INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Tozour Energy Systems 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Tozour Energy Systems 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Ascensus, the recordkeeper of the Plan as agent for Ascensus Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the recordkeeper of the Plan as agent for the trustee, as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the recordkeeper of the Plan as agent for the trustee is complete and accurate.

***Disclaimer of Opinion***

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, schedule of assets (held at end of year) as of December 31, 2016 is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the recordkeeper of the Plan as agent for the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

TOZOUR ENERGY SYSTEMS 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Tozour Energy Systems 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Tozour Energy Systems, Inc. (the "Company") for the benefit of the Company's employees, except for certain commissioned sales engineers and employees covered by certain collective bargaining agreements. In order to be eligible, participants must have two months of service and be age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective November 15, 2015, the Plan was restated to bring the Plan into compliance with the Pension Protection Act of 2006 and other legislative and regulatory changes.

Contributions - Participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated fund until changed by the participant.

The Company may make discretionary matching and/or profit sharing contributions. Participants must be employed on the last day of the year and have completed at least 1,000 hours of service during the year to be eligible for employer contributions. The hours of service and last day of the year requirements are waived for contributing participants for the following conditions: death, termination of employment due to disability or due to reaching normal retirement age. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a common/collective trust fund investment contract as options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participant's contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
1	0

TOZOUR ENERGY SYSTEMS 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Notes receivable from participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest between 5.5% and 6.5%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - On termination of service due to death, disability or retirement, a participant or beneficiary(ies) may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of his or her vested interest in his or her account as a lump sum distribution.

Forfeited accounts - As of December 31, 2016 and 2015, forfeited nonvested accounts totaled \$31,430 and \$13,644, respectively. These accounts will be applied first to pay Plan expenses. Any remaining amounts may be used to reduce future employer contributions. For the year ended December 31, 2016, no forfeitures were used to reduce employer contributions.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participants' notes receivable are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits - Benefits to participants are recorded upon distribution.

NOTES TO FINANCIAL STATEMENTS

(2) **Summary of significant accounting policies (continued)**

Unit values - Individual participant accounts for the common/collective trust fund are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the fund, but do have an interest therein represented by units valued daily. The fund earns dividends and interest which are automatically reinvested in additional units. Generally, contributions to, and withdrawals from, the fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Administrative expenses - Expenses of the Plan are paid from Plan assets, except for certain expenses of the Plan that are paid by the Company and, therefore, are not included in the statement of changes in net assets available for benefits.

(3) **Information prepared and certified by the recordkeeper as agent for the trustee**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, the recordkeeper of the Plan as agent for Ascensus Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and the supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the supplemental schedule.

(4) **Fair value measurements**

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") Topic 820, "*Fair Value Measurements and Disclosures*," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

TOZOUR ENERGY SYSTEMS 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the recordkeeper of the Plan as agent for the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities' liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,516,792	\$ -	\$ -	10,516,792
Common/collective trust fund measured at net asset value (a)				580,375
Total investments				\$ 11,097,167

TOZOUR ENERGY SYSTEMS 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,079,702	\$ -	\$ -	9,079,702
Common/collective trust fund measured at net asset value (a)				385,075
Total investments				\$ 9,464,777

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. The common/collective trust fund listed above is redeemed on a daily basis and does not have any redemption restrictions. Additionally there are no unfunded commitments. See Note 5 for a description of the common/collective trust fund.

(5) Common/collective trust fund

The Plan invests in a stable value common/collective trust fund, which, in turn, has investments in fully benefit-responsive investment contracts.

Federated Capital Preservation Fund ("Federated"), a stable value common/collective trust fund, holds guaranteed investment contracts ("traditional GICs"), separate account guaranteed investment contracts ("separate account GICs") and synthetic guaranteed investment contracts ("synthetic GICs"). Traditional GICs represent deposits which guarantee a stated interest rate for the term of the contracts. The fair value of traditional GICs is determined based on the present value of the contract's expected cash flows, discounted by current market interest rates for like-duration and like-quality investments. Separate account GICs are portfolios of securities (fixed-income securities or shares of open-end mutual funds) held in a separate account owned and managed by or on behalf of the insurance company issuing the GIC for the exclusive benefit of investors in the separate account. Synthetic GICs are portfolios of securities owned by the fund. Each of the separate account GICs and synthetic GICs has a wrap contract that provides a minimum guaranteed rate of return for the term of the contracts.

The fair value of a separate account GIC and a synthetic GIC are determined based on the fair value of the securities underlying each GIC. The underlying securities can be comprised of, primarily, over-the-counter market securities, and open-end mutual funds. Over-the-counter securities, such as fixed-income instruments, with remaining maturities greater than 90 days are fair valued using price evaluations provided by a pricing service. In addition, the fair value of the wrap contract is calculated using the contract value of the GIC as of the statement of net assets available for benefits date, giving consideration to any contractually agreed-upon replacement fees charged by the wrap contract provider.

(6) Related-party transactions and party-in-interest transactions

Fees paid by the Plan to Ascensus for administrative services for the year ended December 31, 2016, were \$1,200. Fees paid by the Plan for certain investment management services are included in net appreciation in fair value of investments.

TOZOUR ENERGY SYSTEMS 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(8) Tax status

The Internal Revenue Service ("IRS") has determined that the prototype 401(k) profit-sharing plan is designed in accordance with applicable sections of the IRC and informed by letter dated March 31, 2008, that the Plan and the related trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks and uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Subsequent events

The Plan has evaluated subsequent events through June 27, 2017, the date the financial statements were available to be issued.
