, July 21, 2017, and determined that the following item requires disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

On April 1, 2017, the Company transferred the Plan and all assets in the Plan from Bank of America, N.A. to Fidelity Management Trust Company.
