Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Associated Trust Company, National Association, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has

obtained a certification from the trustee as of December 31, 2016 and 2015 and for the year ended December 31, 2016, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, the Plan has adopted the provisions of Financial Accounting Standards Board Accounting Standards Update 2015-07, Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent) and Accounting Standards Update 2015-12, Plan Accounting (Part I) Fully Benefit-Responsive Investment Contracts and (Part II) Plan Investment Disclosures. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan is a defined contribution plan covering all eligible employees of the Company who have 3 months of service, as defined, and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan, subject to limitations imposed by the Internal Revenue Code (“IRC”). Additionally, participants may make after-tax (“Roth”) contributions, subject to the provisions of the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions, as defined. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes as a safe harbor matching contribution an amount equal to 100 percent of the participants’ contributions that are not in excess of 3 percent of the participants’ compensation, plus 50 percent of the participants’ contributions that exceed 3 percent but do not exceed 5 percent of the participants’ compensation. The matching Company contribution is invested in the same investment options elected by the participant.

Additional Company contributions may be paid at the discretion of the Company, and are invested in the same portfolio of investments as directed by the participants. No such discretionary contributions were paid during the year ended December 31, 2016.

Participant Accounts

Each participant's account is credited with the participant's deferral contributions, the Company's matching contributions and any discretionary contributions, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Company matching contributions, plus actual earnings thereon. Vesting in any discretionary Company contributions is based on years of continuous service. The Company uses a graded vesting schedule for discretionary Company contributions, as follows:

<u>Years of service</u>	<u>% vested</u>
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

The balance of unallocated forfeitures was \$789 at December 31, 2016. The Plan provides that any forfeited amounts are to be applied to safe harbor matching contributions and Plan expenses.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loans may have a repayment term of up to five years, or up to ten years if the loan is used to purchase a primary residence. The loans bear interest at rates ranging from 4.25% to 5.75% as of December 31, 2016, and 4.25% to 5.25% as of December 31, 2015. Principal and interest are paid ratably through regular payroll deductions. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount or installment payments from the participant's account. If the participant's vested balance is less than \$1,000, such balance will be automatically distributed in a lump-sum payment. If the participant's vested balance is greater than \$1,000 but less than \$5,000, the balance will be rolled over into an Individual Retirement Account ("IRA"). If the participant's vested balance exceeds \$5,000, the participant may elect to: receive a lump-sum or installment payments from the participant's account; roll the funds into an IRA or another

employer's qualified plan; or leave the funds in the Plan until the participant's required beginning date, as defined. Additionally, participants may elect to receive in-service distributions upon attaining age 59-1/2 or in the event of financial hardship, as defined by the Plan.

The liability of the Plan for benefits to participants is limited to the value of the participants' vested interest in their accounts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to defined contribution plans, and in accordance with the terms of the Plan agreement. A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes realized gains and losses and unrealized appreciation and depreciation on those investments.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Plan directly, and are reflected in the accompanying Statement of Changes in Net Assets Available for Benefits.

Parties-In-Interest

Associated Trust Company, National Association ("Associated") and certain affiliated entities provide custodial, recordkeeping, and other administrative services to the Plan. Additionally, Associated maintains all of the Plan's current investments, some of which are managed by Associated-affiliated entities, thereby creating a party-in-interest relationship. There were no prohibited transactions with a party-in-interest, as defined.

Recently Issued Accounting Standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued an accounting standards update which removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient. The Plan adopted this update for the year ended December 31, 2016, and has applied the update retrospectively to the year ended December 31, 2015.

In July 2015, the FASB issued an accounting standards update which:

- a) Removes the measurement and presentation of fully benefit-responsive investment contracts at fair value on the statement of net assets available for benefits and eliminates certain related footnote disclosures related to the fair value calculations, which were previously required under the Fair Value Measurements and Defined Contribution Pension Plans topics of the FASB Accounting Standards Codification ("ASC");
- b) eliminates:
 - i. the need to disaggregate the investments in accordance with the Fair Value Measurements topic of the FASB Accounting Standards Codification ("ASC"), and requires disaggregation based only on general type,
 - ii. the requirement to disclose individual investments that represent 5% or more of the net assets available for benefits,
 - iii. the requirement to disclose net appreciation disaggregated by general investment type;
- c) provides a practical expedient to permit plans to measure investments and investment related accounts as of a month-end date that is closest to the plans' fiscal year end, when the fiscal year period does not coincide with a month end.

The standards update is effective for fiscal years beginning after December 15, 2015. The Plan adopted Part I and Part II of this update for the year ended December 31, 2016, and has applied it retrospectively to the year ended December 31, 2015. Part III is not applicable to the Plan.

Subsequent Events

Management has evaluated subsequent events through July 20, 2017, the date on which the financial statements were available to be issued.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and as instructed by the Plan administrator, no audit procedures have been performed on investment information certified by Associated, the trustee of the Plan, except to compare such information to the information included in the accompanying financial statements and schedule. Information certified by the trustee includes investments, notes receivable from participants, and cash included in the Statements of Net Assets Available for Benefits at December 31, 2016 and 2015, investment income included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016 and investments included in the Schedule of Assets (Held at End of Year).

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for the identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

RESERVE MANAGEMENT GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

Following is a description of the valuation methodologies used for assets measured at fair value.

The valuation of investments has been provided by Associated, the trustee, and represents fair value. Mutual funds are valued at published market prices of shares held by the Plan at year end. Investments in common trust funds are valued at the net asset value (NAV) of the underlying investments held by the funds, less their liabilities. Net asset value is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value.

	2016		
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 7,663,444</u>	<u>\$ -</u>	<u>\$ -</u>

Investments measured using NAV as a practical expedient:

Common trust funds	<u>505,094</u>
Total investments at fair value	<u>\$ 8,168,538</u>

	2015		
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 6,579,851</u>	<u>\$ -</u>	<u>\$ -</u>

Investments measured using NAV as a practical expedient:

Common trust funds	<u>335,033</u>
Total investments at fair value	<u>\$ 6,914,884</u>

The Plan's investments in common trust funds may be redeemed on a daily basis, and have a daily redemption notice period. There are no unfunded commitments related to these common trust funds.

NOTE 5 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their account balances.

NOTE 6 - TAX STATUS

The Company has adopted a prototype non-standardized plan sponsored by Associated. Associated has received an opinion letter dated March 31, 2014 from the Internal Revenue Service on its prototype plan.

The Plan administrator believes that the Plan is currently being operated in compliance with the applicable provisions of the IRC and, therefore, no taxes have been provided on Plan earnings.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the Statements of Net Assets Available for Benefits.

NOTE 8 - TRANSFERS

During the year ended December 31, 2016, the status of a Plan participant was changed from union to non-union, causing this individual to cease participation under the Reserve Marine Terminals Union 401(k) Retirement Plan ("Union Plan") and become a participant of the Plan. As a result, this individual's account balance was transferred from the Union Plan to the Plan. Assets transferred to the Plan during 2016 amounted to \$27,294.
