1. DESCRIPTION OF PLAN:

The following description of the BioRx 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering all employees of BioRx, LLC (the "Company" or "Sponsor"). The Plan was established on January 1, 2008. The Plan was subject to the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), and the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan transfer and merger

Effective December 30, 2016, the assets of the Plan were transferred into the Diplomat Specialty Pharmacy, Inc. 401(k) Profit Sharing Plan & Trust (the "Diplomat Plan"), sponsored by Diplomat Pharmacy, Inc. The Company became a participating sponsor of the Diplomat Plan. Participants hired prior to December 31, 2016 became 100% vested in transferred contributions to the Diplomat Plan. The Plan ceased to exist on December 30, 2016 as a result of the asset transfer and merger into the Diplomat Plan.

Eligibility requirement

An employee was eligible to participate in the Plan on the first day of the first month coinciding with or following their employment and attainment of age 21.

Contributions

Participants could elect to contribute to the Plan up to 90% pretax annual compensation, as defined in the Plan. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants directed the investment of their contributions into various investment options offered by the Plan.

Employer matching contributions were made in accordance with safe harbor provisions. The safe harbor matching contribution made by the Sponsor was calculated as 100% of the first 3% of the participant's eligible compensation contributed to the Plan and 50% of the next 2% of the participant's eligible compensation contributed to the Plan. All safe harbor matching contributions were 100% vested at the date of the contribution. Contributions were subject to certain IRS limitations.

Participant accounts

Each participant's account was credited with the participant's contributions, safe harbor matching contribution and an allocation of plan earnings. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Notes receivable from participants

Participants could borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms ranged up to 5 years or over 10 years for the purchase of a primary residence. The loans were collateralized by the vested balance in the participant's account and bore interest at a rate commensurate with local prevailing rates as determined by the Sponsor. Rates between 4.25% and 4.50% were used on all loans outstanding during 2016 and 2015. Principal and interest were paid ratably through biweekly payroll deductions.

Payment of benefits

Upon death, disability, retirement, or any other type of termination a participant could elect to receive a lump-sum amount equal to the value of his or her account. In-service distributions were permitted for participants who were age 59 ½ or older. Participant account balances less than \$5,000 could be distributed without consent upon termination of service. Participants could withdraw, at any time, upon substantial financial hardship as defined in the plan documents, any portion of the balance in their account, which was attributable to their voluntary tax-deferred contributions and earnings. Participants were prohibited from making contributions to the Plan for six months following receipt of a hardship withdrawal. All distributions were subject to the applicable provisions of the plan agreement.

Vesting and forfeited accounts

Participants were vested immediately in their contributions plus actual earnings thereon. Participants were also immediately fully vested in safe harbor matching contributions made by the Sponsor.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The financial statements of the Plan have been prepared on an accrual basis of accounting.

Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses was been recorded during 2016 or 2015. If a participant ceased to make loan repayments and the plan administrator deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment was recorded.

Investment valuation and income recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All Plan assets were transferred to the Diplomat Plan before close of business on December 30, 2016. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits paid to participants were recorded when amounts are distributed.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Accounting changes

The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date – Practical Expedient." ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with earlier adoption permitted. The Plan elected to early adopt ASU 2015-12 in 2015. This change had no impact on net assets available for benefits.

Subsequent events

The Company evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The Plan has evaluated subsequent events through the report date, the date that the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual and Money Market Funds: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	<u>Investments at Fair Value as of December 31, 2015</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 9,053,566	-	-	9,053,566
Money market fund	<u>39,077</u>	<u>-</u>	<u>-</u>	<u>39,077</u>
Total investments at fair value	<u>\$ 9,092,643</u>	<u>-</u>	<u>-</u>	<u>9,092,643</u>

4. INFORMATION CERTIFIED BY TRUSTEE:

The Plan management has elected the method of compliance permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 30, 2016 and December 31, 2015; the related investment activity reflected in the statement of changes in net assets available for benefits for the period January 1, 2016 to December 30, 2016.

5. PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments were shares of mutual and money market funds issued or managed by Fidelity Investments. Fidelity Investments is an affiliate of Fidelity Management Trust Company, the trustee to the Plan. Therefore, these transactions qualified as party-in-interest transactions. Fees incurred by the Plan for the investment management services were included in net appreciation in fair value of investments.

7. TAX STATUS:

The IRS had determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan had been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan was designed, and was operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan was qualified, and the related trust was tax-exempt.
