AHLSTROM RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Ahlstrom Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide retirement benefits to eligible employees of the following participating companies: Ahlstrom Nonwovens LLC, Ahlstrom Filtration LLC, Ahlstrom North America LLC and Ahlstrom USA Inc. (collectively, the Company).

The Investment Committee and the Administrative Committee of the Company control and manage the operation and administration of the Plan. Fidelity Management Trust Company (Fidelity) serves as the trustee of the Plan.

Eligibility

Participants are eligible to make pre-tax, after-tax and Roth contributions and are eligible for matching contributions effective as soon as administratively feasible after their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute between 1% and 60% of their eligible compensation as pre-tax, Roth and after-tax contributions, and up to 100% of any bonus paid, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect otherwise. Automatically enrolled participants whose employment began prior to April 1, 2015 had their automatic deferral rate set at 3% of eligible compensation. The Plan was amended effective April 1, 2015 to increase the initial automatic deferral rate to 4% of eligible compensation. Contributions for employees who are automatically enrolled in the Plan are invested in a designated fund until changed by the participant. For participants automatically enrolled in the Plan, their deferral percentage will increase by 1% annually until they are deferring 6% unless the participant affirmatively elects otherwise. All contributions are subject to certain limitations imposed by the Plan and the Internal Revenue Code (the Code).

The Plan is maintained utilizing a safe harbor matching formula. The following table summarizes the plan provisions relating to Company safe harbor matching contributions:

Employee Contribution Percentage	Employer Matching Contribution Percentage
1.0%	1.0%
2.0	1.5
3.0	2.0
4.0	2.5
5.0	3.0
6.0	3.5

AHLSTROM RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Employee contribution percentages in excess of 6% are not eligible for employer matching contributions.

The Plan also provides for various annual Company nonelective contributions that vary by site and class of employee. For most employees, the annual contribution is 1% to 5% of earnings plus 1% to 5% of earnings in excess of the Social Security Wage Base, depending on their location.

For hourly employees at the Madisonville and Taylorville sites, and union employees at Mount Holly Springs hired after September 15, 2009, the annual contribution is a fixed dollar amount based upon the age of the participants.

For the period from January 1, 2011 through April 17, 2011, union employees of Ahlstrom Filtration LLC who are working at the Mount Holly Springs, Pennsylvania, location and who were hired before September 15, 2009 are eligible for an employer matching contribution equal to the greater of the safe harbor contribution based on the table above or the matching contribution according to the schedule shown below. Effective April 18, 2011, these employees will receive employer matching contributions only according to the schedule below.

Employee Contribution Percentage	Employer Matching Contribution Percentage
1.0%	1.0%
2.0	2.0
3.0	3.0

Employee contribution percentages in excess of 3% are not eligible for employer matching contributions.

All contributions are subject to certain limitations imposed by the Plan and the Code.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions, and allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations of Company contributions, investment income and administrative expenses are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Investment Options

Participants may direct their contributions to a variety of mutual funds, a collective trust fund and a self-directed brokerage account held at Fidelity. These funds include a variety of investment options with various objectives and degrees of financial risk. Investments in life insurance contracts were transferred from a prior plan and are not a current investment option.

AHLSTROM RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are immediately vested in their deferral and rollover contributions, including earnings on these amounts. Vesting in the remainder of their accounts is based on years of continuous service. Vesting in the Company contributions portion of their accounts is generally within two years of service, except for certain collectively bargained employees. Union employees of Ahlstrom Filtration LLC who are working at the Mount Holly Springs, Pennsylvania, location vest in employer contributions upon the completion of five years of service. Participants are also fully vested upon reaching their normal retirement date, death or total disability.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance. Loan terms range from one to five years, except for loans to purchase a primary residence, which may be offered over a term of up to fifteen years. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates, as determined by the plan administrator. The loans currently bear interest ranging from 4.25% to 9.50%. Participants may only have two loans outstanding at any given time. Generally, principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits

Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of his or her vested account. Distributions will be paid in a lump sum or in installments over a number of years, based upon election of the participant or the Plan, as defined in the Plan. If a participant terminates employment for any reason and his or her vested account balance does not exceed \$5,000, the plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant.

The Plan also provides for in-service withdrawals by participants who have attained the age of 59½. Upon financial hardship, a participant is entitled to the value of his or her deferral accounts, but not the earnings thereon, which is payable immediately in a lump-sum distribution.

Forfeitures

Forfeitures of nonvested employer contributions are used to reduce the Company's future contributions or to pay plan expenses.

Forfeited nonvested accounts totaled \$51,702 and \$12,963 at December 31, 2016 and 2015, respectively. Company matching contributions were reduced by \$54,274 from forfeited nonvested accounts for the year ended December 31, 2016.

AHLSTROM RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Other income represents income received from revenue-sharing arrangements with Fidelity.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded when paid.

Plan Expenses

Except for certain professional fees paid by the Plan, the majority of expenses related to maintaining the Plan are paid directly by the Company. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Risks and Uncertainties

The Plan provides for various investment options in money market and mutual funds and common and collective trusts. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

Subsequent Events

Subsequent events were evaluated through July 13, 2017, the date the financial statements were available to be issued.

NOTE 3 - CERTIFICATION BY THE INVESTMENT TRUSTEE

Information presented in the accompanying statements and schedule as of December 31, 2016 and 2015, and for the year ended December 31, 2016 for investments, notes receivable from participants, investment income, and interest income on notes receivable from participants was derived, without audit, from information certified to be complete and accurate by Fidelity, the trustee, as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability at the measurement date.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within the hierarchy.

NOTES TO FINANCIAL STATEMENTS

The following is a description of the valuation methodology used for assets measured at fair value:

Money Market and Mutual Funds

Money market and mutual funds are valued at the quoted price of shares held by the Plan at year end.

Self-Directed Brokerage Accounts

Self-directed brokerage accounts include money market funds and mutual funds which are valued at the quoted price of shares held by the Plan at year end.

Cash Surrender Value of Life Insurance

The cash surrender value of life insurance is based upon the surrender or conversion value of the policies as reported by the insurance company. Management has determined that these cash surrender or conversion values represent the best available evidence of fair value for investments in life insurance policies.

Because of the limited activity in these policies, the determination that surrender or conversion value approximates fair value for the investments in the insurance policies is only reviewed annually for financial reporting purposes. In reviewing the reasonableness of this determination, the Investment and the Administrative Committees review the policies with Massachusetts Mutual Life Insurance Company for changes in the contract, current crediting rates for the account, current economic conditions, credit rating of insurance company and similar factors that could impact their conclusion.

Common and Collective Trusts

The common and collective trust is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of the units held of the collective trust. The net asset value is used as a practical expedient to estimate fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	2016				Investments Measured at Net Asset Value (a)	Total

The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

There were no transfers between levels of investments during the years ended December 31, 2016 and 2015.

Investments in common and collective trusts provide for daily liquidity and have no redemption features or other restrictions.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2016:

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by affiliates of Fidelity. Fidelity is a trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Other parties-in-interest include recordkeepers and professional service firms who provide services to the Plan. Certain employees of the Company who participate in the Plan perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants are also party-in-interest transactions.

NOTE 6 - INCOME TAX STATUS

The Plan received a favorable determination letter on September 5, 2011 from the Internal Revenue Service (IRS) that it was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. During January 2017, the Company was notified by the IRS that Form 5500 for the year ended December 31, 2015 was selected for audit. The examination concluded in March 2017 with no findings or necessary adjustments.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500
